WEST SIDE EVENTS.

Prohibitionists Open Their Campaign with a Meeting in Mears' Hall. Address by Quincy Lee Morrow. .

The Prohibitionists opened their campaign on this side last night when about 100 men and a few women gath-ered in Mears' hall and listened to an address by Quincy Lee Morrow, a party speaker. Before the speech and as a means of attracting an attendance to the meeting an enthusiastic Probi-bitionist sang a campaign parody on the "Red. White and Blue" on the street in front of the hall. He ended the song with a verbal invitation for all within hearing to attend the meet-

ing.
Mr. Morrow is a very carnest speak-2r. His sneering reference to Candidate McKinley's reported failure in business was not relished by those present. The meeting was, as customary, opened with prayer. Rev. John Howells offering up an exhortation.

RECENT ACCIDENTS.

Thomas Stevans, a teamster, whose home is on South Lincoln avenue, was thrown out of a wagon last evening while driving down Rebecca avenue. The horse became frightened and unmanageable. After speeding a dis-tance of several blocks Mr. Stevans was thrown from the seat and pre-cipetated to the read. He was badly bruised but no serious injury resulted. Mr. Stevans is a married man and is aged about 45 years.

A few weeks ago a bicyclist ran into

wheel was damaged and at the time it was thought that this was all the harm done, as the woman walked away as if uninjured. Now it has come to light that the woman suffered a fracture of three ribs. She was not aware of this internal injury until several hours after the accident. Her name is Mrs.

William Price and T. M. Miller, the two gentlemen who met with the unfortunate accident Thursday, are suf-fering from much pain, but no alarm is feit by the respective families, Mr. Miller has three ribs fractured on the 1-ft side. Dr. Reynolds is in attendance. Mr. Price is resting quite easily. He is attended by Dr. Allen.

FIXING UP THE ROAD Select Councilman Horatio T. Fel-ws is having the roads of the Fifteenth ward fixed up in the best of shape. The gutters along South Main avenue are being cleaned and on Luzerne street the ditches have been reformed. The bad condition after a rain storm of the corner of Main avenue and Hampton street will be no more after Councilman Fellows is through with it. A trench is being dug at the point and large earthen pipes will caroff anything which Jupiter Pluvius sends us. This is a real improvement and shows that Mr. Fellows has the interests of his constituents at heart. Robinson street and thereabouts is in bad shape at present but there are better times coming. The pave will soon be begun and with the new street car track in place this main line to Scranton will be worthy of traffic.

MR. JONES WELL RECEIVED. The young people of the First Welsh Baptist church held their paster, Rev. W. S. Jones, in high esteem and last evening they tendered him a reception in the church in honor of his return from Wales. John Edwards was chair-man of the evening. Professor James Hughes made the address of welcome He paid his compliments to the popular divine and extended the warm hand of happiness. Mr. Jones' response was characteristic and to the point. During the evening solos were sung by Miriam Jones, "Babylon:" Naomi

Jones, "Remember Me;" Morris Thomas, "The Tempest;" and David J. Jones. Miss Elizabeth Jones recited pleasingly "The Bridge Keeper's Story." Refreshments were afterward served.

AMUSEMENTS.

Monday evening chic little Della Fox and her clever company will sing "A Little Trooper" at the Academy of Music. "A Little Trooper" is from the French "Clairette," by Chivot & Duru. The piece is styled a French vaude-ville opretta and has been considerably modified from the original, with all chiestionable features eliminated Miss reduced from the original, with all objectionable features eliminated. Miss Fox enters thoroughly into the military spirit which is necessary to its success and seems to enjoy the discomfiture of her husband as thoroughly as any of the spectators. As a star she is good, chic, charming, as well as pretty, and cannot fall to attract in any play she would present. The sup-port of Miss Fox is excellent, comprising, as it does, many well known comic opera celebrities.

The public taste, during the past year, has turned toward the romantic drama, and in "The Man in the Iron Mask," Donald Robertson and William Brandon Dougher have a play that has proven its value as an attraction, both from an artistic and financial standpoint. "The Man in the Iron Mask" is an adaptation of Dumas' famous story of the same title, and the dramatic, as well as romantic interest, has been well looked after by Donald Robertson in his adaptation. This well known and interesting play will be seen

on Tuesday, Sept. 29, at the Academy of Music. The Marie Sauger company, which was booked for Monday, Tuesday and Wednesday next at Davis' theater,

cannot get here, and the house will be dark during that period. LETTERS FROM THE PEOPLE.

Sir:—Replying to an article in your paper of the 25th inst, which is misleading. I wish to say: On Sept. I we let a contract to repair our house and build a retaining wall to E. S. Williams, who procured a permit from Commissioner Kinsley to occupy the street. In raising the house necessary timbers obstructed the driveway, making it impossible to get through with a wagon to the stable, the driver therefor essary timbers obstructed the driveway, making it impossible to get through with a wagon to the stable, the driver therefor left it close to the curb and behind the building material in the street in such a position that it was impossible for any one to injure it or themselves without coming in contact with the stone left by Mr. Williams, and some time during the night Lord Kinsley and his Hoodoo Perigo had the wagon taken to the city building, removed a wheel and locked it up in the police station, which they had no right legally or morally to do. I notified Mayor Bailey of the action of our lordship Kinsley and Perigo, who sent an order to these officials to return my property at once, they having no right to the same—which they did. My wife then brought suit against these officials for trespass and procured judgment for the time and damage caused to my business while said wagon was in their possession.

These are the facts; now, have we outraged the city, or have these two outrageous officials, Messrs, K. and P., tried to outrage a hard-working taxpayer?

The public may decide.

All Nonsense. An old story, that we have not heard since the ante-bellum days, is revived by the New York Press, as follows: There is a dignified preacher of the Gospel in this city whose southern wife insists upon having only colored servants. The butler, major domo, footman and general factotum of the parsonage is a clever darkey of 70 or thereabouts, whose education was -- sadly neglected before he left Old Kentucky a year ago. He is trying to improve himself in the matter of reading and writ-ing, and with this end in view sometimes creeps into a dark corner of the church to hear his employer preach. The min-ister detected him the other day busily engaged in taking notes during the sermon, and upon reaching home called him

"Well, Henry," he said, rubbing his hands with warm satisfaction 'I am glad to know that you pay such good atten-tion to my sermons. I think I saw you taking notes this morning." "Yas, sah."

"Let me see them, Henry, I am very curious to know what impressed you Henry soon produced his paper. It was covered with a mass of scribbles, out of which neither head nor tail could be made.

"Why, Henry, this is all nonsense," said "Dat's what I thought it was sah; yas, sah," said Henry, backing out of the door, fully convinced that the sermon was to be taken as an idle joke. Merit wins and that is why Hood's

CARPETINGS

Water-Damaged

It is well known that our fine stock of Carpets, Draperies, etc., has never been offered at "great reductions," "clearance sales," etc., for the reason that the goods were new and select in styles, durable in quality, and right in price.

The recent fire in the Coal Exchange has made conditions different. The pattern and quality is still the same, but the appearance is somewhat impaired by having been wet.

Our trade is such that we cannot afford to have anything in the store with even a suspicion of damage. Therefore every grade of goods must be closed out for what it will bring whether damaged or not. If you need anything for floors or windows, you may never again have the opportunity of buying, such goods at such prices.
