MARKETS AND STOCKS

Wall Street Review.

Wall Street Review.

New York, Oct, 14.—During the early trading at the Stock Exchange today the market ruled active and strong. A very confident tone characterized the business and there was good buying for both local and foreign account. Quite a number of operators espoused the built cause, being influenced by higher prices for American securities in London, large gold engagements and the tavorable statement just issued by the burcau of statistics of the export trade of the country for September, London houses were credited with taking fully 2000 survey priced in the low-priced issues. The gold engagements reported today foot up \$1,500,000 and according to authorities the amount to be shipped this way by steamers leaving Eurpe tomorrow, Saturday and Tuesday next will aggregate \$1,000,000. The heaviness of Sterling exchange posted rates having been reduced by cent interpreted as meaning that the movement this way will continue for some time. The advance in stock prices during the morning session ranged from \$2,10,214 per cent., the Anthracite, Industrials and Grangers being the leaders, Lackawanna rose to 15%; Delaware and Hudson to 123½; Cotton Oil Preferred to 50½; Sugar, 109; St. Paul to 71; Rock Island to 61%, and Chicago Gas to 61%. Tobacco was weak throughout and on attempts to realize the price broke from 76 to 71%, Later in the day a decline set in ranging from \$1, to 17, per cent, the latter in Manhattan. Speculation left off steady in tone. Net changes show gains of \$4, to 18 sales were 20,045 shares.
