### CITY NOTES.

Today the Seven County Veterans' reunion is held at Mountain Park.

The choir of the Trinity Lutheran church are requested to meet this evening for rehearsal.

A horse owned by Jerry Cotter, the cabman, dropped dead on Capone avenue early yesterday morning.

Contractors King & Cleary have completed their contract of paving Sweetland street with stone blocks. A small portion of the roadway yet remains to be paved by E. Robinson's Sons.

Charles Sietzki, of Fell township, brought suit yesterday against the Interstate Mutual Fire Insurance company to recover \$200 which he claims are owed him on one of the company's policies.

J. S. King yesterday began an action against the Firemen's Insurance company of Chicago to collect \$50, with interest from Feb. 18, 1895, which is alleged by King, is due him on a policy he carried with the company.

The supply committee of the board of control met yesterday afternoon and awarded the contracts for supplies for the following year. The committee refused to make its action public until the meeting of the board on Wednesday night.

The will of John Hoffman, late of the city of Scranton, was admitted to probate yesterday by Register of Wills Hopkins, and letters testamentary granted to Maria Hoffman, widow. The will of H. H. Yeager, late of Moscow, was also admitted to probate.

John S. Bortree brought suit yesterday to recover \$1,000 from A. L. Rice on a promissory note. The note was given by one Albert Butterman to Mr. Rice, who in turn gave it to Mr. Bortree. The note has not been paid and Mr. Bortree seeks to compel Mr. Rice to make it good.

Michael Burak, charged with assault and battery, entered bail before Judge Archibald yesterday in the sum of \$200. Michael Henny became his bondsman.

August Anderson, charged with selling liquor without a license, entered bail in the sum of \$200. Fred J. Widmayer became security for him.

The Traction company will run a car from Pockville tomorrow morning to connect with the Syracuse and Pleasant Beach excursion of the Delaware, Lackawanna and Western Mutual Aid association and the Railroad Department Young Men's Christian association. The car will meet the train on the return at night also.

### LET IT BE CITY HALL.

Municipal Building Is Too Much of a Mouthful and Besides Is Provincial.

A movement is afoot to change the sign on the city hall from "Municipal Building" to "City Hall." Mr. Lansing agreed in the absence of an appropriation for such purposes, to cast the needed letters if Mr. Schroeder would put them in place. Mr. Schroeder agreed and of course approves of the change. It will be "City Hall" hereafter.

There are a number of reasons why city hall is regarded as municipal building. The principal one is that any old borough or township can have a municipal building, but only a city can have a city hall. Then again it is easier to say city hall and sounds more metropolitan.

### A Hunting Firm.

Meyer Davidson, the well-known Lackawanna avenue shoeman, has purchased over one thousand pairs of ladies' fine shoes from a well-known manufacturer for spot cash. This opportunity enables Mr. Davidson to offer the greatest bargains ever heard of in Scranton before. This is another victory for this enterprising firm. Last week they sold men's russet shoes for 50 cents, something never done before. The 50-cent ladies' shoes they are selling are sold elsewhere for \$1.25. It will pay you to read his advertisement on page 8.

### PYTHIANS COMING HERE.

Will Hold the Next Sessions of the Grand Lodge in This City—Dr. Dannel Grand Chancellor.

At yesterday's session of the grand lodge, Knights of Pythias, in Gettysburg it was decided to hold the 1897 meeting in this city. The meeting will take place in August. This means as much to Scranton as did the recent convocation of the Knights Templar, and perhaps more, for in this city and vicinity the Pythian lodges are numerous and the members will be in the city in large numbers individually and as lodges during certain days of the session.

The selection of Scranton for the meeting was in the main due to the efforts of the now Grand Chancellor Dr. H. N. Dannel, of this city, and the fourteen Scranton delegates. Dr. Dannel graduated at the present Gettysburg meeting from grand vice-chancellor to his present office, the most active active Pythian office in the state, though the grand chancellor is in a passive sense out-ranked by the immediate past grand chancellor. In 1884 the meeting was at York and in 1895 at Lancaster.

There are over 500 lodges in the state to send one delegate each to the meeting. Its installation session will be semi-public. Considering the order's thirteen lodges in this county, as many in Luzerne and at least as many more in neighboring counties, it is estimated that from 2,500 to 4,000 men will be in line in the parade, always a much anticipated feature of the Grand lodge doings. There are in this region many Uniformed Rank, Knights of Pythias, which will participate in the parade. The Uniformed Rank divisions are each composed of members of various Pythian lodges. The Grand lodge meeting will last three or four days.

Dr. Dannel's term of office as grand chancellor will terminate during the 1897 meeting, and he will then become past grand chancellor, a non-active but ranking office for one year.

### TWIN SHAFT COMMISSION.

Presented a Partial Report to the Governor—Not Given Out for Publication—To Made Suggestions.

A dispatch received at the Tribune office last night stated that Mine Inspectors William Stein, of Shenandoah; Edward Roderick, of this city, and Edward Brennan, of Shamokin, who were appointed to inquire into the cause of the Twin shaft disaster, had a conference with Governor Hastings, Attorney General McCormick and Secretary of the Commonwealth Reeder at the executive chamber at Harrisburg yesterday afternoon as to the result of the investigation.

It was expected that they would be required to submit a written report, embracing their opinions as to how the catastrophe occurred, but as they did not receive a map of the mine until Aug. 15 they could do no more than prepare individual reports, the contents of which were briefly given to the press by Stein, Roderick and Brennan. These statements will be embodied in a consolidated report which will probably be submitted to the governor in three or four weeks. The commission is understood to have reached a conclusion as to the causes which led to the disaster, but the nature will not be known to the public until the governor obtains the report.

The commission was not only instructed by the governor to make the report complete, but to embody its suggestions to be incorporated in a bill for the consideration of the next legislature to prevent the re-occurrence of such terrible accidents if such a thing be possible.

Mining at the Twin shaft was suspended yesterday and all the miners were ordered out. No reasons are given but it is believed that it is unsafe to remove coal from the shaft in its present condition.

### TWIN SHAFT FUND.

Yesterday's contribution to the Board of Trade's Twin Shaft fund was:

Previously acknowledged.....	\$15,701.62
Through Williams & Manulty.....	10.00
Total.....	\$15,711.62

### COLONEL WATKINS IS COMING.

Will Address Meetings of American Volunteers Here Sunday.

The Volunteers of America are working hard to make their mass meeting here on Sunday next a success. Colonel Pattie Watkins, of New York, who has become one of the best known women in America through her connection with the Volunteers, will be present and conduct the meetings. The New York Sun of Wednesday last devoted nearly a column of its space in describing this wonderful young woman and her work in New York city.

A tent large enough to seat a thousand and persons is now being erected on Linden street, opposite the court house, so that all who desire to hear this gifted woman can be accommodated. The Volunteers have been the means of doing much good in the short time they have been in Scranton, and it is hoped that a large number of our influential citizens will show their appreciation of their efforts for good, not only by their presence at these meetings, but by a more substantial recognition when there.

Funds are greatly needed that the scope of this work may be enlarged, and we believe that the people of Scranton will see that the means to carry it on are provided.

### DIED.

HOLLAND—In Scranton, Pa., Aug. 20, 1896, Mrs. Catherine Holland, aged 91 years, at the home of her son, Michael Holland, on North Main avenue. Funeral will take place Saturday morning at 9 o'clock. A solemn high mass of requiem will be celebrated in St. Patrick's church, West Side.

WARNER—In Scranton, Pa., Aug. 20, 1896, Philip, youngest son of Mr. and Mrs. John Warner, at the family residence, 305 Stafford avenue, after an illness of four weeks. Funeral announcement later.

### THE APPOINTMENTS WERE ALL APPROVED

Thomas Marshall's Name Lost Somewhere in the Shuffle.

### ANOTHER ASPHALT COMPANY BIDS

Three of Them in the Fight for the Contract for Paving Mahon's Court. New Assessment Idea Given a Black Eye—Time for Payment of Taxes Extended—Two Very Busy Council Meetings.

All the appointments which it was predicted Mayor Bailey would send in were received by select council last night, with the exception of that of Thomas Marshall to succeed to the position of city hall, and all received immediate consideration and confirmation.

Marshall's appointment got lost by the wayside, how, when or where, no one seemed to know, or at least no one cared to say that he knew. That some one did know the ways and wherefores of the omission was evident from the fact that no surprise or comment was occasioned thereby. Knowing ones, there were among the outsiders, who offered the conjecture that the eleven Republicans would not agree to John Marshall's removal and in the absence of some more likely explanation the speculation went on.

First of all in the matter of appointments George S. Horn's name which was sent in at a previous meeting for the position of member of the board of health to succeed Colonel E. H. Ripple, was favorably reported from committee on the motion of Mr. Chittenden approved. Then the new nominations were read in order and confirmed forthwith, the rule about referring to committee being suspended in each case by a two-thirds vote. The appointments are as follows: Thomas P. Cullen, food and milk inspector; James Hart, patrolman; E. S. Stark, inspector of pavement on Ninth, Robinson and Jackson streets; Peter Ross, inspector of pavement on Sweetland street; Jacob Bryant, inspector of pavement on Monroe avenue; Adam Steinhauser, permanent man for laying the Luzerne parkway; Jacob Freas, permanent man, Relief Engine company.

### STILL ANOTHER COMPETITOR.

Another asphalt company has come to bid for paving contracts. It is called the Metropolitan Paving company of New York, but who the Metropolitan Paving company is or whether or not it is associated with any of the other companies now doing business here is more than any one about city hall would venture to say. However, as their bid is even higher than the Barber's their advent into the paving contract arena here carries with it little significance unless there is something behind their bid that is not as yet apparent to the uninitiated.

The Metropolitan company made its bow with a bid on the Mahon court job, a comparatively small contract. Their price was \$2.57 per square yard. The Barber Asphalt company's bid was \$2.35 per square yard. Dunn Brothers also stuck to their old figure \$2.25 per square yard. The proposals were referred to the paving committee, with instructions to award the contract to the lowest responsible bidder.

The proposition to advise the board of revision and appeals to make a new assessment for 1897 was defeated, through the opposition of central city councilmen. Mr. Chittenden who was foremost in opposing the measure, argued that while it is true the city is hard up, it is not nearly as hard up as its citizens. Mr. Williams had the adherents of the resolution. He contended that there should at all events be an equalization of taxes; that the central city wasn't paying its just proportion.

The vote was as follows:

Ayer-Ross, Finn, Kearney, Thomas, Williams, Clarke, Manley, Fellows, Coyne—	5
Nays—Durr, Chittenden, Wagner, Robinson, Schroeder, Lansing, Burns, Frable, Sanderson, McAndrew—	10

### TO ENGRAVE CORNER STONE.

Mr. Burns introduced a resolution authorizing Conrad Schroeder, builder of the city hall, to engrave on the corner stone the names of the mayor, Colonel Ezra H. Ripple; the chairman of the building committee, C. F. Mares and Captain James Moir; the architect, E. L. Walter and the builder, Conrad Schroeder.

A communication was received from City Controller Robinson advising that the time for the collection of taxes be extended thirty or sixty days in order to encourage property holders to pay their taxes; it being his belief that many who are not in a position to settle now, will be able to do so in a couple of months and if an extension is given them they will make an effort to avoid the penalty. In his letter the controller says the consolidated loan second series \$750,000, amounting with interest to \$1,075,000 fall due on December 1, next. There are \$30,000 yet needed to make the sinking fund able to meet this amount. Of the estimated revenues for this year \$70,000 belong to the sinking fund. Only \$3,000 of this amount have so far been collected.

The demands on the sinking fund this year will be as follows:

Consolidated loan, second series.....	\$1,075,000.00
City improvement loan.....	1,100,000.00
Funding loan.....	500,000.00
Municipal building loan.....	1,500,000.00
Municipal improvement loan.....	2,250,000.00
Relief loan.....	2,210,000.00
Bridges loan.....	5,225,000.00
Total.....	\$117,235,000.00

### TO MEET THIS WE HAVE THE FOLLOWING ASSETS:

Cash in sinking fund.....	\$9,139.81
Consolidated loan bonds.....	17,200,000.00
Interest accruing on same.....	625.00
Total.....	\$17,210,000.00

This leaves an apparent deficiency of \$99,025,000. There will be \$26,800 left over to meet the \$14,290 interest coming due in the second series of bonds next year, so if there is no great delay in the collection of taxes the sinking fund will be in an excellent condition.

Bids for paving West Lackawanna avenue with stone block pavement, between Ninth street and Main avenue, were received as follows:

Nichols & Co.—Paving, \$1.25; per square yard; curb, 43 cents per lineal foot; circular curb, \$1.05 per lineal foot.	
Peter F. Mulligan—Paving, \$1.71; curb, 44 cents; circular curb, 49 cents.	
Fox & Rudy—Paving, \$1.80; curb, 41 cents; circular curb, 35 cents.	
Hart & Gibbons—Paving, \$1.32; curb, 20 cents; circular curb, 35 cents.	
Max Phillips—Paving, \$1.80; curb, 55 cents; circular curb, 50 cents.	

The bids were referred to the paving committee.

When the auditing committee's report was being read Mr. Chittenden raised an objection because the city was giving its advertising to any and all the

papers, and paying fifteen and twenty cents a line for it, when there is a contract with the Times and Republican to do the advertising for five and four cents a line, respectively. The other members thought this was all wrong, too, and passed a resolution directing the printing committee to advertise for proposals for doing the city advertising.

The police committee, through Mr. Finn, reported that the charges against Patrolman Joseph Block, preferred by Mr. Roche, had been investigated and found to be groundless. The report was received and filed.

A resolution directing the Traction company to repair North Main avenue, between Bill's Head and West Court street, was introduced by Mr. Finn and adopted. An ordinance for a sewer on Columbia avenue, between the Boulevard and Washington avenue, was introduced by Mr. Finn and referred for printing.

The ordinance for asphaltting Mulberry street, from Millin avenue to Prescott avenue, passed third and final reading. The sum of \$20,000 is appropriated for the work. The Wheeler avenue lateral sewer ordinance passed first and second readings.

A resolution came over from common council directing the purchasing committee to buy a wagon for Chief Hickey. It was killed because the ordinance appropriating the money had not yet passed third reading. Immediately afterwards the ordinance was called up and passed. As the vote was being taken a boy came rushing in and announced to Chief Hickey, who was an interested onlooker that the high school was afire. The rattle of his dilapidated carriage was in a moment heard on Washington avenue and the ordinance passed. There was no fire in the high school and now the question is was the false alarm a hoax on Hickey or by Hickey.

Adjournment was made until next Tuesday night.

### IN THE LOWER BRANCH.

### Commoners Have a Very Quiet but Busy Session.

In the absence of Chairman Grier, Mr. Noone presided over last night's meeting of common council.

An ordinance for the purchase of three ladders and a life belt for the Crystal Ice company was approved.

A resolution extending the time for paying taxes until October 1, was passed and concurred in later by select council.

On motion of Mr. Oliver the resolution passed at the last meeting awarding the contract for laying the Luzerne parkway sewer, was reconsidered and the contract was awarded to T. J. McNulty, it having been ascertained that he is the lower bidder. The Dunn's proposed to do the work for \$415. McNulty's bid was \$110 per lineal foot. The committee made an error in figuring the Dunn bid as the Luzerne sewer one. It was afterwards learned that this was a mistake and hence the change. Select council also concurred in this resolution.

Ordinances for paving Wyoming avenue, between Luzen and Mulberry streets; for sidewalks and gutters on Bromley avenue and Lafayette street; for a lateral sewer on Wheeler street, Loranagan alley, Chestnut and Price streets, and for a retaining wall on West Market street near the Ontario and Western station passed third reading.

An ordinance establishing the width of Rock street at 25 feet was introduced by Mr. Oliver and referred for printing.

### RALLY AT NEW MILFORD.

Samuel J. Randall Talks in the Interest of McKinley and Sound Money.

Special to the Scranton Tribune.

New Milford, Aug. 20.—New Milford turned out tonight to listen to an address by Samuel J. Randall, a son of the late well-known Democratic leader. He spoke for McKinley and sound money. The very principles and principles of the country's prosperity and credit were dealt upon and he clearly elucidated the fact that free coinage of silver meant ruin and destruction not only for the bond holder but the laborer. Mr. Randall is a "son of his father," and said he would ring with his resolution of the attempt of debasement of our country's currency and the reputation of our honest debts.

"I know," said Mr. Randall, "that we face a solemn problem; one that should make each man quake with fear when he sees the actual financial result and I am unhesitating in my statement that the free coinage of silver means utter failure of our government and its people. Shun free silver as you would anarchy. They go hand in hand."

Mr. Randall's speech was warmly received.

### EXILE THAT MEANS DEATH.

Sultan to Send 14 Former Patriarch, Ignirlian, to Tripoli.

London, Aug. 20.—A dispatch to the "Chronicle" from Constantinople says that the sultan has decided to send Ignirlian, the former patriarch, into exile. Tripoli has been designated as the place of exile, and the correspondent adds that the life of the ex-patriarch, in that case, will not be worth a day's purchase.

In conclusion the correspondent of the "Chronicle" says: "England ought quickly to interfere to prevent this infamy."

### RECEPTION TO THE FIREMEN'S FRIEND

Local Firemen Entertain Hon. James Clarency, of Philadelphia.

### HE FATHERED THE RELIEF BILL

Large Throng Gather at Durr's Hotel to Do Honor to the Widely Popular Legislator—Tells the History of the Bill and Also Brings Good News. Speeches by Prominent Citizens.

Hon. James Clarency, of Philadelphia, father of the firemen's relief bill, and popularly known as "The Fireman's Friend," was tendered a reception at Durr's hotel last night by the local firemen.

Mr. Clarency came here on a business trip but when it was learned that he was headed this way the firemen determined to get up some kind of a celebration in his honor. The time was so short that nothing elaborate could be attempted so an informal reception was agreed upon.

Representatives of every fire company in the city and a number of councilmen were present. Adam Schroeder, C. Vaughn who cared for Mr. Clarency's bill when it was before the senate and who aided him in securing the governor's approval, and Hon. Alex. T. Connell, who sat next to Mr. Clarency at the last legislature, presented the callers. Mr. Connell also presented the speechmaking, calling on various persons from among the throng for remarks. Those who responded were: Senator Vaughn, Chief Hickey, Common Councilman J. C. Moir, Select Councilmen Wade M. Finn, Ed. Frable, Robert Robinson and Adam Schroeder, Common Councilman Simon Thomas and Peter Robling, chairman of the Volunteer Firemen's association.

Mr. Clarency made a speech outlining the history of the bill and explaining it thoroughly both as to its letter and spirit. The reason he said that the bill does not directly appropriate money for the relief of firemen is that such a measure would be unconstitutional under our laws. It was therefore necessary to appropriate the money to the city and give the verbal understanding that it was to be turned over to the Firemen's Relief Association. This he said was the spirit of the law and the understanding the governor had of it when he signed it. In Philadelphia the councilmen turned the money over without any hesitancy and he hoped, he said, that this city would do likewise.

Mr. Clarency also assured the Scranton firemen that he was a red hot advocate of Scranton for the 1897 convention and wherever he could do anything to help this city secure the prize he would be glad to do it. Coming through Allentown, he said, he was told by the mayor, to assure the Scranton firemen that they would get Allentown's vote.

Several hours were spent in sociability and at the conclusion of the festivities three cheers were given with a will for "The Firemen's Friend."

### MORE BOTHER COMING.

Turnpike Company Says It Will Repair West Market Street.

The Providence and Allington Turnpike company proposes to make repairs on West Market street next Monday at the expense of the city.

Street Commissioner Kinley has not determined as yet whether he will prevent the company from going on the street.

### IN POLICE CIRCLES.

Edward Kelly, George Fallett, James Sheehan and James Moran, four tramps arrested in the Delaware, Lackawanna and Western yard, were sent up for ten days yesterday.

A doctor from Como, giving a fictitious name of John Jones, came here yesterday to have a good time. He

bought a quart of whiskey and boarded a Providence car intending no doubt to spend the day on the trolley cars. Anyhow he was fined \$2.50 when he sobered up last night.

Special officer George Wickenheffer of Davis' Theatre, was given a commission yesterday by Mayor Bailey.
