THEY ASK FOR THE WIDEST COMPETITION

Mulberry Street Property Holders Have a Meeting and Discuss Pavements.

OTHER THINGS THAT THEY WANT

Uniform Width of Thirty-four Feet for the Roadway Is Recommended. An Effort Will Also Be Made to Have the Assessment Made by Blocks. Those Who Attended the Meeting.

Now the Mulberry street property owners are up in arms against the pav-ing of that thoroughfare with Trini-dad take asphalt, the output of which is controlled by the big asphalt syndi-cale, until it shall have been proved that the lake product is better than the land article, or until it can be arranged to have bids for performing the work based on each kind of asphalt.

Over thirty interested property own-ers, nearly all of them men of promi-nence, met is common council cham-bers in the city hall last night to take action on the matter. The ordinance providing for the paving of the stree from Millin to Prescott avenues specithes "standard sheet asphalt," which has been construed in this and other cities to mean Trinklad Lake or Bermudez Pitch asphalt. The property owners think that land asphalt is 65 ents per square yard cheaper and is equally as durable as the lake or pitch article. They do not want the words "standard sheet asphalt" to influence the city engineer to specify Trinidad Lake nor Bermudez Pitch. This con-dition was the hub about which replyed the doings of last night's gath-

ed to a great deal of cross-examination is to during which he announced that in response to letters thirty-eight cities, buntin such as New York, Philadelphia, Wash-ington, Buffalo, Montreal, Toronto, Chicago, Indianapolis and the like. thirty-seven responses pronounced the lake article superior to the other. Mr. Phillips had the letters with him and announced that he had caused for his own protection an analysis to be made of the two products. The result showed the land asphalt to be of inferior quality. He said he could not conscien-tiously interpret the word "standard" in the ordinance to mean lake asphalt and then advertise for bids on the two kinds.

A resolution as follows, offered by M. J. Wilson, was collows, offered by M. J. Wilson, was adopted: "Resolved, that it is the sense of this meeting that the specifications shall be so drawn as to give the widest competi-tion to bidders." On motion of Charles Schlager a committee of five was ap-pointed to confer with the city engineer and other city officials to the end that the resolution might be made effective. The committee was appointed as fol-

lows: J. W. Garney, James Blair, M. J. Wilson, Charles Schlager, J. H. Gunster.
Then arose the question of having the street of uniform width. An or-dinance is now on its passage for narand Jefferson avenues from 40 to 34 feet. It is now the latter width between Jefferson to Clay avenues, and east of the latter thoroughfare the curb for one block is in line with the curb below Clay avenue. It was the sense of the meeting that the width should of the meeting that the width should be but 34 feet along the whole dis-tance of the proposed pave. In con-formity to a motion by Mr. Schlager Chairman Luce appointed A.J. Thomas, G. W. Garney and George A. Jessup a committee to confer with city officials, secure petitions and do whatever else is necessary toward securing the passage of an ordinance for narrowing the

ASSESSMENT BY BLOCKS.

There was some objection to a clause in the paving ordinance which provides for an assessment according to the foot front rule. Many who own properties on blocks containing street railway tracks, between which the company must bear the expense of paving, demurred against paying an equal share for the paying of blocks that are free from tracks, E. A. Newing, J. H. Gunster and Charles Burr were appointed a committee to have changed the assessment clause to the block sys

tem. Before adjournment no announce ment was made of another meeting.

Preasurer Morrison's Shortage Greater Than Expected.

Troy, N. Y., Sept. 28.—The defalcatio of County Treasurer Cleorge II. Morri-son was the all-absorbing topic in this city and its vicinity today, and the hopes that a more thorough investiga-tion of the treasury books would show that the shortage was not as had as was first reported were shattered when the finance committee of the board of supervisors announced today that the

only money available to the county at the present time was \$08. On account of the lack of money, work on the new court house will have to be stopped. No county officer, from grand jurors to the county judge, will receive their saintries, and no bills against the county can be satisfied until the county can raise the money on bonds. Justice Fursman late has night granted to the county officers a writ of attachment against Morrison's prop-erty. While Morrison was waiting for his bond to be made out, he made a significant remark to the effect that no matter what happened, he would take all the blame on his shoulders,

OPINION IN THE M'CLOSKEY CASE

Attorney Knapp of the Board of Control Says He Has No Claim.

MORE TEACHERS ARE APPOINTED

Effort Made to Have the Case of Miss Jennie Durkin Considered Separately, but It Was a Failure .- Board Has a Gas Engine on its Hands That Is Worrying the Building

Professor A. L. McClosky has no claim on the Scranton school district. That was the substance of an opinion from ex-Judge H. A. Knapp, the attorney for the board, which was read at last night's meeting of the board of control. A portion of the opinion is as follows:

is us follows:

Mr. McCloskey is under no contract relations with the Scranton school district and has not been at any time. The fact that at the meeting of July 13 he was selected as assistant teacher in mathematics, which action was reconsidered and rescinded at the meeting of July 27, 1896, would not of itself confer any contract rights upon Mr. McCloskey and neither would it blind him to the performance of any contract obligations. It does not dispepear that any persons was authorized to notify him that he had been selected for the position or that as a matter of fact he ever was notified, nor does it appear that he ever accepted and agreed to serve in such position. Under these circumstances I can have no question that the bourfd was entirely free to reconsider and rescind its action of July 12, 1896.

The communication was ordered filed and the secretary notified to send a

and the secretary notified to send a copy of the communication to Mr. Mc-Closkey. Mr. Walsh wanted to know if the professor had reported at the high school for duty yesterday morning and was told that no one had seen him at the building.

BIDS FOR NEW NO. 23. The following bids were received for erecting new No. 23: Peck Lumber company, \$15,300; Peter Stipp, \$16,000; Williams & Seward, \$16,800; Benore & Son, \$16,175; Green Ridge Lumber company, \$15,940; E. S. Williams, \$14,995; E. Finn & Son, \$14,648; J. B. Wool-

sey & Company, \$15,978. The bids were referred to the building committee for consideration. On the suggestion of Mr. Notz the teachers' committee was instructed to inquire into the advisability of holding one session in the No. 10 annex, which is overcrowded and in rather unhealthy quarters. The resignation of Mr. Wormser as a member of the insurance

committee was accepted and Mr. Bar-ker appointed as his successor. The high school committee reported that the new high school has been completed in accordance with plans and specifications and recommended that it be accepted by the board and final payments be made as follows: Conrad Schroeder, \$27,532.60; Little & O'Connor, architects, \$767.28; J. B. McCoy & Company, for gas and electrical fixtures, \$1.129.46. The following report for the teachers' committee was presented by Chairman

TEACHERS APPOINTED. That Miss Rose Cohen and Miss Neille Benjamin be granted leave of absence for Benjamin be granted leave of absence for one year.

That teachers granted a leave of absence hereafter shall be required to present a certificate signed by a physician before they are reinstated.

That No, 7 shall be regarded as a principal's building.

That parents and guardians shall be required to sign the certificate of age prepared by the superintendent.

That non-resident pupils of intermediate and primary grades shall not be admitted to our public schools and that those admitted to our grammar grades shall pay

to our public schools and that those admitted to our grammar grades shall pay a tuition fee of \$50 per year.

That Fred Evans and Miss Maud Estelle, Miss Mabel Mallery and Joseph Wagner be allowed to take a post graduate course in the high school.

That Mrs. Tierney be transferred from No. 22 to No. 25, and that Miss Kathrya Gibbons be appointed to No. 22.

That Miss Cora Gernon be appointed to No. 35, Miss Anna Gibbons to No. 11, Miss Grace Peck and Miss Jessie Kellow to old No. 19, Miss Jennie Durkin to No. 31 and Miss Nellie Richards to No. 13.

Mr. Carson objected to that portion

Mr. Carson objected to that portion of the report appointing Miss Jennie Durkin, and so did Mr. Walsh. The latter moved that the report be adopted, with the exception of the portion referring to Miss Durkin and that her case be considered separately. This resolution was killed by the following vote:

Ayes—Davis, Carson, Welsh, Nayes—Mitchell, Francois, O'Mail y, Casey, Devanney, Wormer, Schafter, Conract, Walsh, Jacobs, Jennings, Williams, Schriefer, Barker, Langan, Norz, Gibbons and Langstaff.

THE REPORT ADOPTED. The entire report then came up and was adopted. In making the report of the building committee Chairman Jacobs said that they had a bill of \$1,006.66 of Smead & Wills they wanted the board to consider. The bill is for a gas engine placed in No. 13 build-ing in the Fifteenth ward as a part of the ventilating plant. Although the engine has been in place for some time it has not been tested because the gas main has not yet been extended to the take the responsibility of approving the bill, but still felt that the firm that furnished it should be paid for it. The bill was referred back to the commit-

the with instructions to report it with a recommendation.

Rev. W. H. Stubbletine was given permission to address the directors. He said he represented the Committee of 36 which is arranging for the Christian Endeaver state. tan Endeavor state convention and he asked the directors to dispense with school on the afternoon of Thursday, Oct. 8, to give the children an oppor-tunity to attend the Junior Endeavor-ers' rally, which will be a feature of the convention and which takes place on the afternoon above specified. The matter was referred to the teachers' committee and the superintendent with power to net.

LETTERS FROM THE PEOPLE.

[Under this heading short letters of in-terest will be published when accompa-nied, for publication, by the writer's name. The Tribune will not be held re-sponsible for opinions here expressed.]

Editor of the Tribune,
Sir:-Certain individuals are circulating
rumors that Rev. Father Hodur, of Nanticoke, is to be the rector of the new "Independent" Polish Church of Scranton.
Such rumors are false and malicious, and
come from individuals of little principle
or conscience. Last Saturday we waited
on the Right Reverend Bishop O'Hara,
with a petition signed by 787 members of
the Polish congregation of Scranton, requesting the appointment of Rev. Father
Hodur as our pastor. To this petition
could have been added at least 300 more

Rev. Francis Hodur addressed us urging Rev. Francis Hodur addressed us urging strict obedience to the command of the bishop. We all have the fullest confidence in the justice and wisdom of our bishop and believe he will not hesitate in granting the request of the congregation, knowing that the future fate of every Catholic Pole of this city depends on his granting or refusing the request.

If the Right Reverend Hishop O'Hara should refuse to grant the congregation's request then it will be time to consider future action, but we all hope that it will not come so far, and any rumors discrediting us are without foundation. One thing is sure, and this is that all Poles of the city are united now and will do everycity are united now and will do every thing in their power to redeem the good name that was stained by constant trou-bles in the church.
