GOLD RUSH LINE IS IMPREGNABLE

It is Being Made Strong for the Final Assault.

THE ODDS ARE BIG IN ITS FAVOR

Proposal to Desecrate the Sabbath. Altgeld's Party Want to Use It for a Political Demonstration -- Nothing Is Sacred to the Popocrats -- Official Authority Is Necessary Before They Can Carry Out Their Plan.

Chicago, Oct. 13.-Both the Republicans and Sound Money Democrats are devoting all their energies to the strengthening of their rush lines for the final skirmish. During the past twen-ty-four hours Mark Hanna has held individual consultations with all his chiefs of staff, as well as with a large number of leading spellbinders who are temporarily in the city, and he has reached the conclusion that there is not a single weak place in the line through which the Popocrais can break. So well have the states, in which the opposition is making its last struggle, been filled with speakers that there will be a dozen Republicans to talk gold, tariff and reciprocity for every free silver speech made by Bryan. In Indi-ana, Michigan and some other states the Popocrats are on a "still hunt," but agents of the Republican national executive are following their every move and checkmating their efforts.

move and checkmating their efforts.

Senator Quay's table given out last night is indorsed in the main by Colonel Payne, who has been dubbed the "statistician of national headquarters." Colonel Payne had about completed the latest table of his own when that of Senator Quay was read. The latter places five more votes in the certain column and eighteen more in the doubt-ful column than does Mr. Payne. The latter's table gives 265 electoral votes for McKinley and forty-nine d. but probably Republican. Other tabulators at headquarters give McKinley 292, this estimate taking from Bryan all the western coast states, because of information received by the national committee, that the free silver strength in these states has been great-

ly overestimated.

Reports are coming in daily by wire and mail to the effect that the red-hot campaign that, at Mr. Hanna's direc-tion, has been carried on in Oregon, Washington and California, has taken those states out of the doubtful col-

DEMAND FOR SPEECHES. The gold standard Democrats are deluged with requests for speakers. A deputation from Kansas is here today with the offer of a special train for any man of national reputation who will make a flying tour of the state for the next ten days. Senator Vilas was asked last night to undertake the trip, hasked last night to undertake the trip, but this morning begged off, and efforts are now being made to secure Senator Lindsay, of Kentucky. Palmer and Buckner are at Cincinnati this morn-ing, and will go through Tennessee and ing, and will go through Tennessee and Alabama to New Orleans, returing here on Monday for twelve days on the stump in this state, Wisconsin, Minnesota and Iowa. Richard W. Knott, of Kentucky, took the stump last night at Litchfield, and Comptroller Eckels makes the first of ten speeches at his home in Ottawa on Friday. And so the record might be multiplied at length. There is no question but that length. There is no question but that the National Democrats have in the closing days of the campaign, when than ever, proven themselves a much more formidable auxiliary of the Re-publican army that is battling for sound money and national honor than had been anticipated by their friends or looked for by their foes,

A CHARACTERISTIC ACT. There is a good deal of unfavorable comment today over the semi-official announcement that the Popocrat silver campaign is to wind up on the Sunday before election with a great street parade, intended as an offset to the Chicago Day demonstration. Chicago makes no pretension to a New England Sabbath, but, nevertheless, political parades have so far found no place in its style of observing the first day of the week. Some people are in-clined to the opinion that nothing else but a desecration of the Sabbath might be expected from a party that stands for everything opposed to law and or-der, and that the selection of a Sunday for its closing effort is in line with its whole campaign. It requires, however, a municipal permit in order to march through the streets either Sundays or week days, and the proposed attack on the sanctity of the Holy day may encounter some obstacles at the city hall.

SNOW FALLING IN THE FAR WEST.

Reports to the Railroads Show Cold Weather in the Black Hills.

Omaha, Neb., Oct. 13.—Reports to the railroads on the weather today show that it is cold and that in some parts of the west there is snow. The Bur-lington report tells of rain at every station on the system west of the Misriver and snow at several towns in the ack Hills and on the Wyoming and Montana divisions. There are two inches of snow at Sherman, Wyo. The coldest weather on the Burlington is at Clairmont, where the mometer registered 10 degrees above warmest at Nemaha, where it shows 48 above. The average is 46 de-

adjourned Senator Butler informed a reporter that the business of the meeting had been confined to a discussion of fusion plans in Kansas and Colorado which he hoped to bring to a successful end before night. Senator Butler was enthusiastic over the outlook. He said Illinois is not needed for Bryan, as he was assured of Indiana, Iowa, the solid couth and west Maryland Dalawar. was assured of Indiana, lowa, the solid south and west. Maryland, Delaware and West Virginia, he declared, are certain, and Kentucky is like Texas. As regards Watson, Senator Butler said that his name had not been mentioned. No effort will be made to take him off the ticket, nor has any such attempt been thought of. Not one word will be said and not a single step will be taken which would in any way tend to embarrass the candidacy of Bryan.

The Cardinal Visits Places of Inter-

est in New York City. York, Oct. 13.—Cardinal Satolli, Archbishop Corrigan and party, today, in accordance with a wish recently ex-pressed by the cardinal, made a sight seeing tour of the city. Among the places visited were a cordage factory, the Waldorf hotel, Businessmen's club, the Appelate court room, the weather

The party lunched at the Lawyers' club, several distinguished members of the bar being present. Later he will be entertained by the Catholic club.

Archbishop Martinelli is to dine with Cardinal Satolli on Thursday night. GREAT BARRINGTON FIRE.

The Loss Nearly Three Hundred Thousand Dollars.

Great Barrington, Mass., Oct. 12.— The fire which swept over this place last night spread disaster on all sides. The business portion of the town was almost completely destroyed. The telephone and telegraph wires were burned out. Some estimate the extent of the damage at \$300,000, and others at a much higher figure. The fire was got under control at day break, and about 5 o'clock was entirely extinguished.

Along Railroad avenue every build-ing was gutted. The church block, the principal one here, was utterly destroyed.
About sixty firms representing all

kinds of business and many families were driven into the street. NO WEDDING IF BRYAN LOSES.
