POLES WILL SUPPORT MAJOR M'KINLEY

An Eloquent and Pathetic Address Delivered on Their Behalf.

LETTER OF ACCEPTANCE GROWING Activity at Republican National Headquarters--Senator Quay Will Soon Come North and Take a Hand in Campaign Work--A Canton Fairy Tale Exploded.

Canton, O., Aug. 21.--A dispatch is being widely circulated in the western, central and southern states which contains an alleged letter from Canton, purporting to have been written in answer to some one who asks if it is true that Canton Democrats have formed a large Bryan silver club which contains many Republican members. This letter, which has been given wide currency, has caused more than 290 letters to the Republican committee here asking if the statements made in it are true.

Major McKinley has put in a day of solid work. He looked over some of the revised proof sheets of his letter of acceptance and spent several hours in work upon speeches which he is to make Saturday and Monday. The latest delegation which has yet visited Canton, will be here in the morning.

AT NEW YORK HEADQUARTERS. New York, Aug. 21.--There was an air of activity around Republican national headquarters this morning. A great crowd of people waited in the corridor of headquarters for an audience with Chairman Mark Hanna, Mr. Hanna came to the headquarters at 10:30 o'clock and immediately proceeded to his office where he found a large pile of mail waiting awaiting his perusal.

the debasement of the dollar which will allow the dishonest debtor to repudiate his debts. And how does Mr. Bryan reconcile this with the assertion in a prior part of his speech that free coinage will raise the price of silver bullion to \$1.25 per ounce, measured by gold? He cannot reconcile the two statements, because if the former is true then there would be no need for hurrying, because the debtor would not be benefited if he goes to par with gold. But that Mr. Bryan knows that his prior assertion is false, and that silver will not advance, is shown by his later assurance, that "the system" will be inaugurated before the creditor has a chance to collect what is owing to him. I should think this man would fear to expose himself to the wrath of a people whose honor he so grossly insults by thus offering them a bribe of forty-seven cents on each dollar of their indebtedness.

READY TO RECEIVE LI. The Chinese Viceroy Will Be Received by the President at the Residence of William C. Whitney.

New York, Aug. 21.--The following programme respecting the visit of the Chinese viceroy, Li Hung Chang, was announced this afternoon by Secretary of War Lamont. Karl Li Hung Chang, special ambassador from the emperor of China, will arrive in New York by the steamship St. Louis on Friday, Aug. 28. Major General Thomas H. Russell, United States army, commanding the department of the east, who has been designated by the president to act as his representative, will meet him on his arrival and escort him with a detachment of the Sixth regiment, United States cavalry, to the Waldorf hotel, where he will remain during his stay in New York as the guest of the nation.

ANTI-PHATT WAR IS ON. The Old Fenian's Out Again at New York Conventions.

NEW YORK, Aug. 21.--Conventions were held in this city tonight by the Republicans in the thirty-three assembly districts for the purpose of electing delegates and alternates to the state convention to be held at Albany on the 27th and 28th inst. The Fenian party, which has existed between the Fenian and anti-Fenian forces broke out anew and with all of its old time bitterness. In most of the districts two sets of delegates and alternates were in the field and while in a majority of the districts the Fenians were victorious, in a few others the Fenians were defeated and in others the Fenians were defeated and in others the Fenians were defeated.

SEWELL'S SHIP GOES DOWN. Steamship While Rosefield, Sunked in the Pacific.

London, Aug. 21.--A cablegram received from Santa Catharina says the American steamship While Rosefield, commanded by Captain Dunphy, which sailed from New York April 29 for San Francisco, has foundered 400 miles off the coast. Part of the crew were saved and landed here, but two boats containing fourteen persons are missing.

Blames the Railroad Company. Columbus, O., Aug. 21.--Columbus Herald has rendered his verdict in the Toledo and Ohio Central collision here two weeks ago by which four men lost their lives. He lays the blame on the railway company, whose system of signals and orders he regards as very imperfect.

Waiting for Better Times. Waltham, Mass., Aug. 21.--The O'Hara Waltham Dial company has notified its employees that after Aug. 29 the dial works will be closed indefinitely pending the advent of better times.

SENATOR TILLMAN LETS OFF STEAM

Red Hot Silver Speech to the Farmers at Mt. Gretna.

CALLS GROVER "A BAG OF BEEF" Pays His Respects Also to Secretary Olney--Receives Applause for the Sentiment Expressed Regarding Slavery, but the Vote of Thanks Is Not Forthcoming.

Mount Gretna, Pa., Aug. 21.--Senator Benjamin Tillman, of South Carolina, made an address here today for free silver to the farmers gathered to attend the Mount Gretna agricultural fair. About 700 people, mostly farmers, made up Senator Tillman's audience. The speaker was given respectful attention and was frequently applauded. Senator Tillman said: "I shall confine my remarks almost entirely to the money question. We are face to face with a crisis. We have passed through two or three other crises in our government. One in 1832, when Jackson throttled this same money devil. He took it by the throat, and stood with his foot on it until it was dead. He vetoed the United States bank act. (Applause). And there was your Democrat, not like 'bag of beef' now in the white house, whose only virtue have been that of the seditious bill for the relief of the people and some pension bill to get a few dollars out of the pockets of the people. I have repudiated him."

REPUBLICAN M'KINLEY. I have the greatest admiration and respect for Mr. McKinley--that is, I can have for any man who is so truly off, who is so wrong, so benighted, so lost in the wilderness of ignorance, who is so much to be pitied, as to be at all a credit to his country. I believe McKinley is honest and true, he is not going to say or do anything that will hurt any man for his cause. We have these two men before us, one of whom is a true patriot and the other is a true traitor. I believe McKinley is honest and true, he is not going to say or do anything that will hurt any man for his cause. We have these two men before us, one of whom is a true patriot and the other is a true traitor.

It is Alleged That the Western Union Controls Telephone Companies. Boston, Aug. 21.--The Boston Commercial Bulletin will say tomorrow regarding Western Union and Bell Telephone: "I understand upon the best authority, that the Western Union Telegraph company controls at the present moment the American Bell Telephone company. The importance of such control will at once appear to every one who understands how the two companies have come to their present position. The Western Union dividends had become threatened through the competition of the Bell company, and of the Postal Telegraph company, and it has long been a fully arranged plan for the Western Union to secure con-

rol of the Telephone company. The two together can probably make it very warm for the Postal Telegraph company or the final outcome may be a combination of all three.

DETROIT TEACHER KILLED. Eugene Evvard, Professor of French, Beheaded While Riding Tandem.

Willamstown, Mass., Aug. 21.--Eugene Evvard, professor of French at Detroit, was killed by a Fitchburg train here this afternoon. He had been spending his vacation at Blackinton and was riding a tandem with Joan Archer, between Blackinton and this place, between the railroad tracks, when struck by the locomotive, thrown under the driving wheels and beheaded. Archer escaped with severe bruises.

STEEL RAILS FOR JAPAN.

A Large Sale Made This Week--Demand for Cotton Goods--The State of Trade in Other Lines.

New York, Aug. 21.--R. G. Fin & Co. will say tomorrow in their weekly review of trade: "Failures for the week have been 280 in the United States against 222 last year and 27 in Canada against 43 last year. Political events of the week had no definite influence upon business prospects, for the phenomenal variations in Sterling exchange and the beginning of imports of gold, although following the great meeting in Madison Square Gardens on Tuesday, may be fairly attributed to the accumulating excess of merchandise exports over imports, to which attention has been repeatedly called. Exports from New York for the past two weeks having been 20 per cent. larger, and imports here 21 per cent. smaller than last year. The rapid movement of grain, and the unusually early marketing of cotton, tend strongly to aid the banking syndicate which has undertaken to regulate foreign exchanges. Withdrawals of money to the interior for other loans, and commercial loans are hard to place, and this difficulty checks many new enterprises and business in many departments. Bank clearings are small, for the week, 15 per cent. less than last year. Railroad earnings are not as good as might be expected for the first half of August, exceeding those of last year by only 4.4 per cent. Speculation has advanced with over 1 per cent. during the week, corn a small fraction, and cotton five-eighths, the principal motive power being reports of injury to growing crops. The iron and steel market has only continued depression to report. There is rapid curtailment of production, but in spite of this the supply of finished products appears to greatly exceed the demand for them. The one bright spot is a sale of 5000 tons of rails to Japan, for repairing railways in that country, which makes an aggregate of 45,000 tons exported during the year. Nothing encouraging can yet be said regarding the woolen manufacture, and the demand for goods, even at these low prices, is still disappointingly small. A heavy auction sale of cotton goods brought prices, which were considered quite encouraging, and the current demand is fairly maintained, although the mills are not inclined to make large contracts for the future on account of the rise in the raw material. In general the working force in the textile branches does not appear to have increased."

POLICE SURPRISE BURGLARS. One of a Trio of Thieves Captured Early This Morning.

Three burglars broke into A. Appleby's shoe shop on North Main avenue, Providence, at 2 o'clock this morning and were just emerging, loaded down with plunder, when Lieutenant Spillman and Patrolman Kilday came upon them. One of them was captured, but the two others had a good start on the officers and managed to escape.

THIRD TICKET IS NOW PROBABLE

The Cleveland Cabinet Will Be Represented at Indianapolis.

FAIR ORGANIZATION IN 39 STATES

Gold Democratic Movement is Gaining Converts Rapidly--Mr. Bynum States that the Convention Will Undoubtedly Nominate a Ticket--Candidates Talked of.

Indianapolis, Ind., Aug. 21.--Much satisfaction was expressed at the national Democratic party headquarters today over the fact that the Cleveland cabinet will be represented at the Indianapolis convention. Comptroller Eckels has secured quarters at the Bates. It is thought that Secretary of Agriculture Morton will attend the convention. He is the only member of the cabinet who is expected. A letter from Secretary of the Navy Herbert plainly indicates that he is with the sound money movement, but that he will not be able to attend the convention owing to his absence in Europe.

THE CANDIDATES. There is not likely to be much of a contest over nominations. Inasmuch as the eastern states are expected to go for sound money and silver is very strong in the extreme western states, the candidates will probably be selected from the states of the middle west and south. The men most talked of for the lead of the ticket are General Brazz, W. D. Bynum and Senator Palmer of Illinois. At the time of the national convention meeting Senator Palmer declared absolutely that he could not accept the nomination, but he is said to have modified his position to some extent.

A NEW EXAMINATION. Medical Students Must Show Efficiency in Common English Branches.

At the last legislature a law was passed compelling medical students to pass a preliminary examination in the common English branches before registering. Three examining stations were established in the eastern portion of the state, one at Philadelphia, one at Williamsport and the third at Scranton. Superintendent of Schools George Howell was made examiner for this district and he is now preparing to hold the examination.
