### WATSON HAILED AS PEOPLE'S SAVIOR manded the money. Mrs. Toppin declared that she had no money.

Chairman Butler Tells Why the Populists Threw Down Sewall.

DISTRUST OF DEMOCRACY IS SHOWN

Taffy for Bryan but Scathing Denunciation for the Democratic Party as an Organization .- The Pops Eulogized as the Real and Only Genuine Friends of Silver.

Washington, Sept. 14.-Senator Marion C. Butler, chairman of the Populist National committee, tonight sent a letter of notification to Hon. Thomas E. Watson, the nomince for vice-prestdent. Senator Butler in the dwells largely upon the organization of the People's party in 1892, when "stern necessity forced organized labor, the organized wealth producer, and others who believe in good government and were engaged in legitimate business in this, to meet and form a new political

party known as the People's party.

The letter stated that this "new party, representing the principles of true Republicanism as taught by Abraham Lincoln, and of true Democracy as taught by Jefferson and Jackson, cast over one million votes, win-ning in five states within in four months from the date of its birth," and calls attention to the fact that it was the first political organization in 23 the free and unrestricted coinage of silver. After declaring that the People's party stands for the great principles of a republican form of government as represented by the forefathers. and came into existence to restore the government to the people, the letter

ropresents. These are, the natural alles of the bolting plutocrats of the lotting plutocrats of the bolting plutocrats of the lotting plutocrats of the month of the Cheago convention. Thus the Democratic party is considerable minority of the bolting plutocrats of the Indianapolis convention. Thus the Democratic party, so long debauched, cannot be relied upon to carry out these reforms of the Popole's party and restore prosperity to the American people. Therefore, there was never greater need for the continued existence and vigorous growth of our party was assigned to go to Scotland to direct a session of his visit to England. The prime movers of the plot were Fenians in America, and when they had carried their conspiracy as far as they could in the United States. Typan and the other principal agents were sent to Europe to put the designs of the plotters into operation. They left America as secretly as possible, coming by different routes. Their arrival was known, however, and their every movement was dogged by the Scotland Yard detectives.

After treating of the arrests of the police of all of their documents, etc. the communication adds that Beil was assigned to go to Scotland to direct a existence and vigorous growth of our party than now.

Senator Butler concludes:

Senator Butler concludes:

If the Democratic party had been true to the people and its own platform in its selection of a candidate for vice president, we would not now have the honor of addressing you, one of the worthiest and most beloved sons of the People's party, in this official capacity for in that even the People's party would have nominated the whole Democratic ticket by even a larger majority than it nominated Mr. Bryan, But such was not the case. It seems that the party was not able at one effort to purge itself of its modern heresies, east off its plotocratic leaders, and at the same time it nominated Mr. Bryan, give him a running mate who had carned in the arena of action, contending against the foes of the republic, the affection, confidence and trust of the masses of our people, as had Mr. Bryan himself. The People's party, true to its principles and true to its teachings, nominated for the high office of vice president, a man worthy to have headed the ticket, a man who represents what Mr. Bryan represents, and therefore, presents to the people today, in the persons of Bryan and Watson, the best silver ticket in the field—a ticket more representative of American interests than any other, Bryan and Watson is not only the silver ticket but it is also the true cooperative ticket.

#### MURDERED AND THEN CREMATED.

Mother and Son Found Dead and Girl Possibly Fatally Hurt.

Halifax, N. S., Sept. 14 .- Double murder and arson were committed shortly after midnight yesterday morning at Meadowbrook, a small station on the International railway, about eight miles from Moncton, Mrs. Eliza Dutcher and her 11-year old boy were murdered, and the house was afterward fired, and the bodies cremated. Maggie. Mrs. Dutcher's 8-year-old daughter, was rescued from the burning building. but she is not expected to live. The girl's left ear is split open and her left cheek cut and smashed. It was her rescue that revealed the terrible nature of the

A brother of the murdered woman, who lived near her, says that early in the morning he was awakened by cries of "Fire!" He hastened into the street and found his sister's house on fire. He tried to effect an entrance but found the doors all locked. He finally broke in, and, groping his way through the smoke, managed to find Maggle and carried her out. The murdered woman had the reputation of having considerable money in her house for a poor locallty, and this may have been the motive for the crime.

Widow Robbed of Money She Had

Drawn to Pay for a Tombstone. Nyack, Sept. 14.-Mrs. Hugh Toppin. an aged woman of Haverstraw, was the victim of a bold robbery at her home last night. Mrs. Toppin's husband died last winter, and she has just had a handsome tombstone placed at his grave. Yesterday she went to the bank and drew several hundred dollars to pay for the stone, and kept the

money in the house all night. At 9 o'clock she was lying down in room, the only other person in the house being her married daughter, who slept on the floor above. Suddenly she heard the door open, and a mo ment later she was almost paralyzed with fright when two men entered the room and demanded her money, at the same time pointing a revolver at her head. The tailer of the two men, after

rumaging through a bureau which stood in the corner of the room, approached Mrs. Toppin and again de-

The man then threw several articles of clothing from the bureau, and taking down a large cake box, which was used by Mrs. Toppin for keeping her valuables, opened it, and taking out a muff, found the money, which was securely tied in a handkerehief. They then departed by a side door that opens from the dining room, with a threat that if Mrs. Toppin screamed they would "finish her." Mrs. Toppin was found in a highly excited and almost hysterical condition by her son on his return home.

Scotland Yard Detectives Unfold a Fairy Tale That Beats the Most Imaginative Yarns of Fiction.

London, Sept. 14.--A communication a semi-official character was issued this afternoon touching the arrest of the alleged dynamite conspirators. The communication says, among other things, that the Scotland Yard officials have been fully aware for some time past that a gang of desperadoes have on a charge of abduction on Cetoler been engaged in America in preparing 22, 1892, and given the full penalty—Sve the details, and arranging the ratification of an extensive and diabolical plot to perpetrate a dynamite outrage in England, and establish a reign of terror. Chief Inspector Melville, of the Metropolitan police, has had charge of the Scotland Yard arrangement for the years that made an honest demand for frustrating of the designs of the conspirators and gradually and with great secrecy drew a net-work around the plotters.

The fact was known to the police that the conspirators were in close communication with prominent Russian nihilists in the United States and through this information the police were enabled to discover upon most undoubted evidence that the conspiracy

can letters of credit. FURTHER PARTICULARS.

The Central News says that the plot, in which it is charged Tynan, Bell and Wallace were implicated, hatched in the United States and that It was widespread in its ramifications, not only in England, but in various continental countries. The conspiracy was started months ago, but there were among the plotters two or three agents from the British government who kept the London police advised of every move that was made or proposed. The police here knew even the names of the men who were selected by the American revolutionary society to cause explosions in England and on the continent. It was well known that ever since the defeat of the Irish home rule bill the physical force party had been active in the spread of its propoganda and steps were at once taken to closely but secretly watch those who, it was ment. Thus the fact of the conspiracy was learned, the British agents in the United States completely deluding the chief plotters into the belief that they were bitter enemies of the English government and would go to any lengths to secure the freedom of Ireland. The visit of the Czar and Czarina to the Queen at Balmoral, on their subsequent journey to France, were deemed by the Nihilists to be the most suitable occasion on which to attempt the life of their imperial majesties. a Cuban Insurgent. Washington, Sept. 14.-Consul Barker has telegraphed the state department from Sagua, La Grande, Cuba, that W. A. and L. Glean, two brothers, American citizens, from Massachusetts, have been released from arrest.

They were arrested April 2 last on the charge of giving shelter to an insurgent in their house. They were not given a regular trial and the state department undertook to secure their release with the result as shown above. after four months of continuous ef-

Matteawan, Sept. 14.—A queer case of insanity is that of Melissa Hunt, a

colored girl, who lives with her widowed mother and brothers at Fishkill Landing. The girl wanted a plano, and the brothers, while seemingly putting her off, resolved to get the instrument. The girl was taking some music lessons, and was so apt that she did as much in a half dozen lessons as most children do in six months. On Thursday last, while she was out,

the plane came, and was put in position. When she came into the house she was sent into the parlor on a pretext. When she caught sight of the piano she fell to the floor with a shrick. The others, who had followed her with the hope of enjoying her surprise, were horrified and hastened to pick her up. The girl was wildly hysterical, and became violently insane, barking like a dog and emitting terrible screams. Dr. Riely of this village was called, and he has succeeded in restoring her to something nearly herself. She now runs around the house and plays a little, but still has hysterical spasms. Dr. Riely believes that the barking is only one of the things which those suffering from hysteria are likely to do, and says that some time ago the child was injured on the head, and he thinks that to this, with some hereditary insanity, the present condition is due, having been induced by surprise. If her case does not improve, she is to be sent to an

SCOUNDREL LANDED IN PRISON.

New York, Sept. 14.-The doors of the Ludlow street jail have closed behind a man who, unless astute lawyers succeed in securing his release on technicalities, must stay there 1,000 days to satisfy a fine of \$1,000 after having spent four years in state prison. The prisoner is Sylvester F. Wilson, and his plight does not excite any sympathy, for, after a long career of crime in various cities in the union, he cam? to this city and organized female base ball teams, by which he lured young girls from their homes.

He was convicted in general sessions

Cousin of W. J. Bryan Saves Herself

and Children from Mad Horses. Kokomo, Ind., Sept. 14.-Mrs. Harrison Smith of South Kokomo, who is a cousin of William Jennings Bryan, the presidential candidate, had a thrilling experience yesterday evening. She was out driving with her small children in a buggy, when a runaway farm team hitched to a hay wagon came dashing up behind her. Seeing no other means of escape, Mrs. Smith put whip to her horse and a wild chase followed.

The runaway team pursued the wa man and children for nine squares, following them at every turn. In the furious race for life Mrs. Smith held her little ones bravely with one hand and lines and whip in the other. She finally turned in a yard in the hope of escape and was saved by a narrow margin.
