"I've found a new sun," said a native of Mars,
"It's as brilliant and glowing as thousands of stars."
But the wise old astronomer answered,
"Not so,
'Tis naught but a fine incandescent glow.
'Tis the same old earth made wondrously bright
By using The Suburban Electric Light."

WILL NOT DISBAND
FRANKLIN COMPANY

Sweeping Victory for the "Old Members" Last Night.

WADE FINN WAS THE ENGINEER

Investigation Squashed, "Old Members" Patted on the Back and Mayor Bailey Left the Alternative of Shouldering the Responsibility for All Future Bothers, or of Removing Permanent Man Sprouts.

Only six members of the joint fire department committee, Messrs. Finn, Burns, Moir, Noone, Thomas and Gordon, responded to Mayor Bailey's call for a meeting last night to take action on the troubles at the Franklin Engine house. Mr. Durr, chairman of the committee, didn't attend for the reason, as he stated, earlier in the day, that he believed the Mayor had no right to proceed as he was doing; that his only duty was to call the attention of councils to the matter and leave it to the committee to deal with the case. At the outset of the meeting Captain Moir and Mr. Finn expressed the same sentiments and advised the mayor to either shoulder the whole affair or leave the company's difficulties to the committee to settle. After an hour's discussion a motion to disband the company was lost on a strict party vote three to three.
The committee then decided to allow the company to remain undisturbed for a time in the hope that the majority, which has now undisputed sway, will bring about harmony. Mayor Bailey's motion to disband the company was lost on a strict party vote three to three.
At the outset of the meeting there was no quorum present and while waiting for Mr. Finn, who promised to be around at 8.30, the Mayor suggested to the members of the committee should express their views in an informal way. Mr. Gordon believed it would be better to leave the matter untouched until after the parade next Wednesday.
CAPTAIN MOIR'S OPINION.
Captain Moir believed in leaving the matter entirely alone, as the company was taking steps to right matters themselves. The deadlock is broken now, he said, and as one side has a majority it will in time bring order out of the existing chaos.
This mention of a majority brought up a discussion as to whether or not the eight new members were legally elected. Councilman Simon Thomas, who was one of the eight, said he felt satisfied the election was legal, as two-thirds of the members agreed to the suspension of the rules. The mayor and several others who had examined the Franklin's constitution and by-laws, doubted the legality of the company suspending the rules on a two-thirds vote, as there was nothing in their laws or rules bearing on this particular subject. A copy of the company's laws was produced by Chief Hickey, and after searching through it a clause was found providing that any law or rule not inconsistent with the constitution and bylaws could be passed on a two-thirds vote. This, the committee decided, was sufficient to legalize the snap election.
The committee was about ready to disperse without holding a meeting, when Mr. Finn arrived and urged that a meeting be held and some action taken. The mayor said "very well" and rapped the meeting to order. Mr. Finn held a short whispered conversation with Captain Moir and Mr. Thomas and then made a motion to disband the company, stating that he made the motion simply to bring the matter properly before the house. Mr. Burns seconded it.

WOULD BE A CRIME.

Captain Moir was the only one to discuss the motion, when remarks were called for. He said it was a crime, or worse, a blunder to disband the Franklin, oldest company in the fire department for the causes that present themselves just now. A majority is now in charge of affairs here and if given time will bring things around all right. The only matter the committee has to look to is to see that the citizens of the West Side are given a good service by the company. The bickerings of the members is something for them to settle among themselves. Some of the company may not receive just what may be thought a proper treatment, but the will of the majority is law and they must submit to it just as they do in every organization and turning to the mayor "just as you have to sometimes your honor."
Now that the company has acted on the suggestion thrown out at the investigation, and taken in new members, good service is assured and until such time as the personal bickerings of the members interfere with their giving a good service, the Captain believed, the committee was not called upon to take any cognizance of them.
The motion to disband the company was supported by Messrs. Noone, Burns and Gordon, Messrs. Finn, Moir and Thomas voting against it. Mayor Bailey declined to cast the deciding vote and the motion was declared lost by reason of the tie.
It was then agreed that the committee would deal with any future trouble that might arise among the members and Mayor Bailey promised to take some action regarding Permanent Sprouts, the cause of all the trouble. He said that if he could not induce the company to accept Sprouts as a member he would have another suggestion to offer. What it was he would not say direct, but he intimated that he would remove him or transfer him to some other company.

ENGINEER CODDINGTON KILLED.

Fatal Wreck on the D. L. & W. at Conklin, N. Y.
Engineer Arthur Coddington, of Halls, one of the best known and most popular employees of the Northern division of the Delaware, Lackawanna and Western road, met death in a collision at Conklin, N. Y., yesterday morning about 4.30 o'clock.
He was engineer on the coal train which followed the fast freight out of Great Bend. The freight train broke in two near Conklin and the rear section running backward down the grade came into collision with the train Coddington was pulling. The engine and cars were badly wrecked and Coddington was instantly killed. The other members of the crew escaped by jumping. Superintendent Garrett Borgart went to the scene early and had the road cleared in a few hours.
The funeral of the unfortunate en-

gineer will take place tomorrow afternoon at 2 o'clock from the family home in Halls.

NIGHT CLASSES AT ST. THOMAS'.

They Will Begin at the College on Monday Evening.
The Xaverian Brothers at St. Thomas' college, will open evening classes on Monday next, Sept. 21. Instructions will be given in English grammar and composition, mathematics, bookkeeping, penmanship, literature, history, typewriting and stenography (Permin system).
The philosophical lectures began last year by Father MacGouldrick, will be resumed on Tuesday, Oct. 6, and continued twice a week, on Tuesday and Friday evenings. The course this year will embrace logic, psychology and ethics, and a comparative review of Catholic and agnostic systems of philosophy.
Application for admission to these classes may be made at St. Thomas' college after 5 p. m., or at the residence of the Xaverian Brothers, 331 Wyoming avenue.

HIS LEG AMPUTATED.

Young Austrian of Jessup Fell Under a Fast Train.
Stephen Barlick, of Jessup, an Austrian 29 years old, met with an accident in attempting to jump on a fast going freight train on the Delaware and Hudson railroad at Peckville yesterday morning. He was employed at Jermyn and started along the railroad to walk there.
At the Lackawanna hospital an examination of his injuries showed that his left leg was so crushed that amputation had to be made below the knee. The operation was performed at the hospital last night by Drs. Fish and Gibbs.

POLICE WILL TRY AGAIN.

Return Game of Base Ball at Wilkes-Barre Next Monday.
The police base ball team will go to Wilkes-Barre Monday to again try conclusions with the blue coats of that town.
The team will be made up as follows: Day, catcher; Deiter and Nouis, pitcher and first base; May, shortstop; Duggan, second base; Robling, third base; Peters, Hart, Palmer and Karius, fielders.

FATHER AUST'S DEPARTURE.

Committee of Citizens Presented Him with a Testimonial.
The numerous friends of Father Aust in this city attended a meeting last night and appointed the following committee to express their sentiments to him: Col. P. J. Fitzsimmons, M. A. McGinley, Dr. John O'Malley and John E. Barrett. The expression took the form of a slight testimonial of their esteem in the shape of a valuable gold headed cane which the committee were commissioned to deliver to him.
Arriving at Father Aust's residence Colonel Fitzsimmons in eloquent terms delivered to the gift. Dr. O'Malley seconded the remarks, and Mr. McGinley said that the departure of Father Aust was a loss to this community. Mr. Barrett also made some remarks. Father Aust thanked the committee and expressed his esteem for the kindness of the Bishop of this diocese.

WILLIAMS' COLLEGE NOTES.

Good work is being done by an army of students and our twelve teachers are kept busy. Most excellent results are daily obtained.
The Normal English class was large last year, but is so much larger now that seats and desk room had to be added this week. So many have already arranged for October that added space and desks are provided.
The bookkeeping and actual business departments have never done better work than does the large class now under Prof. McCloskey, Bunney, Layman and Little.
The shorthand and typewriting department has more students in actual attendance than ever before in the history of the college. The best of work is being done.
All praise the work of the Literary Society. Too much cannot be said of it.

MRS. SENATOR WARREN.

Why Paine's Celery Compound Is Famed in Washington Families.

Many persons out of health have found an excuse in hot weather for doing nothing toward getting well. "I will wait until fall," they have promised themselves.
It is now time, if ever, in thousands of cases, to keep that promise.
Nothing should now interfere with building up the weakened nerves.
Now is the time of year when rheumatism and neuralgia must be cured, when debility and nervousness must be checked, when bad health must be mended—if one hopes to get well.
The natural, unchecked course of disease is from bad to worse as the fall and winter wear on.
It is not that rheumatism, neuralgia, insomnia, and kidney troubles are hard to cure—Paine's celery compound has made a host of sufferers well—but people make themselves chronic invalids by neglecting the first symptoms of disease.
Thousands of lives that are now fast wearing out, would be prolonged if Paine's celery compound were in each instance used to stop those ominous pains over the kidneys, to build up the run-down nervous strength, and cure permanently those more and more frequently recurring attacks of headache and indigestion.
There is absolute relief from nervous prostration, sleeplessness, poor appetite, growing thinness and loss of vigor and strength, in Paine's celery compound.
This most remarkable of all known remedies has won the sincere approval of the most progressive part of the community. Here is a testimonial recently received from the wife of United States Senator E. F. Warren of Wyoming, whose distinguished service for the country's best farming interests are so well known:
"I was persuaded to try your Paine's celery compound in the early spring when in a very run down condition. The official devoting upon the wife of an official in public life are naturally very exhausting and I was tired out and nervous when I commenced using the remedy. I take pleasure in testifying to the great benefit I received from its use, and can truthfully say that I am in almost perfect health again. If I ever find myself running down again I shall certainly give it another trial and will in the meantime recommend it to every one needing it."
It is a fact verified by the practice of the best physicians, and by thousands of personal testimonials that Paine's celery compound makes new, pure blood, builds up the nervous system, and cures disease where all other remedies have failed.
Its absolute reliability is shown by its steady employment by trained physicians and in homes made happy by its unquestioned power of making people well.
