**EXPLOSION OF GAS.**

Much Damage Done But No One Was Injured.

An explosion of gas occurred in the Mt. Lookout mine at Wyoming about 11:30 o'clock yesterday. The explosion was in the south side of the mine near what is known as Rapson's tunnel. A large volume of gas had accumulated in a chamber in which a miner was at work and having a naked lamp, he set it off. The explosion was something terrific and has made a wreck out of that part of the mine. The miner escaped injury, as did others working near the scene of the accident. The force of the explosion was felt 3,000 feet away. The timber and brattice work were badly shattered and it was necessary to begin the work of repair at once. Mine Foreman William Thomas and his assistant John McDraw, having a gang of men at work repairing the damaged parts, and timber is being sent down the mine as fast as it can be done. It is thought that it will take some days to repair the damage. It seems miraculous that all of the miners working in that part of the mine escaped being buried. Soon after the explosion considerable excitement prevailed, the miners getting to the surface as quickly as possible.

**ELECTRICITY IS KING.**

**DR. GREEN'S ELECTRO-THERAPEUTIC INSTITUTE**

Corner Washington Avenue and Spruce Street, Scranton, Penna.

The late ROBERT BARTHOLOW PROFESSOR OF MATERIA MEDICA, GENERAL THERAPEUTICS, and HYGIENE at the UNIVERSITY OF PENNSYLVANIA, and the University of Philadelphia, said in his last work on medical electricity: "The time is not far off when electricity for medical use will take the place of many drugs with the same phenomenal success in the moving of cars, lighting of streets and houses and for general motive power." It was in 1820 that GALVANI discovered the action of galvanism on the nerves by experiment on a frog. For 100 years galvanism has continued to grow in prominence as a cure for disease. LET IT BE THOROUGHLY UNDERSTOOD that Dr. Green is a graduate in medicine and pharmacy, he has prescribed for thousands of patients who have never had an application of electricity, but experience and study has convinced him, as it has Martin, Rockwell, Massey and others of prominence that electricity is the KING OF MEDICAL REMEDIES. Bear in mind that proper electrical treatment, with first-class appliances, is NOT PAINFUL. If you wish to know the result of Dr. Green's treatment for Rheumatism write to E. Bostick, 297 E. Cumberland street, Philadelphia, Pa., or care Seabury & Johnson, New York.
