## ELECTRICITY IS KING.

### DR. GREEN'S ELECTRO-THERAPEUTIC INSTITUTE

607, 608 AND 609 MEARS BUILDING

Corner Washington Avenue and Spruce Street, Scranton, Penna.

The late ROBERT BARTHOLOMEW PROFESSOR OF MATERIA MEDICA, GENERAL THERAPEUTICS, and HYGIENE of JEFFERSON MEDICAL COLLEGE of Philadelphia, said in his last work on medical electricity: "The time is not far off when electricity for medical use will take the place of many drugs with the same phenomenal success that has marked the progress of this science in the moving of cars, lighting of streets and houses and for several motive power." It was in 1890 that GALVANI discovered the action of galvanism on the nerves by experimenting on a frog. For 60 years galvanism has continued to grow in prominence as a cure for disease.

LET TO BE THOROUGHLY UNDERSTOOD that Dr. Green is a graduate in medicine and pharmacy, he has prescribed for thousands of patients who have never had an application of electricity, but experience and study has convinced him, as it has Marton, Rockwell, Massey and others of prominence that electricity is the KING OF MEDICAL REMEDIES. Bear in mind that proper electrical treatment with first-class appliances, is NOT PAINFUL.

If you wish to know the result of Dr. Green's treatment for Rheumatism write to E. E. Holtick, 207 East Cumberland street, Philadelphia, Pa., or care Seabury & Johnson, New York.

The best of references, no charge for consultation, an Institute equipped with the latest achievements of Marton, Edison, Ranney, Rockwell, McBride, McIntosh and others. Electro Static Machines, Galvanic, Faradic, Sinusoidal (Magnetic) Galvano Vauteries, and electrodes of every description.

We have the finest X-Ray apparatus made. With electricity as a basis of treatment we are successful in cases of Rheumatism, Gout, Paralysis, Eczema, Tumors, Skin Troubles, Indigestion, Dyspepsia, the Wasting of Muscles, Poor Circulation, and all Nervous Diseases for which electricity is doing so much of late.

The blood clot causing Apoplexy and Paralysis can be dissolved and carried away by proper application of Galvanism and Faradism. Cures of Catarrh are being made by the inhalation of ozone from the Electro-static machine.

We might mention hundreds of troubles which are amenable to electric treatment, but space will not permit. Dr. Green treats all cases amenable to electrical treatment, is a graduate and experienced practitioner of medicine, has the best of references, and will charge nothing for consultation.

Those who cannot call should write for information.

There are many reasons for these radical reductions. First, an immense stock of Boots, Shoes and Rubbers, anticipating usual trade. Next, the conditions of past months--lack of work for wage earners, lack of confidence, the holding off of those able to buy, have left us with a larger stock than we care to risk on a late demand. Bear in mind the power of cash was never so forcibly illustrated.

### The Facts In the Case

The man who buys clothing at the Economy is going to be ahead at the end of the year. He will find that he has worn better clothes at less cost than he ever did before. It may be that you can get clothes for less than we charge, but you can not get the same grade of clothing any place else for less cost.

### What We Will Do

We will clothe you for a year for less money than you would spend in any other store. During the year you will have the satisfaction of wearing stylish clothes, well put together and well finished. You will wear clothes just as good as the man who pays the tailor twice as much.

We make a specialty of selling on credit. Our terms are one-third to one-half cash, and you can pay the rest in very small monthly installments. Come in and talk to us about it. We know that many of the men who work hardest have not always got the ready money, and we are always glad to accommodate them with credit if they will ask for it.
