MITCHELLS AT CRYSTAL LAKE.

The Jolly Firemen Are Royally Entertained at the Shore. About forty members of the Andrew Mitchell Hose company No. 1 were entertained Friday afternoon and evening by Mr. Mitchell at his cottage at Crystal Lake. A brighter or more beautiful day than Friday could not have been wished for, and the sun shone down upon the waters of the lake as if shining its brightest to welcome Mr. Mitchell's guests. The firemen were in full uniform when they left this city at 2:45 o'clock for the shores of Crystal Lake, they were accompanied by representatives of the local press and a number of prominent gentlemen who were special guests of the day. About 4 o'clock the company reached the Mitchell cottage, where they were welcomed by Mrs. Mitchell and Mr. and Mrs. Major. Mr. Mitchell had provided entertainment to meet all tastes and every minute of the afternoon and evening was joyously enjoyed by everyone present. Mr. Mitchell personally met each load and extended to all a hearty welcome. Refreshments of all kinds were provided and the rooms were handsomely decorated with ferns and flowers.

After a drill before the ladies of Mr. Mitchell's household, who had added so much to the entertainment of the guests, the company marched to the shore in front of the Crystal Lake hotel, where they went through a number of exhibitions. After this was over President Campbell, in behalf of the company, presented Mr. Mitchell with a handsome ebony cane with a gold head, as a slight testimonial, he said, of the esteem in which the reception was held by the company.

About 6 o'clock the company was ordered to the Crystal Lake hotel, where they sat down to a magnificent banquet. Flowers and ported plants adorned the tables, and the dining had been so arranged that would add to the comfort of the guests. After a number of toasts the banquet closed, and every one went home feeling that it had been one of the pleasant social events they ever remembered.

NO FUN ABOUT IT.

There's no fun in selling Tinware, Stoves, Comforts and Blankets so close to cost as we are now. There's no profit to speak of, either. But figure it out this way: If we can get you to come here once for such things—you'll come more than once—prices must be low to induce economical people to buy here. After we get them to buy here once, we must still keep our prices under other people's, or trade will go back to them.

We Don't Intend to Let Any Trade Get Away from Us
