It Was So Easy to Him.

"It's too bad," said Willie Washington, "that the good old custom of making calls on New Year's Day is slowly but surely dying out." "Very much. When you can't think of anything else you can say 'Happy New Year' and it's the only time when I ever feel warmly at home as a conversationalist."--Washington Star.

A WOMAN'S STORY.

It Should Be of Interest to Every Thinking Woman.

Women who reason well know that no male physician can understandingly treat the complaint known as "female diseases," for no man ever experienced them. This, Lydia E. Pinkham taught them twenty years ago, when she discovered in her Vegetable Compound the only successful cure for all those ailments peculiar to the sex. Many women have a fatal faith in their physician, and not till they can suffer no longer, will they think and act for themselves.

The following testimony is straight to the point, and represents the experience of hundreds of thousands of now grateful women: "For six years I was a great sufferer from those internal weaknesses so prevalent among our sex. After having received treatment from four physicians of our city, and finding no relief whatever, I concluded to try Pinkham's Vegetable Compound, and it has proved a boon to me. It can truly be called a 'Saviour of Women.'"--Mrs. B. A. FERRIS, Waynesboro, Pa.
