#### STRUCK BY AN ENGINE.

**Serious Accident on the Ontario and Western Railroad.**  
James Barrett met with an accident at the Scott street crossing of the Ontario and Western railroad on Monday afternoon which may prove fatal, as the doctors find but little hope of recovery. He was riding with Robert Fry, but the approaching freight train was not noticed until it was upon them. The horse sprang forward and Mr. Barrett was hurled aside by the locomotive with great force.  
He was taken immediately to the hospital and Dr. H. E. Wheeler, assisted by Dr. Jenkins, trephined the fractured skull of the unconscious man, who had received a concussion of the brain. Several ribs were broken and had penetrated the chest. Mr. Barrett was conscious last evening, with but little hope of recovery.

### ARCHBALD.

A regular meeting of the school board was held on Monday evening. President Barrett presided. The following bills were ordered paid: American Book company, supplies, \$134; Jere O'Hearn, insurance, \$67; M. Norton, \$2; New York, Ontario and Western railroad, \$140; Archbald Water company, \$21; J. M. Dougher, \$193; C. A. Battenberg, \$6. The following were employed to teach night school during the winter months: Martha Stern, William Gaughan, Sarah Keogh, Alice Murphy, Mary O'Boyle, Matilda Kieley. The term will begin on the first Monday in November. The building committee was instructed to look over suitable sites for the erection of a new school building to accommodate the large number of children who are now obliged to go to school because of the operation of the Farr Compulsory education bill. At present the primary schools in the graded building are overcrowded, the attendance in two of the rooms averaging about ninety. The committee is not expected to buy, simply to examine desirable localities and report to the board.  
The borough council met in regular session on Monday evening. President Jones presided, and all members except Mr. McGlynn were present. The secretary was instructed to draw orders for payment of the following bills: Archbald Water company, \$75; John Carden, \$10; Dr. Van Doren, salary as health officer, \$25; P. J. Burke, six weeks' salary, \$22; Richard Keogh, \$7. A bond of the Archbald Traction company was accepted. This is the company which was granted a right of way over certain of the borough streets about a year ago. Their rights under their franchise will expire if work is not begun immediately. In order to guard against a forfeiture the company has decided to begin the construction of the track and has filed the bond for that purpose. Attention was called to defective corners on Main street and it was decided to repair them.  
Thomas Anon, who had been summoned here as a witness in the Whitte-Kimback case, returned to the University of Pennsylvania yesterday.  
Misses Bessie Burnett and Agnes Boland of Scranton, spent Sunday with friends here.

#### AVOCA.

There will be a joint meeting of the

### SQUEEZE AND FIRE.

**A Serious Condition of Affairs at the Butler Mine.**  
Pittston Gazette.  
There is a serious squeeze and fire in the Butler mine. The fire resulted from the explosion of a quantity of gas which had accumulated in the squeezing territory, and it has been decided to try to extinguish the flames by turning water into a portion of the mine.  
The trouble began yesterday morning, when the pillars in a slope in the Red vein, about 50 feet in an easterly direction from the foot of the shaft, were found to be "chipping." The miners were not permitted to enter, and Mine Inspector McDonald was notified.  
It was not known to what extent the workings were squeezing, so last evening Inspector Daniel Brady and Fire Boss Fred Davis entered the mine to investigate the condition of affairs. There had never before been any gas in the mine, but the "squeeze" had apparently forced gas out of the crevices, and an explosion occurred. The men were not injured, though the shock was quite severe. The explosion set fire to the slope, but to what extent the flames have spread is not known, as it is not deemed wise to enter the mine too far. General Manager Bennett says that about three or four acres are involved in the squeeze. There are

### Boils

It is often difficult to convince people their blood is impure, until dreadful carbuncles, abscesses, boils, profluvia or salt rheum, are painful proof of the fact. It is wisdom now, or whenever there is any indication of

### Impure Blood

to take Hood's Sarsaparilla, and prevent such eruptions and suffering. I had a dreadful carbuncle, abscess, red, fiery, nerve and sore. The doctor attended me over seven weeks. When the abscess broke, the pains were terrible, and I thought I should not live through it. I heard and read so much about Hood's Sarsaparilla, that I decided to take it, and my husband, who was suffering with boils, took it also. It soon purified our

### ELECTRICITY IS KING.

### DR. GREEN'S ELECTRO-THERAPEUTIC INSTITUTE

607, 608 AND 609 MEARS BUILDING  
Corner Washington Avenue and Spruce Street, Scranton, Penna.

This institution is fitted with the latest appliances in electricity, comprising the valuable achievements of Professors Marconi, Rockwell, Rainey, Aikens, McJannet, Gilson, Roentgen and others, and the physicians and assistants are competent and reliable.  
Let us call your attention to the facts that in this institution we have the facilities for inducing the X Rays, strong enough to enable us to see through the flesh of the human body; can distinguish features of the bone, dislocation and deformities of the joints, and locate metallic substances in the flesh of the body.  
With our superior Electro-static Influence Machine we are in a position to apply the static electricity in the treatment of rheumatic, neuralgic, catarrhal, and all nervous diseases for which electricity is doing so much of late.  
The blood clot causing Apoplexy and Paralysis can be dissolved and carried away by proper application of Galvanism and Faradism.  
Cures of Catarrh are being made by the inhalation of ozone from the Electro-static machine.  
We might mention hundreds of troubles which are amenable to electric treatment, but space will not permit.  
Dr. Green treats all cases amenable to electrical treatment; is a graduate and experienced practitioner of medicine, has the best of references, and will charge nothing for consultation.  
Those who cannot call should write for information.
