ed and the introductory song and devotional service was conducted by Rev. Dr. James McLeod, of the First Presbyterian church in this city. The singing was led by the Central City section of the united choir under the direction of Prof. J. M. Chance and was one of the delightful features of the evening.

An adjournment was made at 11:45 o'clock, many of the delegates going to places announced for the noon evangelistic meetings.

When began the afternoon session in Elm Park church at 2 o'clock the large auditorium was not filled, but the late arrivals occupied all the remaining vacant capacity. President McCrory presided.

Rev. Dr. C. E. Robinson, of the Second Presbyterian church, of this city, conducted the opening devotional service, which consisted of the reading of Acts II, and a brief but fervid prayer for co-operation in Endeavor work and the presence of the Holy Spirit.

Professor and Mrs. Lowe, whose singing in the morning sessions was so popular and familiar melody. The theme for the evening discussion, "Our Times," was mentioned by Dr. Robinson, who, in referring to the three speakers, said either was qualified to occupy the whole of the session; in the three there was enough spiritual and mental dynamite to blow the building into kingdom come.

DR. JEFFER'S TALK. Rev. Dr. E. T. Jeffers, president of the York College institute, and who discussed "Men and Women For Our Times," was the first speaker. His church was one of the most magnificent links between science and religion that he had ever seen. In his address he said:

The "Times are out of joint," and have been ever since the beginning of our first father fell there was a dislocation that we are still suffering from. The man for the times is not a man who is able to walk straight, i. e., in the ways of God, but a man who is able to walk crooked, i. e., in the ways of the world.

ENROLLMENT. Young Inter-Dept. Mch. Feb. 1887 1888 1889 1890 1891 1892 1893 1894 1895 1896

Rev. J. Lincoln Litch, of Bethlehem, the first state president, was asked by Mr. McDonald to say something of the work of the department during the morning. He was greeted by a Chautauque salute as he approached the platform.

SUCCESS DUE TO FAITH. After speaking of the tropic and uncertainty with which the work was started he remarked that much of the success of the department was due to its faith. Rev. Dr. J. T. Beckley, now of New York city, the second president, could not be present. The third president, Mr. W. H. Harrison, was introduced and like Mr. Lincoln was greeted by the waving of handkerchiefs. He spoke especially of the self-denial of the old state officers.

Rev. Charles Roads, D. D., of Philadelphia, the fourth president, though in the city, was not present. Dr. McCrory, now president, declined to take up the convention's time. J. C. Manning, of Pittston, district secretary for Luzerne county, told briefly and in a clear way the work in the different Endeavor departments in his district.

Secretary McDonald remarked that the society in this city has shown an immediate and great growth in cities where conventions had been held and reported figures to prove it. Treasurer Raymond, who was chairman of the general convention committee at Erie last year said that there were ten new societies formed, the number of members increased and free-giving had been increased two-fold.

Secretary McDonald said he wanted to say a few words to the convention to which was the oldest society in the state. After searching the records he was satisfied that the first society was organized in this city in 1827, and the second in the Watsonville Lutheran church in July, 1884. He remarked upon Pennsylvania's record in the state of the world's strongest Endeavor state in the union.

VERBAL REPORTS MADE. Brief reports were made by District Secretaries Wilson, of Philadelphia; Moore, of Columbia; R. Peck, of Bradford and Sullivan counties; Mr. Benson, of Philadelphia. Others who had been called upon, so far as they could be remembered, were: Mr. McDonald said, but for the lack of time.

A delightful break in the programme was the solo by Miss Elsie A. C. Van Hook, the contralto soloist of Elm Park church. She sang with much feeling and with that rare faculty of vocal expression of which she is so capable. "I'll Follow Him."

Mr. Lincoln Litch, of Bethlehem, N. H., a missionary who has lately been heard in several Scranton churches, spoke of the Armenian situation. She occupied but a few moments, but by the rapid use of figures an explicit discussion of fact greatly interested the audience. She concluded with an eloquent appeal for liberal giving in aid of the Armenian cause.

An open parliament lasting forty minutes on the topic "The Strong and Weak Points in Your Society," was presided over by H. Lincoln, of Bethlehem. Someone in the near gallery answered the question by saying "The strongest point in our society is the fact that it is not a political party."

WHERE STRENGTH LAYS. It appeared to be the consensus of opinion that a society's strength lay in its activity and its work among strangers in the church, and its weakness in an absence of those conditions. Over-organization and too many committees were deemed to be the chief defects. Committees would be preferable to a large number of non-working bodies. It would be better not to encourage any prospective members to join unless they were useful. Much benefit is felt from strict attention to attendance at business and prayer meetings.

The session closed with a benediction by Dr. McCrory. It was 7:30 o'clock when the evening session began in Elm Park church. There was scarcely a vacant seat in the church when the opening service was fairly under way. Dr. McCrory presided.
