PREPARING FOR THE RALLY.

The West Side contingent of the Republican county committee held its first meeting last evening in Jones' hall on North Main avenue. The purpose was to make final arrangements for the mass meeting in Mears' hall next Monday night. Everything is now in readiness. The speakers will be ex-Mayor John H. Fellows, Representative John R. Farr, Attorney James J. Hamilton, and Hon. J. B. Williams, ex-United States consul at Ghent, Belgium. At the committee meeting last night every member was present. SOUTH SIDE NEWS.

Eleventh Ward Club Will Hold a Rally Next Week—Philip Schuerer Hand Caught in a Cog Wheel.

The Eleventh Ward Republican club is making arrangements for a great demonstration to be held some evening next week. Dr. A. Kolb is president of the club. The club is not definitely known now the date on which the meeting will be held because the committee in charge of supplying speakers is so far progressed by applications from all over the county that all requests cannot be met just at once. But assurances have been received that the meeting will be held about the latter part of the week. The Eleventh ward club is desirous of having the credit of the most enthusiastic rallies of the campaign.

INJURY TO PHILIP SCHUERER.

Philip Schuerer, of the firm of Schuerer Bros' Keystone bakery, of Brook street, sustained a painful accident a few days ago while making repairs on the machinery. His left hand got caught between two cogs and the thumb was crushed. The accident was not serious. Dr. Kolb attended him, and has hopes of being able to avoid the operation.

GREEN RIDGE.

Mrs. Jackson's Sunday school class of the Baptist church, held an entertainment in the W. C. T. U. rooms on Penn avenue, Thursday evening. It was liberally patronized and proved a success. The following is the programme which was well rendered: Welcome song; class; recitation, Miss Lizzie Brandt; soprano solo, Miss Hallie Callender; recitation, Miss Lillie Jackson; bass solo, Mr. Johns' selection, by Mrs. Mills, Mr. Linney and Arthur Hudson; recitation, Miss Bertha Conger; soprano solo, Mrs. Mills; dialogue, "The Investigating Committee," by Mrs. Deane. Boland is rapidly nearing completion, and when finished will make the most attractive building on Potter street. A petition has been presented by the property owners of the patch, situated in the sixth ward, asking the borough to place a fire hydrant and an arc light at the corner of Adams avenue and Larch street. They claim the locality to be entirely unprotected from fire and a dismal dark place at night. They also included in their petition a request that the borough engineer grade Adams avenue between New York and Larch streets. This portion of their petition has been granted. A complaint has been made against the Traction company for charging an extra five cents from the corners to the borough line. Nothing Like It. The great crowds that attend David Brod's auction sale of watches, etc., is the talk of the town. Nothing like it has ever been seen before. Try Jordan's one-half minute stews.

HE WAS POSTED.

The Old Stage Driver Showed the Boston Lady That He Remembered Things.

From the San Francisco Post. She was from Boston and was on her way to the gayety. She had rendered the stage driver thoroughly uncomfortable by throwing great chunks of botanical and geological information at his head, and he had about reached the determination to frighten her with stories of highwaymen till she would get inside the coach, when some gnarled and twisted oak attracted her attention. "Do you know how old those trees are?" she asked, and was preparing to launch a whole row of figures at him when he surprised her by answering very promptly: "Three thousand and six years."

NICHOLSON.

Mrs. J. E. Harding, after a two week visit with her sister in Scranton, has returned home. Miss Mary Williams, of Orange, N. Y., is enjoying a visit at her cousin's, Mr. and Mrs. O. H. Williams. Survival of the Fittest.

Bobbie—"On my way to school this morning I met the new boy who has moved into town." Mrs. Binko—"Yes, and here's a note from the teacher saying you were late." Bobbie—"That's true. The new boy didn't get there at all."—Truth.

ONE MAN WHO MADE MONEY.

Orator Received an Answer Sooner Than He Expected. From the Washington Star. "Judge Denny, of Lexington, had a peculiar experience in Menfee county, Kentucky," said a man from the blue grass state to a Star reporter. "The judge is one of the most eloquent stump speakers in the Republican party, and no one can make a stronger logic argument. He was charging the Democratic administration with the financial depression in an outdoor meeting near Frenchburg. 'What do you think of making any money? If any one is I would like to see him.' 'After the meeting closed a man came up, and, taking the judge to one side, said: 'I'm the man you axed for in meetin'. 'Course I couldn't make no sign in that crowd, but I am ready to do anything.' 'You are what man?' asked the astonished orator. 'The man that's makin' th' money out here,' he replied. 'Oh,' replied the judge. 'Well, what are you making?' 'Nothin' but half-dollars, but I've a brother in Bell county who makes dollars, an' I reckon I could git yo' some. Yo' hev a pow'ful chance to pass 'em goin' 'round, but I never would a thought to spoke if yo' hadn't axed for me.' 'The rather startled statesman could do nothing but make an appointment with the man, and then leave the county as quickly as possible.' To Cure a Cold in One Day. THIRTY YEAR 5 PER CENT. FIRST MORTGAGE GOLD BONDS

FREE FROM TAXES. THE SPRING BROOK WATER SUPPLY CO. INTEREST PAYABLE APRIL 1 AND OCT. 1.

The Spring Brook Water Supply Company offers to the public ONE HUNDRED THOUSAND DOLLARS of the above described bonds. The company owns and controls the water supply of the Lackawanna and Wyoming Valleys, from Scranton to Nanticoke, including, among others, the following cities and boroughs, to wit:

Wilkes-Barre, Pittston, West Pittston, Avoca, Durycia, Wyoming, Luzerne, Kingston, Edwardsville, Parsons, Miner's Mills, South Wilkes-Barre, Ashley, Sugar Notch, Warrior Run, etc. The bonds are secured by mortgage on the entire system.

The company has no hesitation in offering and recommending these bonds as a safe and desirable investment. The history of the company in the system shows that water companies are free from the fluctuations and disturbances that affect industrial and railroad enterprises. A thorough investigation of the Wilkes-Barre Water system, covering a period of forty-five years, shows an annual increase over the previous year, without exception, and this through a period covering several financial panics and the Civil War.

The company is taking care of the increased growth of the valley in its demand for a good and pure water supply, a sufficient number of bonds being held in the treasury for this purpose.

Scaled proposals will be received for the whole, or any part of the bonds offered, until Wednesday, October 23rd, 1896, at 10 o'clock a. m., at its office, at Scranton, or any of the following banks, where further information, if desired, may also be obtained:
