WEST SIDE EVENTS.

New Form of Disgraceful Amusement in the Ill-famed Kelley's Block.

"Kelley's patch" is situated in the shadow of the Oxford club bank with Luzerne street on one side and fifth in the other three. Its namesake, "Kelley's block" is on Stanton street in the heart of Negroland. The block is a literal beehive of filth and the exultors therein have recently added a brand new place of amusement in the shape of a small theatre or dance hall.

The place is a small 8x10 shanty, one story in height and made of blackened boards with a lovely waxed floor for the dancers. Two colored people, man and wife, manage the ball. A glimpse of it during a dance last Monday night showed a scene of much degradation. Three negroes, one with a "middle" and two with banjos furnished music for a dozen dancers, some white and some black. About the room were little heaps of black spotted oranges, bananas from the garbage dump, dirty candy, cigarettes, etc. These were on sale. Every dancer was supposed to purchase at the end of each dance and this was the only fee charged for the fun. Besides the fruit stuff there were many pieces of trash and receptacles of tin cans of the rusted sort.

The dance continued until early morning and as the hours went on the dancers became more and more disgraceful in their actions. The most astonishing scene of all was the presence of young white girls, some of them under 16 years of age and dancing with the lowest specimens of the opposite race. Such is the condition of things in the dance hall of Kelley's block.

The police cannot act as care is taken by the proprietors of the place that the sounds of disorder shall not reach the street. There is no immediate law for any arrests—mingling of white and black is not a crime by the ordinance and is certainly not for the best. The respectable colored residents of the city are only too anxious to blot out the "Kelley's nuisance."

NEAR A FATAL PLACE.

Lieutenant Williams and Patrolman Parry and Peters at 2 o'clock yesterday morning, arrested four tramps who were making a lodging room of the boiler house connected with Sweetzer's brick yard in Kelsey Valley, a few yards from the tank house where Officer Ellis was shot by tramps several years ago. The tramps showed no resistance to arrest. Magistrate Johns sent them to the county jail for twenty days apiece.

INSANE ON RELIGION.

An insane man created excitement yesterday morning in Hennessey court and he ended his being escorted to the West Side police station by Patrolman Evans. The man seems to be about 45 years of age, is bearded, and his particular hobby is religion. During his mad incantations he raved and sung for the entertainment of a crowd of spectators. While in the police station he continued his noise.

SOUTH SIDE NEWS.

Citizens' Rallies Held at Battle's, Corcoran's and Callery's Halls in the Interest of the Candidates.

Three rallies were held in the Twentieth ward last night, one at Battle's hall, the second at Corcoran's hall, and the third at Callery's hall. The desire of a large number of citizens, principally Democrats, to have the honor of personally meeting William Connell and his associates, who are over and over again being mentioned as one of the candidates for mayor, led to the holding of these meetings in different parts of the ward.

The Forest band marched through the streets with a flourish of brass and brought the crowds to the halls. James P. Touhill was chosen chairman of the meeting at Battle's and he introduced in turn Mr. Connell, E. H. Ripple, Hon. Alex. Connell, and Dr. William Haggerty. It was more the purpose of meeting Mr. Connell, the two Connells in fact, and Colonel Ripple, who has always a warm corner in their hearts, than to hear the issues for the campaign discussed, that the rallies were held, but at the same time the speakers gave interesting addresses. After leaving Battle's they went to Corcoran's, where Alderman John J. Rudy presided. Here they made short addresses. At Callery's hall Councilman Thomas McGraw was chairman, and here was the largest crowd, about 350. At Corcoran's there were nearly 300, and at Battle's about 200. Mr. Connell was assured in most enthusiastic manner that the Twentieth ward will roll up one of the strongest majorities of the campaign for him.

BEST OF THE CAMPAIGN.

Tonight's big demonstration in the Frothingham theatre will be a fitting climax to the local campaign for Protection and sound money. The speakers will include Governor Hastings, at all times a favorite orator; General Latta, eloquent and witty; General Reeder, scholarly and effective; Colonel Harry Hall, apt in anecdote and illustration; and Mayor Warwick, of Philadelphia, who is one of the best speakers in the state. This meeting will be availed of by Democrats as well as Republicans. Let every citizen attend.

Inflammatory Rheumatism Cured in 3 Days.

Morton L. Hill, of Lebanon, Ind., says: "My wife had inflammatory rheumatism in every muscle and joint her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians but received no benefit until she tried the Mistic Cure for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by Carl Lorenz, druggist, Scranton, 413 Lackawanna avenue.

THE NEW ALABAMA.

Washington, Oct. 28.—The Alabama is the name given to the vessel heretofore designated as battleship number 8, building at the Cramps, Philadelphia. It is a curious coincidence that the shipyard number of this vessel is number 290, which is the same as that used for the rebel cruiser Alabama, when she was under construction in England. The other newly named vessels are distributed as follows: No. 7, at Newport News, Va.; the "Illinois"; No. 9, at Union Iron works, San Francisco, the "Marietta"; and No. 15, at the same place, the "Wheeling."

The gun boats are: No. 10, at Nixons, Elizabethport, N. J.; the "Annapolis"; No. 11, at Bath, Maine, the "Vicksburg"; No. 12, at the same place, the "Newport"; No. 13, at Dialogues, Camden, N. J.; the "Princeton"; No. 14, at Union Iron works, San Francisco, the "Marietta"; and No. 15, at the same place, the "Wheeling."

The Alabama is slightly more formidable than the last large building at Newport News and is named after Secretary Herbert's adopted state. It is said the selection was made by the president in allusion to the secretary just as President Harrison was understood to have named the "Brooklyn" for Secretary Tracey's adopted city. The gunboat Marietta is named for the Ohio town of that name. The "Wheeling" is for the West Virginia city; the "Princeton" and "Vicksburg" for cities in Virginia, and the "Annapolis" and "Newport" for the naval stations in Maryland and Rhode Island.

THE ANDRUS MYSTERY.

Attempts of Coroner Miles to Clear Up the Case Have Been Made in Vain.

Yonkers, N. Y., Oct. 28.—The attempt of Coroner Miles to solve the mystery of the Arlington chemical works bomb explosion, which resulted in the killing of Hamlin J. Andrus, now seems to have entirely failed. Even the Pinkerton men who have been working on the case, confess they are all at sea, and it is believed will drop the whole matter. For several days Coroner Miles had detained at police headquarters Louis McLeod, the 16-year-old boy who worked in the office of the chemical works up to October 2, when he was discharged. This morning the coroner notified the police that he no longer desired young McLeod held and accordingly he was permitted to go free.

It is generally understood that the boy was detained because of certain knowledge he had concerning the building of wires in the Arlington works. The coroner's theory is that it appears that an effort was made to drop the whole murder investigation and establish the theory of Chief of Police Mangin, who believes the explosion was the result of an accident. The inquest is set down for tomorrow, but it is likely to be postponed in order to

DR. FEINBERG'S GREAT WORK.

Educating Voters of Olyphant on Issues of Campaign.

In the Second ward, Olyphant, last evening an enthusiastic meeting was held in the interests of Republican principals. The large crowd that attended overcrowded the large hall on River street. The speakers were Dr. S. B. Feinberg, Attorney William Yokolek and County Surveyor Edmund Bartl. Rev. Father Obuskiwicz was chairman. At the conclusion of the meeting the reverend Father advised the audience to heed the eloquent words of Dr. Feinberg and the others. As the Second ward is supposed to be a stronghold of Democracy the success of last night's meeting is the more emphatic. Dr. Feinberg spoke in the Slavonic tongue and Mr. Bartl in English. A club has been organized in Jessup with 63 members and one for Priceburg is forming.

REBEL CAPTIVES FED TO SHARKS.

How Spaniards Are Said to Dispose of Prisoners at Havana.

Denver, Oct. 28.—Charles Lochte, of this city, joined the Cuban army last spring, and was taken prisoner by the Spaniards. After three weeks' imprisonment in Moro Castle he was released through the intercession of Consul General Lee, and arrived home. Said he:

"While confined in the castle I witnessed many startling scenes. Every morning the prisoners are obliged to go to the seashore to bathe. They are sent out in gangs of twenty men, under heavy guard. I noticed that some never returned. The missing men were eaten by sharks. Hundreds, and perhaps thousands, of prisoners have been disposed of through the agency of the sharks."
