Thomas J. James Fatally Injured in the Mt. Pleasant Mine--Employed as a Driver Boy.

Thomas J. James, a well-known young man, was almost instantly killed just before noon yesterday while at work in the Mount Pleasant mines. James is employed as a driver and met his death in a peculiar manner. He was driving a mule with a load of coal and rode on the car, scraping his foot on the rail. His foot became fast in a frog and firmly fastened, and before he could extricate himself he was thrown from his position directly in front of the car, and run over. His almost lifeless and crushed form was picked up by fellow workmen, and he was taken home in the ambulance. Young James resided with his parents, Mr. and Mrs. John H. James, of North Hyde Park. He was very popular among the young people of his acquaintance. He was a member of the Westminster Presbyterian church, and died at the Mount Pleasant Accident Fund. The funeral will probably occur on Monday. Rev. John Griffiths will conduct the services. Interment will be made in the Washburn street cemetery.

CITY CLERK WILL ADVERTISE.

Bids for Paving Mulberry Street to Be Asked for at Once.

City Clerk Lavelle yesterday gave out that he will, perforce, advertise today for bids for paving Mulberry street, the effort to have the advertising delayed having been killed in the council chamber. There was some question as to whether or not the city clerk was doing right to obey the resolution even if it was the best of an ordinance can not be countermanded by a resolution. When Lavelle was agreed to forego technicalities and give the resolution if it passed, now that it did not pass he is compelled to go ahead with the advertising and the work in consequence will have to go on this winter. The bids will be opened at the next meeting of council, two weeks hence. It is expected that the competition is expected to be lively. Unless the objecting property holders secure the intervention of court, the assessment now provided by the ordinance will have to stand.

PROSECUTION WAS MALICIOUS.

So Says Leon Olchewski in His Complaint Against Daniel Ferbs.

Before Alderman Howe yesterday Leon Olchewski, who became well known through his connection with the Polish church, filed a complaint against Daniel Ferbs, who had him arrested upon a warrant charging larceny and false pretenses, which charges the grand jury ignored. The hearing was continued for a week, Ferbs entering bail for his appearance.

TWIN SHAFT AGAIN.

Another Cave-in Which Affects a Large Portion of Territory.

Another serious squeeze at the ill-fated Twin shaft has caused the Delaware, Lackawanna and Western tracks adjacent to the mine to sag and it also threatens to unsettle the foundations of the first pier of the bridge. The squeeze has forced the Clear Spring culvert across the river, causing a temporary cessation of operations. Every precaution is being taken to prevent any loss of life.

At the Jackson Street Baptist church at 2:30 o'clock yesterday afternoon funeral services over the late James W. James were held. Rev. W. S. Jones officiated. The sermon was preached in the Welsh language by Rev. B. I. Evans. The choir of the church under the leadership of E. L. Pleasant sang several hymns. Among the floral tributes were a maltese cross from the Electric City Commandery, Knights of Malta, and a wreath from the Ancient Order of Britons, of which order the deceased was a member. The pallbearers were: Noah Lewis, John Roberts, from the Knights of Malta; James Heagan, David Collins, from the Mineford Mine Fund; and William Williams, David Evans, from the Britons. MAYOR VIEWS THE STREET.

Mayor Bailey, Commissioner Kinsley, and Common Councilmen Simon Thomas, of the Fourth ward, on Thursday viewed the lots which will be included in the opening of Price street from Bromley to Sumner avenue. Mayor Bailey expressed himself in favor of the project, stating that it was an improvement much needed and should be done. People who reside west of Bromley avenue have a habit of using the people's yards to go through and this is troublesome. The matter will not be placed before councils until after the estimates committee meets next spring.

McClave, Brooks & Co., manufacturers of McClave grates and Argand blowers, are building a new foundry adjacent to their Seventh street plant to accommodate their rapidly increasing business. The old foundry of the Scranton Stove works has been utilized by the company but their business has outgrown the capacity of the old building and a new and larger foundry is necessitated. The alarm of fire at 1:40 this morning sent from the box at the city hall was an account of a slight blaze in the vault under the sidewalk at the Republican building on Washington avenue. Some one evidently dropped a match or a stump of a cigar into the vault, causing a lot of waste paper causing the fire. Patrolman Joseph Block sent in the alarm and the Chemists, Crystals and Max Angus responded but only the services of the first named company were needed.

GREEN GOODS MEN BAGGED.

The "Come Ons" Are Also Caught in the Net. Trenton, N. J., Oct. 23--John T. Morgan, an alleged green goods dealer; William T. Sullivan, and H. Haven, of Lee, Florida, and B. Baggett, of Thomasville, Ga., were arrested here today. The Southerners are said by the police to be "come ons." The arrests were made by Post Office Inspectors Edgerton, Holden and Gorman, aided by G. A. Britton, an agent of the New York Society for the enforcement of the criminal laws, and several detectives. These aver that Morgan is an old offender with several aliases. They got onto his track last summer, and for several weeks have been shadowing him in his city and vicinity. The "come ons" were arrested at the Pennsylvania railroad depot, and Morgan was collared at Barlow's hotel. The detectives believe that Morgan was going to Jersey City to exchange \$200 good money for \$5,000 of the spurious stuff. All the prisoners were arraigned before United States Commissioner Scott, who remanded Morgan in default of \$2,500 bail, and released the other men in nominal bail to appear next Tuesday.
