That National polities interfere with trade is known to every American, and at no time in the nation's history has this fact been so apparent as now. Banks refuse the ordinary courtesies and accommodations to their best customers, gilt-edge securities go begging for toans, and commercial papers, which under ordinary conditions would be as good as gold, is worth less for immediate use, and the less for immediate use, and the money question is the cause of it all. Under these conditions, when manufacturers or jobbers are pinched, there is but one shelp for them, and that is to realize for spot cash in their stocks so that they may tide over the present awful may tide over the present awful ingency.
