ToDay's Eastern League Games. Rochester at Scranton, Syracuse at Wilkes-Barra, Boffalo at Providen Toronto at Springfield.

TEN INNINGS AGAIN.

It Was the Same Old Story-Bisons Won Because Their Hitting Was More Timely.

Once again it required ten innings for Euffalo to win but unlike Tuesday's game that of yesterday was brimful of dash and ginger and was uncertain as to its outcome from time play was called to the finish and Scranton played it without an error. A triple and single brought in the final and winning run for the Bisons in the first of th tenth, while in the last half Griffin nea went down one-two-three.

The summary of hits and error hardly throws light on the result, a no one of the Buffalo's four errors ha anything to do with Scranton's rur getting. The four unearned Scrante runs were due to bases on bails. Had there been a little more hittin

of the kind that fell to Massey's por tion the game would never have bee in doubt. Bill made five hits for sever bases out of five times at bat, and three of his plunkers brought in five of Scranton's runs. Eagan and Maguire drew two hits each, and O'Brien by his three bases on balls and a sacrifice was conspicuous in three of the four innings in which runs were scored.

EARNED THE BOUQUETS. Ritchey, notwithstanding his two er-

rots which cost nothing, and Eagan were entitled to bouquets for fielding The former made several marvelous stops and assists while Peter made himself solid by making several difficult catches. Guffney umpired another game as faultlessly as could have been possible. Captain "Scissors" took ex ception to two of Gaffney's decisions but when the Bison leader makes by two kicks a game, the thing is goin on very swimmingly. Considering that Lovett was ill with

mularia and confined to his bed Monday, he pitched a fairly good game though the three triples and as man doubles and a home run were a little more than the law allows. His work could be compared with Gray's only In that the Scranton twirler struck out | "Luckey batted in place of Coakley in two more and gave two less walks to that than did the Bison.

Scranton held the lead with Enffalo the eighth when the visitors scored four and got two on velvet. Scranton tied it in the ninth, but in the tenth the Bison pitcher was more effective and that accounts for why his mates made an earned run and Scranton got none

SCHANTON'S ADVANTAGE.

Buffalo failed to do more than get one hit, Gremminger's double, in the first Toronto two innings, while Scranton scored one in the first on Keister's hit and steal and a passed ball, O'Brien's waik and steal and Massey's single. Score, 0-2, A base on balls, steal and a two-baser A base on pails, steal and the first of the Smink, gave the visitors one in the first of the Smink, which the smink of the third. In the last half Criffin's men scored three on bases on balls to Meaney and Keister, O'Brien's sacrifice, Eagan's triple and Massey's single. Score, 1-5. In the fourth Buffalo earned three on Ritchey's bunt, Gremminger's and I moire-Horning, Time-2.10. Lewee's triples and Urquhart's triple

Scranton earned one and got a lead of two in the fifth on Massey's single and Maguire's three-baser. Score, 4-6. took the lead in the Eastern league once Buffalo in the eighth made four tal-more. The Grays batted McFarland out lies, three of which were earned, and of the box in the third inning in the first obtained a lead of two. It was done on a base on balls, Goodenough's single, Eitchey's home hit to the far left corner, Gremminger's single, Lewee's double and a fly to Eagan. Score, 8-6.

The score was tied by Scranton in were in the lead at the time. They could Eitchey's home hit to the far left corthe ninth on O'Brien's walk, Eagan's single and Massey's three-baser. Score

THE WINNING RUN.

Goodenough fouled out to Massey h the tenth. Ritchey, who followed, hit to right-center for three sacks, and, after Gremminger had been assisted out cher. at first, scored on Lewee's single. It was the winning run. Scranton could not get a runner on the circuit, Bowerman being retired at first and Lovett Herndon and Boyd. Umpire-Doescher. and Meaney flying out to the outfield.

THEY SPLIT EVEN.

The Kicking Canucks Made Life Weary for Umpire Hornung.

this afternoon to witness the first game between Wilkes-Barre and Teronte teams. It was a very spirited contest. The continual kicking of the Canadians made life almost unhearable for Umpire Hornung. He was finally forced to fine Truby \$10, and remove him from the grounds for abusive language from the bench. Both pitchers were effective and the fielding was sharp. Wilkes-Barre won the game by opportune bat-

The second game was well played up o the fifth inning when it resolved itself into a farce. Coakley who occupied the box for Wilkes-Barre, became nettled at the poor support given him and sent the balls over the plate easy. The resuit was that he was batted all over the lot and Toronto won with ease. Before the Canadians secured their lead they again acted in a disorderly manner and Umpire Hornung was obliged to impose a line of \$25 on Truby who found his way back to the grounds, A policeman escorted the obstreperous player from the grounds the second time. THE EFFECT OF COCKRAN'S SPEECH

Men on the Street Arc Hopeful of the Renewal of Confidence -- Gold Importations Now Likely -- Bankers Rejoice That the People Sce the Fallacy of Free Silver.

New York, Aug. 19.-The immediate ffect of W. Bourke Cockran's speech, while not particularly noticeable in the tradings in the Stock Exchange today. was apparent in the hopeful expressions of bankers and brokers, who did not hesitate to say that the Bryan tactics and the movement of the Propocratic party had been met and turned in a masterly manner by the distinguished orator. But the most pronounced effect was to be seen in the sharp decline in the price of the very metal which Bryan and his followers worship so as

siduously. Silver was lower today than it has een for years, and the indications are that the white metal will continue to decline in price. The decline today was marked in both the Commercial bar silver and the Mexican silver dollars. The former fell from 65% at the opening of the market to 65 before noon, and Mexlean silver dollars declined from 53 to 51 cents.

The primary reason for this declin is said to be the general conviction that the silver cause cannot win. The decreased demand in London for Indian exchange as well as the falling off here of the demand for China exchange have depressingly affected the local market This decline has started talk of gold importation as the sterling exchange has also declined to a point which would make the purchase of gold an apparently good speculation. Experts calculatthat a shipment of £100,000 in gold bars bought now would produce here \$486. 100, which, with the expenses of freight and insurance would give a specie point of 4.85. The specie import point today was 4.83% and 4.84 for bar gold in London. This condition also operates to

special inquiry in London on the matter of future delivery of silver in bars These inquiries have resulted in the information that in the last three weeks contracts registered for the future delivery of silver have amounted to only about 60 per cent, of what they were at the corresponding time last year.

ONE CAUSE OF DECLINE.

Bullion Broker Zimmerman of the irm of Zimmerman & Forshay, attrioutes the decline of silver to the dullness of trade with the silver countries such as China, and to speculation.

"While Mexican silver dollars are quoted at 51%," said Mr. Zimmerman. "they cannot be purchased for that at the Mexican mint. The decline, therefore, may be said to be speculative rather than actual. The price may advance at any time or decline still lower It would be unsafe to predict either way."

green and 10 brown certificates. One of the latest victims of the siler craze is the Argentine National bank of Argentine, Kansas, a suburb of Kansas City. The correspondent o the Argentine bank in this city is the Hanover National bank. When informed of the bank's failure Cashier Halls, of the Hanover National bank,

said: and does not owe us a penny. The col-lapse of a building boom in Kansas City has caused many banks to go un der, and people becoming alarmed by the silver craze probably began to draw their money out of the Argentine

At 10 o'clock it was reported on the street that a leading banking house had arranged to import \$2,000,000 in

Considerable credit for this toning of the market has been given to the effect of W. Bourke Cockran's speech in the Madison Square Garden last night. That address was regarded as an authoritative declaration of the attitude of a big majorty of the American people on the financial question, and the impression prevails that when it has een read abroad the effect on foreign exchange will be of great benefit, so far as this country is concerned.

Mr. Cockran's speech has cheered the emper of Wall street operators, and the opinion is generally entertained among them that the cause of honest noney is certain of success. The ques tion now confronting the purely speculative element is whether the current range of prices reflects accurately the

DIAMOND DUST.

Johnson and Berger will be today's batery.
A comparison of figures in the three games with Buffalo and Toronto shows that although Scranton lost four of the six the visiting clubs were outbatted and outfielded. The summary is as follows:

With Scranton's 7 less runs, 2 more hits, less errors and 2 more earned runs than had Toronto and Buffalo, Manager Grif-fin will be pardoned for saying something about "hard luck." In none of the four about "hard firek. In none of the four victories by the visitors was the game won without a hard fight. Scranton won a 14-maing game from Toronto and logt two 10-inning games to the Bisons. There is nothing to be ashamed of, but there is everything to commend in the present work of the club.

Although Umpire Gaffney never mad-any "bad breaks" in Scranton until his two costly decisions on Monday, the two costly decisions on Monday, the bleacherites have not quite forgiven him for those two offenses. Some of them jerted him yesterday when he was umpiring better ball than ever before. The "home club" does not have to win in order to give an umpire opportunity to do his best work; it is when he is fair and impartial under all circumstances that he should be commended. But the bleacherites All not see it that way.
