CITY NOTES.

The South Side Foot Ball team will play the Crescent Foot Ball team of Pittsburg at Schwenk's park at 3 p. m. Oct. 25. The examination of those desiring a teachers certificate in Dunmore borough will begin this morning in the high school building. At the Montour county fair in Danville today there will be a special race between Hal Pointer and Raven, owned by Dr. Wentz, of this city. On every Sunday, commencing Oct. 27th, and Thanksgiving Day, Bauer's 25th orchestra will play at the Hotel Jermyn during the dinner hour, from 6 to 8 p. m. The resolutions of regard passed by the council in connection with Hon. W. L. Connelley's absence from the office of mayor have been placed on exhibition in the window at Williams & McAnulty, Wyoming avenue. The class in vocal music of the John Raymond Institute, under the direction of J. M. Chances, will be presented this evening at 7:30 o'clock. All men intending to join this class are requested to attend the first session. Marriage licenses were granted yesterday by Clerk of the Courts John H. Thomas to Albert J. Jones and Miss Frances Sherman, of Waverly; Frank Zerkowka and Sophia Nadraszka, of Scranton; Martin, of Dunmore; and Agnes O'Malley, of Scranton. A contest for a gold chalice between Rev. J. J. Curran, of the Holy Ghost church, this city, and Rev. M. B. Doulan, of Dunmore, is announced as one of the features of a fair which will be conducted by the congregation of St. Mary's church at Dunmore during the holidays. John Riley was yesterday appointed guardian of Thomas James, Mary, John, Gertrude and Joseph Burns, minor children of the late Michael Burns, of Pittsburg avenue, and in each case he gave a bond in the sum of \$500 with John P. Moffatt and James P. Lavell as sureties. Any person holding one of the fall excursion tickets of the New York, Ontario and Western Railway company will be entitled to a guided tour of the city, to be held on November 3, and will be given one of the 1,000-mile book, good on any of the New York, Ontario and Western lines. City Engineer P. J. Sullivan yesterday issued the bids for the private contract of constructing the lateral sewer on Harrison avenue, between Pine and Gibson streets. Jennings & Grier offered to do the work for \$2.64 per lineal foot, and as this was the lowest bid the property holders were awarded the job. The sewer will be 56 feet in length. The other bids were as follows: P. J. Thornton, \$2.75; M. J. Gibbons, \$2.55; P. F. Mulligan, \$2.60. As Eugene Shiffer was on his way down Lackawanna avenue at 10 last night he noticed Myer Davidson's shop store filled with smoke and he stopped another person. They notified Patrolman Goetz and while he was deliberating about bursting open the door the smoke became thicker and opened the store. A search from cellar to garret failed to locate any fire, but the smoke would still present. Mr. Davidson said he smelt smoke when he was closing up, and he looked over the store and found everything all right. After going to his hotel he became uneasy and returned. The investigation showed that the smoke appeared to be coming from some place next door.

NORTH END HAS A ROUSING RALLY

Congressman Brosius and W. Gaylord Thomas the Speakers.

CHEERS FOR ALL THE CANDIDATES

Providence hears politics expounded by a man whom the Republican National Committee dispatched to the "Enemy's Country." Mr. Thomas makes his first appearance during the campaign and delivers a strong speech.

In the matter of speeches, attendance, enthusiasm and all else that goes to make up a successful political rally, the one held last night at Company H armory under the auspices of the North End Republican club stands second to none held this campaign. Hon. Marriott Brosius, congressman from the Lancaster district, was the principal speaker at the evening. As to who Mr. Brosius is nothing need be said. Of his ability as a campaign orator and an indication of the treat which the Providence people received. It is sufficient to say that he has just returned from a three weeks stumping tour through Kansas, Nebraska and North Dakota, where as the national and Republican committee expressed it when they sent him thither, "the waves of the battle raged highest."

They changed their cry. Mr. Thomas made a very happy allusion to the state Democracy which to a man declared for gold at Allentown, but which when the Chicago heresy came forth turned around and shouted for silver. Every honest Democrat in Pennsylvania, Mr. Thomas argued, should be found on the side of sound money. He closed by pleading for a united support of the entire ticket. Mr. Connelley, the congressional candidate, he said, was a man of the people, one whose record was a glowing example of the possibilities of American citizenship. He characterized Mr. Connelley as one who had done more than any other man for the industrial community and urged that now that he asks the honor of representing it in the national legislature he should and would be given the support of the entire cast for a congressional candidate in this district.

the free coinage of silver, your country will descend to monometallism and the level of such monometallic countries as Mexico, India and Japan. It is impossible to maintain the concurrent circulation of the two precious metals except at the ratio which the commercial world dictates. Our first financiers, Jefferson, Hamilton and those others were impressed with the impossibility of circulating silver except at its market ratio, when they sent abroad into the markets of the world to learn the commercial ratio of the two metals. They judged to be true to it. They were only human, however, and their mistake drove gold out of the country. In 1854, Jackson, Tom Benton and their associates thought to bring back the gold by re-establishing the ratio. They investigated abroad and came to the conclusion that it was 16 to 1, nearly. But they, like their fathers, were only human, and not infallible and their mistake of a fraction caused the silver to disappear so rapidly that they were compelled to lessen the weight of the established dollar in order to keep the silver bullion from going abroad. Isn't it strange that Bryan says that that can be done which no country, no institution the believed, let alone a man, could be done? It is a reflection on the intelligence of the American people.

WHAT WILL HAPPEN. "The second question is what monometallic stage. We will witness a contraction of our currency by the driving out of all the gold, and we will see great inconvenience, embarrassment and loss through our discarding gold with other nations, which have the gold standard. A dollar here will have only half the purchasing power of a French, German or English gold equivalent. "Free trade is bad enough, but the country could live under it like a wounded giant. We could live with free coinage but on a lower plane. But to this country that revolutionary doctrine contained in the plank of the Chicago platform attacking that grand institution the Supreme court, is nothing less than death."

SOUTH SIDE MEETING. Natter's hall, Alder street, was filled last night at a rally conducted under the auspices of the Industrial Workers of the World. Dr. A. J. Kolb is president of the club and he acted as chairman of the meeting. In presenting the speakers clearly and articulately, Mr. McKimley, introduced Mr. Vosburg as chairman and he, after a few happy remarks, introduced W. Gaylord Thomas as the first speaker. Mr. Thomas made a very happy allusion to the state Democracy which to a man declared for gold at Allentown, but which when the Chicago heresy came forth turned around and shouted for silver. CHIEF U. S. INSPECTOR.

Another Well Known Citizen Who Owes Health to Paine's Celery Compound.

Above is the picture of another of the thousands of well-known citizens whom Paine's celery compound has made well. Chief Postoffice Inspector M. D. Wheeler, of Washington, D. C., writing to the proprietors of this most wonderful of curatives, says: "I have used Paine's celery compound with marked improvement in health. At the time I commenced using it, I was very much run down from overwork and was advised by a friend to try it. It began almost immediately to improve, and after taking three bottles felt well enough to discontinue its use, and have been permanently benefited. I heartily recommend it to the public. Mr. Wheeler has found out what every one should learn—that putting heart and soul in one's business no longer means sticking to the desk counter, or working till the head grows dizzy, the back aches and neuralgic twinges shoot through the frame. They are the short-sighted men and women who put up with this state of things when the risk is so great and the remedy so easily within their reach. As nervousness, languor and sleeplessness are clearly the result of low nervous nutrition, so permanent relief will come from rapidly building up the wasted nerve tissues. Paine's celery compound in this means best calculated to reinforce the blood in a way that no other remedy has ever attained. There comes an immediate clearing of the jaundiced, muddy complexion; neuralgic and "stitch" headaches cease to afflict, and the formerly wretched sleeper enjoys the blessings of sound restoring sleep. Given the hearty appetite, the sound sleep and the pure blood, all the other needful things that go to making what we call perfect health, are sure to follow. Low spirits, constant brooding over fancied wrongs and imaginary slights, melancholia and fretfulness are not treated as seriously as they deserve. They are evident faults of the tired, nervous system and are to be corrected by putting an end to the neglectful condition of those vital parts. Don't wait for nervous prostration. When headaches continue and that tired feeling keeps up, or pain is felt over the kidneys, arouse the body from its unhealthy condition, get rid of not only these symptoms, but of the underlying causes, by prompt recourse to Paine's celery compound. This great nerve and brain restorer will not leave a vestige of kidney disease, nervousness, unhealthy state of the liver or heart trouble. Its way of curing these alarming complaints is direct and unflinching. It replaces unhealthy tissues by new and healthy parts and cleanses and purifies the blood until the tired body regains the elasticity and high spirits that are the sure accompaniment of perfect health.

THEY HAVE OTHER PLANS.

Common Councils Will Be Circumvented in Its Opposition. Select Councilman Lansing, whose resolution calling for a monthly report of the cash accounts in the city treasury, has been met with such a sudden death in the Democratic common council, is not at all undaunted, but will follow up this first step until he succeeds finally in recovering for the city the thousands of dollars which these accounts annually earn. "We will not turn back now," said Mr. Lansing to a Tribune reporter, yesterday. "Common council will never accede to this demand while the present political conditions exist, but there are other means of bringing about the desired result, and we propose to adopt those means. It is just and proper that councils should receive a report from the treasurer or any other official when it sees fit to ask for it, and it comes with very bad grace for any official to oppose a request for information concerning his department. "This movement has no politics connected with it. It was begun before a city treasury was elected, and would have passed had not the late election been foreshadowed. When the Democrats at that time defeated the project they received notice that it would come up again and now it is on. You can say for me that it will not down."

POLITICAL JOTTINGS.

The following election officers were appointed yesterday by the court: Byron Buckingham, and Judge of election for the borough of Elmhart to fill the vacancy caused by the resignation of E. C. Brink; James J. Moore, as judge of election in the Second district of the Eleventh ward; Alfred Parry as majority inspector in the First district of the Second ward to fill the vacancy caused by the removal of Dr. Strang; John H. Andrews and James Strong as minority and majority inspectors respectively of the borough of Winton. The Young Republican club held its regular weekly meeting last night and initiated 35 members, making the membership now 355. After the routine business was transacted, Attorney John G. McAuliffe was introduced and he engaged attention for over 30 minutes in a clear, logical discussion of the currency and tariff question. The club decided to participate in the parade next Tuesday night. A large and handsome flag has been stretched across South Main avenue, in front of the Republican League rooms. The lettering names the local Republican ticket in big black type, headed by the name of William Connelley for congress. On election night the members of the Scranton Athletic club will receive election returns in their rooms in Germania hall, Cedar avenue. The Crystal Laundry makes a specialty of careful work. Orders promptly attended to.
