LEHIGH VALLEY WRECK.

Several Box-Cars Filled at Gracedale Powder Mills Last Night.

Between 10 and 11 o'clock Wednesday night a west-bound Lehigh Valley freight train drawn by engine No. 311, was wrecked at Gracedale powder mills, about a mile east of Paterberg. The first car was a flat loaded with props. This car, through some as yet unexplained cause, jumped the track, thus precipitating the wreck. The load of props was scattered about quite profusely and eight box cars were derailed, four of which, together with the flat, were piled in bad shape, blocking both east and west-bound tracks. Nobody was injured. The wreck cars and crews from this city and White Haven were called out, which arrived at the scene about midnight. After three hours' hard work the trucks were only cleared of the debris at 2:15 o'clock this morning. Superintendent Mitchell and Trainmaster C. L. Barde directed the work. The last night line from New York due in this city at 2:50 a. m., was run over the Central railroad from White Haven, arriving in this city at 5 o'clock this morning. All west-bound trains due here after 2 o'clock arrived at time.

The funeral will take place from his late residence this afternoon at 2 o'clock. The services at the house will be conducted by Rev. E. H. Hines, and at the cemetery by Conyngham Post. Interment in Hollenback cemetery.

TUNKHANNOCK.

At 1 o'clock Wednesday afternoon a special train left on the Montrose road for Montrose, carrying the following people who attended the funeral of Louis Knoll: Messrs. Harry Siedler, W. A. Sprout, Fred Sampson, L. E. Mead, Rodney Bardwell, Martin Schlater, Eugene Handrick, Thomas Oestorhout, George Roberts, Jim Day, Wm. Campbell, Joe Williams, Fred Billings, L. T. Burns, Frank Dewitt, D. C. Grahams, F. R. Bonn, Mrs. S. D. Sargent, Mrs. L. E. Mead, Mrs. Ruth Siedler, and Giles Ross and family. The funeral was largely attended. Regarding the death of Mr. Knoll there seems to be a mystery. On Monday, the day he was killed, he gave his diamond ring to his father, telling him what to do with it. He then left for New Milford to make a professional call and that was the last they saw of him, until his body was brought home. The horse and buggy was not hurt in the least. A man driving along the road some distance from the crossing where the accident happened, ran into the wagon and tied the horse to a fence post. The lines and lap robe were over the dashboard, as though someone had placed them there. The train was not stopped until the engine and six cars had passed over his body. Israel O'Neil, who for some time past has been confined at the jail on account of insanity, died yesterday at the age of eighty-four. Mr. O'Neil was a highly respected citizen of Lake Winola where he had lived for the past fifty years. During his confinement in jail he received the best of care. He leaves a considerable estate. D. W. Stark was in Montrose yesterday. The teachers' institute is in session there, but that this had anything to do with his trip is not at all probable.

PRICEBURG.

The members of the Eagle Hose company of Priceburg, Pa., were in Scranton yesterday.

The St. Clement's vested choir will give its concert on Tuesday evening in the parish house.

NICHOLSON.

The annual reunion of the Sixteenth and Seventeenth Pennsylvania Cavalry was held here yesterday. The day was fine, with a crisp, northwest breeze. In the early hours of the day life and animation were manifest at all the homes and business places in the spreading of decorations, which were profuse and very pretty throughout the town. There were not as many of the old cavaliers present as was expected. There was, however, a good attendance from the surrounding country, and all seemed to enjoy the day. Rev. G. E. Van Wert delivered a very able address of welcome. Response by T. D. Garman, of Nanticoke, Pa. who was a member of the Sixteenth Pennsylvania Cavalry. Miss Genevieve Bacon, has resigned her position with N. A. Hubert, of Scranton, and will take up teaching and the study of music. Fred Cook, of New Milford, was in town on Wednesday. M. Shields, Jr., has placed electric lights in his store, in which first flashed out on his work on Wednesday night, the 14th inst. A canvas of Nicholson brought dis- closed about two to ten for William McKinley, which we will try and prove one week from next Tuesday.

ELECTRICITY IS KING.

DR. GREEN'S ELECTRO-THERAPEUTIC INSTITUTE 607, 608 AND 609 MEARS BUILDING Corner Washington Avenue and Spruce Street, Scranton, Penna.

The late ROBERT BARTHOLOMEW PROFESSOR OF MATERIA MEDICA, GEN- ERAL THERAPEUTICS, and HYGIENE of JEFFERSON MEDICAL COLLEGE of Philadelphia, said in his last work on medical electricity: "The time is not far off when electricity for medical use will be the progress of this science in the moving of cars, lighting of streets and houses and for general motive power." It was in 1820 that GALVANI discovered the action of galvanism on the nerves by experiment- ing on a frog. For 100 years galvanism has continued to grow in prominence as a cure for disease. LET IT BE THOROUGHLY UNDER- STOOD that Dr. Green is a graduate in medicine and pharmacy, he has prescribed for thousands of patients who have never had an application of electricity, but ex- perience and study has convinced him, as has Marton, Rockwell, Massey and others of prominence that electricity is the KING OF MEDICAL REMEDIES. Bear in mind that proper electrical treatment with first-class appliances, is NOT PAIN- FUL. If you wish to know the result of Dr. Green's treatment for Rheumatism write to E. E. Barton, Rockwell, Massey and others, Philadelphia, Pa., or care Seabury & Johnson, New York. The best of references, no charge for con- sultation, an Institute equipped with the latest achievements of Morton, Edison, Ranney, Rockwell, Metcalf, McIntosh and others. Electro Static Machines, Gal- vanic, Faradic, Sinusoidal (Magnetic), Galvano Vauveties, and electrodes of every description. We have the finest X-Ray apparatus made. With electricity as a basis of treatment we are successful in cases of Rheumatism, Gout, Paralysis, Eczema, Tumors, Skin Troubles, Indigestion, Dyspepsia, the Wasting of Muscles, Poor Circulation, and all Nervous Diseases for which electricity is doing so much of late. The blood clot causing Apoplexy and Paralysis can be dissolved and carried away by proper application of Galvanism and Faradism. Cures of Catarrh are being made by the inhalation of ozone from the Electro-static machine. We might mention hundreds of troubles which are amenable to electric treatment, but space will not permit. Dr. Green treats all cases amenable to electrical treatment. He is a graduate and ex- perience practitioner of medicine, has the best of references, and will charge nothing for consultation. Those who cannot call should write for information.
