Thomas Charles, of Olyphant, visited this place on Saturday. The Methodist Episcopal church, of

Rendham, have commenced to dig the foundation for the new parsonage. At the approaching of the election,

the heat of the campaign is at its high-est degree. Never, in former years, have the people taken so much interest in a political struggle as they are at present. Everybody appears anxious for the third of November to arrive, when the opportunity will be given them to cast their ballot, which will settle the question. Every intelligent citizen, under all circumstances and at what-

ever cost, should assert his freedom and vote for the Republican ticket tomor-

This is an eminently practical district, and it cannot afford to tinker with "the-ories" that are lacking in every essential element of success. More than all, it should be represented in congress by a man who will always be found on .he side of Protection and sound money, for these are the success of work these are the surest guarantees of work and wages and substantial business pros-perity.
