AT ZENITH POINT

Biggest Political Demonstration in the Nation's History Occurs at Canton.

EIGHTY THOUSAND ATTEND

The Whole Day Long and Far Into the Night Great Masses of Men Pay Tribute to William McKinley. Speeches by the Candidate, Governor Hastings, Senators Cullom and Thurston and Others—Every Expectation Far Exceeded.

Canton, O., Sept. 18.—The largest political gathering ever seen in Ohio assembled here today. Conservative estimates place the number of people on the streets of Canton this afternoon and evening at more than eighty thousand.

Notwithstanding the other attractions in the city the home of Major McKinley was the centre of interest and people came to it till 11 o'clock at night. They filled the yard, took possession of the porches and peered in at the windows.

Major McKinley received. Major McKinley shaking hands directly after breakfast and he kept it up till late this evening and also made half a dozen speeches. There was an impressive parade this afternoon. The procession was an hour and ten minutes in passing the reviewing stand, and it moved at a very lively pace with no halts. In the parade were a number of the political clubs. The post of honor was held by the American club of Pittsburg. Then came the McKinley club, of Akron, Ohio, 2,000 strong. The Klipsaks club, of Wheeling attracted much attention by reason of their appearance.

THE SPEAKING BEGINS. At half past three o'clock the speaking began in the big tent. There were 20,000 people packed into the tent and half as many more standing about on the outside waiting to get in. Governor Bushnell, of Ohio, presided. He was heartily applauded and when he introduced Senator Cullom, of Illinois, there was a storm of cheers. Senator Cullom denounced free trade and free silver, both of which he declared, Bryan favors. He extolled protection, and stated that reciprocity and a protective system must be re-established in the land, "that it may once more employ to the full its increase of prosperity, happiness, peace and good will."

Let us see what would happen in the event of the success of the nominees of the Chicago convention. Our gold would leave us to be hoarded, and a certain contraction of \$600,000,000. The remainder of our money would shrink in purchasing power to such an extent that the par value of the dollar and the bullion price of silver. That difference is now 47 cents. So that our circulation would be contracted to that extent, and we would have less than 89 per centum of actual money where we now have 100.

CULLOM'S KEEN POINTS. Mr. Bryan says we would not doubt have a panic at first (after the adoption of free coinage). He admits that much. He does not say whether it will be just a little wave which will wet the toes and scare the timorous, or whether it will be the tidal wave which will engulf the nation. Follow citizens, through no use in deceiving ourselves in dealing with this question. We have more gold and more silver than we ever had before and altogether more circulating medium than we ever had before, and we have no money that is not at par with gold, which is the recognized money in the commercial world. Let us not run off after moonshine theories. The penny upon the experiment in defiance of the facts of history and in opposition to the judgment of the wisest friends of silver in the world. Senator Cullom concluded with a declaration that the Republican party is for bimetalism, and that it believes in the admission of both gold and silver to the mints on equal terms as full as it can be done with safety and honor.

NO VOTES WANTED AS COMPLIMENTS

Bryan Asks Popular Support Solely on Public Grounds.

PERSONAL CONSIDERATIONS SMALL. The Popocratic Candidate Informs a Southern Audience That He is Not Suffering from an Enlargement of His Self Conceit, or Words to That Effect.

Goldsboro, N. C., Sept. 18.—William J. Bryan, after delivering an address before 4,000 people in which he expressed himself as very much gratified at the action of the New York Democratic convention in endorsing the Chicago platform adopted at Chicago, left here at 10:30. At Wilson, N. C. Bryan spoke from a stand erected beneath a spreading tree. He was presented to 1,700 people by Hon. F. A. Woodward, with whom he served in congress, and said in part: It is true our position drove away some who had remained with the Democratic party, but for every man who leaves the Democratic party because of the platform adopted at Chicago we shall receive 75 recruits far outnumbering those who leave us. We can afford to lose the support of any party or man who is interested in the welfare of the people. We are interested in the welfare of the people, and we are interested in the welfare of the people.

CRASHED INTO WILD ENGINE.

Serious Accident on the Cincinnati, Hamilton and Dayton Railroad. Cincinnati, Sept. 18.—The Cincinnati, Hamilton and Dayton pay car went over the line this morning to pay off the men. When about our miles west of Connersville, it collided with a wild engine backing westward, derailing engine and pay car.

TRADE OUTLOOK HOPEFUL.

Business Quite Sure to Take an Upward Turn as Soon as McKinley is Elected. New York, Sept. 18.—R. G. Dun & Co., in their Weekly Review of Trade tomorrow, will say: There is still no distinct improvement in business, although conditions favor it. Confidence slowly rises, speculative buying of materials for future use continues, imports of gold do not cease, and the Bank of England has not tried to check them by further advance in rates, as the weight of the demand now falls upon France. But an enormous business is held back until the future is more clear. Outside of speculative markets the impression grows that certain and safe revival may not be expected until November.

THE JOURNEY RESUMED.

The Bryan special reached Rocky Mount shortly before 1 o'clock. Here the special was abandoned and Colonel Julian Carr, of Durham, and the other members of the state escort committee, said good bye to the candidate. Mr. Bryan expressed himself as greatly pleased with the manner in which he had been received by his North Carolina entertainers, who had looked out for his comfort in every way. The special train arrangement was a great improvement over the manner of Mr. Bryan's campaign progress heretofore. The candidate remained here an hour and a quarter leaving at 7:17 for Richmond, via the Great Line railway. The Rocky Mount meeting took place in the fair grounds and was attended by a great crowd. Excursions came from Fayetteville and other points, and helped swell the number of the Rocky Mount people. Mr. Bryan was introduced by ex-congressman Bull. He made a speech to the large gathering following the familiar lines.

OVATION AT RICHMOND.

Richmond, Va., Sept. 18.—In all his career William J. Bryan never received a greeting so enthusiastic, so warm and so hearty, as that given him by Richmond tonight. At the reception at Columbus and Toledo, although they were greater by far in the attendance, would compare in frank excess of partisan emotion to the manner in which the great audience that heard him tonight gave him welcome. Mr. Bryan's greeting at the railroad station when he reached Richmond at 7 o'clock from Goldsboro, N. C., was flattering enough, but it was as nothing beside his other and more formal appearance. How many thousands of people were at the station it is impossible to say, but there were enough at hand to fill the surrounding streets. They shouted with an energy inconsistent with their age and thronged after Mr. Bryan's carriage yelling frantically. The candidate was whirled away to the residence of J. Taylor Ellison, chairman of the state Democracy, where they gave him something to eat and allowed him to recover a little from the effects of the heat. Then he was taken away to the place where he made his principal address. If the lights had been better and the hall a little larger, no better place for a demonstration such as that which took place tonight in honor of the Democratic nominee could have been selected.

AN IMPENSE THROG.

The great auditorium of the state exposition building was the scene of the meeting, addressed by Mr. Bryan. It contained 20,000 persons. Women in cool, summer dresses crowded the seats. Back behind the seats in the galleries were packed with uncomfortable closeness. Around the entrance eager throngs tried to get a peep at what was going on inside. Even the roof of the building had its quota and through the ventilating transoms were poked the heads of those who were interested in their owners' feet. It was late when Mr. Bryan arrived. He blinked his eyes as he entered the big hall from the rear of the stage, for all but four jets of the electric light had gone out and the first impression of one entering was that of semi-darkness. The reporters had to write their copy by means of coal oil lamps. The moon, shining through the glass ventilators, over the heads of the boys on the roof, helped somewhat, but it was not the kind of light needed. And so it happened that W. J. Bryan received his most demonstrative greeting since his nomination from an audience of whom only half could hardly see his face and figure.

SENATOR SMITH IS OUT OF THE FIGHT

Resigns as Chairman of the Jersey Democratic Committee.

HE CANNOT SWALLOW FREE SILVER. He Doesn't Bolt; He Merely Retires from Active Politics Until the Popocratic Clouds Blow Over—David B. Hill in Ill Humor—Other Political News.

Long Branch, N. J., Sept. 18.—Senator Smith as chairman of Democratic state committee, has issued a call for that body to meet at Taylor's hotel, Jersey City, at noon tomorrow, when he will tender his resignation as chairman. In this connection he gave out today the following statement regarding the Chicago platform and ticket: The lines upon which the present political campaign is being conducted and the interpretation of the Chicago platform by the New Jersey Democratic convention held to select electors, are in opposition to the views which I expressed when called upon to speak on the financial question in the senate. My desire has been to find a way to harmonize those views with the platform declaration and to harmonize my individual opinion with the expression of the party council. The result is I find myself adhering to the views which I expressed in the senate, as the only one consistent with a sound financial policy. This conclusion being fixed, it necessarily follows that I should not participate in the direction of the campaign as a member of either the national or the state committee. Just as the campaign demands that my cause be in the hands of those who are without doubt as to the correctness when called upon to speak on the financial question, I have therefore decided to resign from any leading position in the political management of the campaign. In doing this I am governed by a sense of propriety and not by an inclination to set up my personal views against the expressed policy of my party. But as a Democrat, obedient to duty and to the will of the majority and unhesitatingly expressing my belief that the country may be benefited by whatever legislation may prove necessary for the welfare of the country.

SENATOR HILL IN HUMOR.

Albany, N. Y., Sept. 18.—Senator Hill, this noon made the following statement concerning the report that he had written to friends that he would support the Chicago ticket: "I have no desire to either affirm or deny newspaper stories and rumors regarding my position on the national ticket and other questions. When I have anything to say I will state it over my own signature. First Come, First Served. Des Moines, Ia., Sept. 18.—The two factions of the Democratic party in this state are engaged in a spirited contest as to which shall be recognized as the Democratic party on the official ballot. The attorney general holds that first come must be first served. Where there are no contests the county auditor, clerk and attorney must determine. It looks as if it will lead to considerable confusion. Sovereign at Work. Chicago, Sept. 18.—Grand Master Workman Sovereign of the Knights of Labor, arrived in Chicago today for the purpose of taking an active part in the campaign for the election of Mr. Bryan. He has established a personal headquarters in the Briggs house, but in a few days he will open a labor bureau and begin extensive work among the workmen of the country. No Fusion in Indiana. Indianapolis, Sept. 18.—The Democratic state committee last night refused the demand of the Populists for seven national electors and withdrawal of Sewall. The Populist committee then named a full electoral ticket and organized by electing a chairman and a secretary. This probably ends the negotiations. Adin to Preside. Washington, Sept. 18.—Vice President Stevenson has informed Secretary Gardner of the Association of Bryan clubs that he will accept the association's invitation to preside at the club convention at St. Louis on Oct. 3. The club officials now count upon an attendance of 10,000 delegates. Named for Congress. Harrisburg, Pa., Sept. 18.—The Democratic congressional conference for the Fourteenth district (Perry, Dauphin and Lebanon counties) met here this evening and nominated J. F. Klugh, of Highspire for congress. Anglican Ordinations Invalid. London, Sept. 18.—A dispatch from Rome to a news agency here says that the Pope has issued a pronouncement in which he declares of my predecessors that all ordinations made under the Anglican rite are absolutely invalid. His holiness also entrusts the Anglican clergy to return to the Catholic church.

DESTRUCTION BY STORM.

Halitones Ten Inches in Circumference, More or Less, Reported in Various Old Berks County. Reading, Pa., Sept. 18.—It is estimated that the damage wrought by last night's storm in Berks county amounts from \$50,000 to \$70,000. A dozen barns were unroofed, fences leveled, 300 trees uprooted, fields washed out, shanty buildings ruined, telegraph poles blown over, etc. The skies were as black as ink, the thunder and lightning terrifying and the wind very severe. At least 3,000 window panes were broken. Half the size of walnuts and at some places pieces were picked up as large as 10 inches in circumference. At Sisholtzville, John Wotzel's barn was struck and destroyed by fire, loss \$5,000. Hain's school house, two and one-half miles north from Myerstown, a new brick structure only completed a month ago, was destroyed. This building seems to have been in the circle of a whirlwind and was so badly demolished as to be practically worthless. The north wall was blown in and the east end out, and the roof carried into an adjoining field. Luckily the forty school children had left for their homes and there was no one in the building at the time of its collapse. At several places people were stunned by hail, and many tin roofs were perforated. At Pennsylvania, Montgomery county, several buildings were unroofed and a large coal shed was demolished. Many windows at the Orphans' home at Womelsdorf were broken. The destruction seems to have been far more severe than at first reported. Junior Mechanics Adjourn. Gettysburg, Pa., Sept. 18.—The Junior Order United American Mechanics adjourned sine die today. The per capita was fixed at 25 cents. The salaries of the business men of this city died tonight. And of the vice and junior councilor at \$300. The finance committee's expense allowance was reduced one-half. The next session will be held at Altoona. Judge Gunster's Brother Dead. Wilkes-Barre, Pa., Sept. 18.—Edward Gunster, aged 60 years, a prominent retired business man of this city, died tonight. In 1871 he was elected treasurer of Luzerne county on the Democratic ticket. The deceased was a brother of Judge Gunster, of Scranton. Herald's Weather Forecast. New York, Sept. 18.—Herald forecast: In the Middle States today, partly cloudy weather will prevail, with slight temperature changes, and light to fresh variable winds, followed by rain and cooler conditions. On Sunday, in both sections, weather will prevail, with strong prevailing winds, with northeasterly to northerly winds and rain, followed by clearing, generally, and possibly local frosts in the lake region.
