WON HER CONFIDENCE.

A man giving his name as David Williams, last week called at the home of Mrs. Maria Greening, a widow, liv-ing on Luzerne street. The man asked for something to eat, he spoke in the Welsh tongue and his general good ap-pearance drew out the wanted meal. He said his home was in Schujikili county and he was in heard beet. This county and he was in hard luck. This was his tale. So skillfully did he work upon Mrs. Greening's sympathies that when he asked for permanent board at the house he was given it. He stayed two-lays, during which time he claimed that he had secured work at Briggs' mine. Last Friday he left the house, saying that he was bound for Wilkesre for his baggage. BICYCLE RACES. National Circuit Meet at Washington, D

C .-- Closing Event of the Season.

Standing of Riders.

Washington, Oct. 5.—The National Circuit bicycle meet at International Athletic Park was the final windup of the national circuit of the season. The track, which is one-third of a mile, was in perfect condition. The weather was cloudy and the attendance large was cloudy and the attendance large. Additional interest was lent by the fact that today's events would probably determine the standing of the season of 1896 of the three leading professionals—Bald, Cooper and Gardiner—it being possible for either of the trio to win the coveted honor. Bald captured two

first places and one third, scoring seven points, and winning the championship with a score of 66 points. Cooper came In first in one race and second in an-other, making his total 65; while Gardi-ner scored second twice, bringing his total up to 64. This rivalry had much total up to 64. This rivalry had much to do with the fast riding and exciting finishes in the professional events—the last, a two-mile handleap, with handl-cap ranging up to 275 yards, being marked by a very close finish between the scratch men, and was won almost at the tape by Cooper. Following are the results:

Mile novice-Won by H. W. Hardester; Mile open, professional—First heat won by Tom Cooper, McCurdy second, James C. Bowler third; time, 2.25, Second heat—Won by E. C. Bald, Arthur Gardiner second, C. A. Cruch third; time,

BASE BALL.

Baltimore Wins the Third Straight Game in the Temple Cup Series.

Paltimore, Oct. 5.—The chances for the Temple cub resting in Baltimore this winter are bright. Today the third game of the series with the Cleveland team, and last one to be played in Baltimore, went to the home team by the score of 6 to 2. The champions need but one more game to capture the elusive flagon. Unless the Spiders put up a better article of ball on their home grounds than they have presented here the Orioles are likely to make it four straight. Not that the westerners have not played good, fast ball, but the eastern boys are at their best, and for the first time in a Temple cup series, have been able to give their opponents pitch-ing of the very highest class, while Young and Cuppy have both been out of condition.

The teams will continue the series in Cleveland on Wednesday, Friday and Saturday, provided, of course, the Orioles do not win and thus end the contest. Should a seventh game be necessary to decide the winner, it will most likely be played in Pittsburg.

BALL MAGNATES DELIBERATE.

National Board of Associations in Session at New York.

New York, Oct. 5.-The meeting of the national board of professional base ball associations which commenced this morning, was adjourned at 7.45 o'clock this evening until noon tomor-row. The board, which consists of N. E. Young, chairman; J. T. Brush, of Cincinnati; A. H. Soden, of Boston, and C. H. Byrne, of Brooklyn, spent almost the whole day considering grievances of the Western league. President Young said that no decision had been arrived at, as the time of the board had been taken up with hearing of evi-dences and discussion.

President "Ban" Johnson, of the Western league, and J. T. Killilea, owners of the Milwaukee club, were before the board. Colonel Rogers, of Philadel-phia, was also a witness. The mem-bers of the board would give no particulars, but it was understood that an effort was being made to force the Western league to resign from the protection of the National league at the institution of the Minneapolis and Indianapolis clubs, the latter of which is owned by J. T. Brush. President Young also said that the matter was one which required consideration, as to how far the power of the national board extended and which were its rights in the matter. Decision will probably be arrived at tomorrow and other minor league matters will be taken up.

New York, Oct. 5.—Stocks in the early dealings were weak and lower, the active issues showing a reaction of hally per cent, in the first half hour. The weakness of the market was due in a great measure to the further decline of hally cents per pound in refined sugar, although the lower cables from London were not without influence in certain quarters. Sugar, Manhattan, the Grangers and Leather preferred were particularly weak spots at this time. The downward tendency in the market was checked before mid-day by a sudden though not an entirely unexpected weakening in the stering exchanges. The Grangers, Louisville and Nashville, Sugar and Western Union were all prominent in the afternoon rally. Sugar, which dropped to hely early in the day rose to hely and left off steady at 110% against 110% at the close on Saturday. Speculation closed firm in tone. Net changes show gains of hally per cent, Manhattan leading. Total sales were 26, 993 shares.
