DOL-HARDY ACT.

Threatened the Lives of

From grape wine, has, by its extreme age and constant care while in uniform Excursion Party. ton Stove works employes age and constant care while in uniform temperature and pure, sweet athorsphere of storage houses for fourteen years, be-come a rival of the Hennessy and other brands of Cognac Brandy, and much low-er in price, and preferred by the physi-clans of Philadelphia, New York and other cites. Buy it of druggists. in an excursion to Lake day and on the return trip an uncoupled the cars while as passing through Wim-ast rate of speed. The achave caused a catastrophe

The sensational collapse of speculators at Chicago who controlled Diamond spirit of the Monroe doctrine? It is not our province to question what might be termed the tolerant spirit of our neutral-Match and New York Biscuit stocks and had hoisted them to fancy figures, with the consequent closing of the Chicago ity laws; but it is evident that the wis-dom of our laws should be conducive to the best interests of America. The line of Stock Exchange for a period yet in-definite, though followed by remarkdemarkation should be drawn between republican principles of freedom, and the imperial and despotie notions of freedom ably few failures, brings a sudden change in monetary conditions through-

out the country. At least a month earlier than had been expected Chicago has drawn heavily upon its bank balances here, and withdrawals of other western funds may naturally result. Europe was also moved to sell American stocks rather freely, so that the average of sixty of the most active railroad stocks fell about 2.18 per share and the average of trust stocks about 1.18.

It is important that the increase of with the force which the thoughts of free merchandise of exports, \$18,000 or 12 per dom imparts; and it is neutral, though prohibited by neutral laws, that the symcent, over last year for the week, and cent. over last year for the week, and the decrease of imports \$700,000, or 7.7 per cent., still continues to limit the sum payable abroad. Labor is more disturbed than usual.

Labor is more disturbed than usual. The great strike at Cleveland has bro-ken out again and involves several branches of labor. The irron furnace men of the Chenango Valley resist a re-duction to their wages of May, 1885, though Mahoning valley workers do not; the irron workers throughout the coun-try are striving to cut down cost in order to keep in operation; the irron mines of the Gogebic range are stop-plng; the suspension of cotton mills

hind the supersion of cotton mills ingly, in 1825, the present "Lone Star has become more general and over four million spindles are said to be idle at Fall River alone, and probably three eighths or more of the entire, producing state" raised the standard of independ-ence. Residents of the United States then went to her assistance, and helped to win her battles. The same form of atrocity was then dealt to the Texans which marks the course of Stanish while in eighths or more of the entire, producing capacity in the country, the rubber works have mostly stopped, and not-withstanding the light weight opening, a number of woolen_mills. Evidently the working force and wages have been reduced.

been reduced. Fallures in July, classified by branch-es of business, say larger liabilities in which was acknowledged by the United of business, say larger inabilities in the lumber than in any other manufactorial in the United states against 225 last year and 32 in Canada against 225 last year.
Harry Millar's Appointment.
Harry D. Millar, of New York, has been appointed a cadet on the American

been appointed a cadet on the American line of steamships and will make his first voyage to Europe next Wednesday, leaving New York that day on the St. Louis. He is eighteen years old and a bright and courageous boy. His ambition is to become a chief engineer.

If the Baby Is Cutting Teeth.

show how fierce have been the struggles for imperial supremacy or the freedom of the people as the case might have been. And as the historian carires his thoughts back to that age which marked the sum-mit of Pagan glory, and down through the Mediacval ages, and in the period of time, when Spain herself struggled man-fully for her political existence, when her lbarian tribes and Phoenician colonies were subdued by the Carthaginians, who themselves, in their turn were overoow-ered by the Romans, he perceives through-out the historic field that the struggle for freedom prevailed then as it does now. And so it shall continue in Coba until the If the Baby is Cutting Teeth. Mrs. Winslow': Soothing Syrup has been used for over Fifty Years by Mil-"...ns of Mother: for their Children while Teething, with Perfect Success. It Boothes the Child, Softens the Gums, ".linys all Pain: Cures Wind Collo and is the best remody for Diarrhoes. Sold by Druggists in every part of the world. Be sure and ask for "Mrs. Winslow's Boothing Syrup," and take no other kind. Twenty-five cents a bottle.

And so it shall continue in Cuba until the despotie sway of Spain in the Caribbear sea shall drop into history as an event of 1876 Climax Brandy.

the past. At the present time the geographical importance of Cuba and its proximity to the United States may not have received that degree of consideration which they merit. Sicily in the Mediterranean stands prominent in the annuls of ancient his-tory. Cuba washed by the waters of the Caribbean and the adjacent islands in the Atlantic, shall yet act a prominent part in the history of the American continent.

The matories of the Greek colonies, the supremacy of Atlens; the conquest of Macedonia and Greece by the Romana, and the history of Rome Itself, Carthage and all the nations of Western Europe, show how here have been the struggles

peculiar to the monarchical governments of Europe-antiquated notions which are not in accord with the advancement of

the age. The declaration of American in dependence is the grandest and most lib

eral_instrument of human freedom ex-tant. It is the standard by which we should be guided when we speak of ar-

cording freedom to other struggling peo

The sons of Cuba are today inspired
