Old Orchard, Me., Aug. 24.-Professor Lamson's flying machine flew at the New England Agricultural society's fair yesterday at Rigby Park. There was great excitement as the queet craft was cut loose, and when the last rope was cut Charles Lamson, the son of the inventor, was caught in one of the ropes and lifted several feet from cerns are making preparations to re- the ground. There is very little doubt now as to tain. ticket then there is nothing in the old adage "that straws show which way th wind blows." All of his close and intimate friends-Senatora Vilas, Palmet, Gray, Lindsay and Caffrey-are the leading spirits in the Indianapolis convention. Mr. Cleveland is expected to speak either during that convention or immediately following it. Senator Hill has come to the forks in the road. He must choose one or the other pretty quick. There is no time to be lost. Hill has an ambitious rival in the person of Bourke Cockran, who wants to succeed him in the United States senate, and he must get down off the fence and declare himself either for or against the issues promulgated by the regular Democracy at Chicago. It is doubtful now if Mr. Hill could make his peace with the free silver people if he cared to do so. He burned his bridges when he prevented the New York delegation from taking part in the comination at Chicago, and later when he refused to attend the Bryan notification meeting at Madison Square Garden. Hill feels, however, that no man who indorses the Chicago ticket can be elected to the senate from New York. He also knows that the Democrat who places himself outside the pale of the regular organization in New York, which is now supporting Bryan, can not hope for much. So it will be seen that Mr. Hill is at present between wind

He fought the beast at the disadvantage, but one of his arms was lacerat ed and he was otherwise hurt. Fortunately his faithful dog was near-by President Cleveland's attitude towards and came to his master's assistance the Chicago platform and ticket. He attacking the bull and enabling Mr is opposed to both. That much is cer- Radeliffe to regain his feet. The bull If he is not in favor of a third pursued him, however, and had to be shot down before it desisted.

Much of this was due to the impossibility of getting paper discounted by the frightened banks, and this forced the furnaces to shut down. Other manufacturers talk of increased activity next month, and the cheerful feeling in iron and steel circles is having a beneficial effect on all lines of trade.

IN JAIL FOR A PALTRY DEBT.

Cruel Treatment of a New Jersey Man Because of Unpaid Taxes.

New Brunswick, N. J., Aug. 24.-Homesick and heartbroken, with criminals for companions, Peter Perrine is confined in jail in this city because of unpaid taxes, amounting to \$3,80. He was arrested on Monday at his home in Jamesburg and brought to the jail on a warrant sworn out by the commissioners of the borough of Jamesburg, charging him with failure to pay poll tax of \$1, a dog tax of 50 cents, with costs, bringing the total amount up to \$3,80.

When Perrine, who is 39 years old was arrested, he left his wife and two boys penniless and without any means of support. The fear that his little family will be compelled to go to the poor house while he is helpless in the jail has made the unfortunate man's punishment all the greater.

REPUDIATES BRYAN.

Prominent Florida Democrat Declines to Follow Him.

Jacksonville, Fla., Aug. 24.-John E Hartridge, who represented this county in the state senate, and who is a leading candidate to succeed United States Senator Call, has repudlated Bryan and the Chicago platform. In a card, which will be published tomorrow, Senator Hartridge says in part:

The Southern Wing Will Not Support Bryan Unless Sewall Is Shelved. Rleigh, N. C., Aug. 24 .- The Progress sive Farmer, the official organ of the

National Farmers' Alliance, says editorially today: "Millions of Populists will refuse to support Bryan if Sewall is not taken down. The Populists have met the sil-

ver Democrats more than half way, but if Sewall is not taken down a presidential candidate is certain. This feeling is in the north and west as well as in the south."

RIVAL OF THE BRIDE.

Hired a Child to Ruin Her Wedding Gown.

Chester, Pa., Aug. 24 .- The handsom traveling dress of Miss Bunce, who was married at the Immaculate Heart church, was ruined by dampened flour thrown by an 11-year-old girl. It seems that a rival of the bride paid the little girl to throw the flour, and her aim was good, as it struck Miss Bunce between the shoulders, and falling, spread over her gown, ruining it. -Efforts are being made to ferret out

MONSTER SNAKE IN INDIANA.

People of Galveston Trail the Gigantie Reptile to a Cave.

Logansport, Ind., Aug. 24 .- The realdents of the little town of Galveston near here, were excited this morning by finding the trail of a monster snak that had passed through the streets during the night. A searching party was organized, and followed the track of the reptile to a natural cave three miles away.

Late reports say that the searchers are digging from the back of the cave, and smoke will be used to induce his snakeship to appear. Business is practically suspended in the village. and efforts will be made to captur the snake alive.

To Remove Substances from the Eve When an insect, a grain of sand, or any

similar substance lodges on the surfac of the eye, the consequence is pain and Inflammation, terminating, if eglected, in obscurity or dimness of vision, and some times loss of sight. The substance may either lie loose on the surface, or, having penetrated the outer coat, may there remain fixed. In the former case it is easily removed by means of a camel-hair pencil dipped in oil, or what is better, a bit of white paper rolled up to the size of a quill and softened in the mouth. When the substance is fixed in the coast of the eye, a surgical operation becomes necessary to remove it. The accident is frequen amongst smiths, and is recognized amongst them as a "fire in the eye, some one of the craft being usually cell brated for removing it, employing for that purpose his nall, his tongue, or the first rude instrument that may come with in his reach.
