He added that when leaving the "home" he was given sufficient money to reach only a place where his brother then resided, but since he had learned that his brother had moved to some point distant. SUFFERING NEEDLESS.

INTELLIGENT WOMEN NOW REALIZE THIS FACT.

Aliments that Require Neither Surgical Operations Nor Consultations With Male Physicians--Useless Cruelty.

There are two classes of women, those who always wait the doctor and those who help themselves. Any intelligent woman knows that in nine cases out of ten, the ailments of women require neither surgical operations nor consultations with a male physician.

Thousands of women who have suffered tortures from "female weakness," are to-day well and strong, all owing to Lydia E. Pinkham's Vegetable Compound.

Among the writer's small circle of acquaintances, she knows of no less than twenty-five cases cured within a few weeks, and this after the doctors had stated that the only chance left was a surgical operation.

Following we give a statement from a lady who went through three such operations. What was the good? We call it cruelty.

"For nearly eight years I suffered with headaches, spinal weakness, painful menstruations, faintness, dizziness, weakness of the stomach, nervousness and sharp pains darting through my whole system. I was doctoring all the time, and had three operations. I was completely discouraged, and with little faith I began to take Lydia E. Pinkham's Vegetable Compound. I have taken five bottles, and now find myself well. I feel it my duty to tell these facts, for I owe my life to the Vegetable Compound, and if I had only had faith before, I would have avoided those fearful and useless operations; let every woman take warning from me."--Mrs. F. H. MEADSKER, Leslie, Mich.
