#### THE LETTER OF WELCOME.

'Another letter was from the Rev. J. N. Tromper, pastor of the Christian Reform church, at Ramseys, N. J., where it is proposed to colonize the Ar-menian refugees. Pastor Tromper says that he has been requested by his con-cregation to extend the sympathies of his church and congregation to the

movement to colonize the refugees. Dr. Senner said that he was not in a position to state whether the 167 ref-ugees would be admitted to the coun-try or sent back. He will reserve his decision until he has heard both sides of the question, and may possibly re-fer them later to the secretary of the

treasury. Colonel Holland, secretary of the Salvation Army, American Relief depart-ment, arrived at Ellis Island at noon, accompanied by Brigadier Fox, Ensign Kemp, Ensign Garabed, two Armenian interpreters, and several members of the Women's Christian Temperance clared invalid; Saunders nomination papers valid; Wiiliam D. ## THE SPRING BROOK WATER SUPPLY COMPANY Grand THIRTY YEAR 5 FER CENT. FIRST MORTGAGE GOLD BONDS, FREE FROM TAXES.

INTEREST PAYABLE APRIL 1 AND OCTOBER

The Spring Brook Water Supply Company offers to the public ONE HUNDRED THOUSAND DOLLARS of the above described bonds. The company furnishes the entire water supply of the Lackawanna and Wyoming Valleys, from Scranton to Nanticoke, including, among others,

the following cities and boroughs, to wit: Wilkes-Barre, Pittston, West Pittston, Avoca, Duryea, Wyoming, Luzerne, Kingston, Edwardsville, Parsons, Miner's Mills, South

Wilkes-Barre, Ashley, Sugar Notch, Warrior Run, etc. The bonds are secured by mortgage on the entire system.

The ompany has no hesitation in offering and recommending these bonds as a safe and desirable investment. The history of the companies in the system shows that water companies are free from the fluctuations and disturbances that affect industrial and railroad enterprises. A thorough investigation of the Wilkes-Barre Water system, covering a period of

forty-five years, shows an annual increase over the previous year, without exception, and this through a period covering several financial panies and the Civil War.

The company is taking care of the increased growth of the valley in its demand for a good and pure water supply, a sufficient number of bonds being held in the treasury tor this purpose.

Scaled proposals will be received for the whole, or any part of the bonds offered, until Wednesday, October 28th, 1806, at 10 o'clock a. m., at its office, at Scranton, or any of the following banks, where further information, if desired, may also be obtained:

HISTORIC FLAG UP FOR M'KINLEY.

James' hall, London, this evening, un-der the chairmanship of Right Rev. Edward Stuart Taibot, D. D., bishop of Rochester. The hall was crowded to its fullest capacity. A letter from Mr. Gindstone was read in which the exprime minister declared that it would be a wild paradox to say that the en-forcement of British treaty rights to stop the systematic massacres in Turkey would provoke hostilities from the

powers. He added that it would be abandoning duty and prudence to advertise be-forchand for the ears of the great assassin that partisan action was limited to what the most backward of the six powers deemed sufficient. If the fundamental distrust of Great Britain and the belief that she is pursuing a selfish policy in the eastern Meditter-ranean causes some of the powers to be backward that was a motive that it was never flung to the breeze until Richmond fell, in April, 1865.

ranean causes some of the powers to be backward, that was a matter that deserved to be gravely considered. John Williams, M. P., a day or two ago forwarded to Lord Salisbury a reso-bution adopted by the Baptists of Great Britain, expressing regret at the in-action of the powers and hope that the government would speedily and fully explain their position in regard to Turkey. Turkey.

To this Lord Salisbury has replied, saying that he is unable to speak freely of the matter. Great Britain, he says, is not taking any isolated action in Constantinople and it is therefore obvious that there are objections to his speaking with freedom upon the subject which would not exist if Great Britain were acting independently of the other European powers the other European powers.

Consumption like almost all manner of disease has its inception in a trio of all-embracing disorders. They are "imper-fect digestion," "irregular bowels," and "impure blood." They are triplets. One is dependent for existence upon the other. Cure one, cure all. Dr. Pierce's Golden Medical Discovery is the best of all known remedies for this disorder. It corrects dis-ordered digestion, invigorates the liver, regulates the bowels, makes the blood pure, and the nerves strong. It is the great blood-maker and flesh-builder. It makes the muscles firm and springy. It soothes and invigorates the nerves. It tones up body and brain. It cures ninety-eight per cent. of all cases of consumption.

and to tails. It cones intervegat per cent of all cases of consumption. Mrs. Rebecca P. Gardner, of Grafton, York Co., Va., writes: "When I was married I weigh-el one hundred and twenty-five pounds. I was taken sick and reduced in health and broke out with a disease which my doctor said was eczema. He treated my disease but failed to do me any good, and I fell awny to go pounds. I began us-fing Dr. Pierce's Golden Medical Discovery, and thank God and you. I began to improve. When I began taking the Discovery' my weight was go pounds and now I weigh 140 pounds and have only taken two bottles. I cannot say too much about the medicine. My husband is one of the happiest men in the world. He says I look younger than I did the first time he ever saw me, and that was fifteen years ago. Well, doctor, I am a well woman, and do all of my housework, tend to my fowls and cow and do some work in the garden. It is a miracle that I am cured."

the garden. It is a miracle that I am cured." Health and happiness formed a partner-ship in the garden of Eden. It has never been dissolved. You cannot have one with-out the other. Constipation is the usual cause of ill-health. Dr. Pierce's Pleasant Pellets are tiny, sugar-coated grannles. They cure constipation. One is a gentle laxative, and two a mild cathartic. They never gripe. Druggists sell them.

General Palmer devoted the greater part of his address to defining the posi-tion he took at the time of the Chicago fire with reference to the sending of federal troops to Chicago by General Grant, he having been criticised last night on that point by a silver speaker in this city.
