Rev. John Loughran, pastor of St. Joseph's church, Minooka, in a sermon yesterday morning discussed in a forceful manner the lawlessness that has been going on in the vicinity of the city line, and what he had to say will have the effect, no doubt, of checking the spirit in the future.

Father John blamed the parents for not having more concern for their sons. The time is at hand for the hardest work and the achievement of the great-est results in a political campaign, by the Republican League clubs of Pennsylvania. The league was never so strong as now, and never contained so many earnest, active clubs as today. He had no apologies to make for the part he acted at St. Louis. The national con-vention owed nothing to Scranton. It honored Scranton in coming here. John H. Devine, after giving Mr. O'Toole credit for being conscientious in his opposition, gave him a gentle dressing down, first by reminding him that his own society, the St. Peter's of Bellevue, pledged itself enthusiasti-cally for the 1837 convention, and, secondly by characterizing his on-slaught on the union's president as un-timely and discourteous and tending to do much harm. Mr. Devine raised a laugh by remarking that during his own incumbency as president of the Union he was kept so busy defending his own personality that he had little time for the work of the office. Mr. Lavin rose to explain that before that the hustlers are put on. "Work with the regular committees, but cut some paths through the tall timber yourselves. The league is the best political organization in the world and all it needs to do is to seize the opportunity. Pennsylvania ought to give less than 300,000 plurality McKinley and Hobart electors, 7 This result will not come through inaction or over confidence.
