RETURN OF PROSPERITY.

The Shops and Mines Are Working on Full Time.

On Saturday an order was received by the Delaware and Hudson company's officers of this city to work all the company's industries on full time. The gravity, blacksmith and machine shops, the passenger shops, the graving shops and car shops, where several hundred men are employed, have been working only nine hours a day for nearly three years.

The mines, in which about fifteen hundred men and boys are employed, have been working only three-quarters time. It would indeed seem that prosperity has returned. The hearts of many will be gladdened by the prospect of better times.

COMING MEETING.

Preparations for the Railroad Men's Great Gathering.

Arrangements are being made to welcome the various organizations of railroad men that will meet in this city on the twenty-ninth of this month.

FOREST CITY.

The Republican celebration on Saturday evening in honor of the election of William McKinley and G. A. Hoadley was very enthusiastic affair. Gayly decorated wagons and carriages containing the leading politicians and business men were in line. Such a display of fireworks was never witnessed here before. With but one or two exceptions the affair was a decided success. T. C. Manzer had a force of men at work during the day decorating and preparing for the event. As early as 6:30 those who could obtain horses were on enter street with flying colors and before the hour for parading had arrived they were in readiness. At 7 o'clock orders were given by Marshal George Maxey to proceed. A lumber wagon decorated with flags, bunting and Chinese lanterns which were seated a number of young ladies, some of them about ten feet above the wagon, was to have taken the position behind the band. When the driver started the horses in some unaccountable manner made a wild dash and before they could be brought under control had made considerable headway down the street. There was great excitement at this moment. One of the ladies, Miss Rena Boucher jumped and was severely bruised. A crowd of boys ran to the front of the team and with others dragging behind and holding back on the wheels they were brought under control. The decorations caught in the electric wires and were quickly demolished. Fortunately no one was very seriously hurt. Had the team succeeded in getting away the accident would most certainly have been attended with fatal results. The ladies would not take their seats on the wagon after the accident. Their places were filled by several young men. The parade was the most interesting ever held here. The banner which was presented to the miners who participated in the New York parade a week ago was carried at the head of the procession. The inscription on it was "Coal Trade Sound Money Club," together with the pictures of McKinley and Hobart.

The display of fireworks from the porches along Main street and the carriages in the parade made a very pretty scene. Colored lights and bonfires were visible all along the line of march.

James Fleming, proprietor of the Fleming house, was the most unfortunate gentleman during the celebration. Together with his family, he was viewing the parade from the porch of his hotel. A sky rocket was fired by someone across the street directly in front of Mr. Fleming's house. The rocket, instead of shooting upwards, made right for the spot where Mr. Fleming stood. It struck him in the face, breaking his eye and feet. He was picked up and carried into the house. Dr. Knapp, who was in the parade, was called in and attended to his injuries. He received a severe gash on his forehead which was the cause of considerable pain.

On Saturday morning a two year old son of Mr. and Mrs. Albert Farrell accidentally fell into a well near his home on Susquehanna street and was drowned. A search was made with the above result. Dr. Taylor was summoned, but was unable to do anything for him. He was dead when taken out of the water.

W. W. Inglis visited friends on Saturday.

The Hillside colliers are working three-fourths time every day at present.

Joseph Davis, of Taylor has relieved his brother, Alfred Davis, who will spend a few days at his Scranton home.

The programme of the concert which will be held under the auspices of the Mendelssohn Glee club, on Saturday evening, the 14th inst., will appear in this column tomorrow.

HONESDALE.

THINGS WE SELDOM SEE.

Seventeen applicants for our postoffice.

Danger lights set out all night when excavating, or otherwise obstructing our public streets.

Our streets and water courses kept in proper shape.

The street lamps lighted till two hours after dark.

An intoxicated person on our streets.

Some of our prominent young men going home Sunday nights.

Our Hose company out on the streets in practice, or parade.

Town Council replacing the street lamps that are missing.

Board of health enforcing the law's.

Key Stone foot ball team losing a game.

MANSFIELD.

Three thousand marching men, bearing as many lights of various hues; five hundred McKinley knights on their golden steeds each and all rendering the air with their shouts as they declared anew their allegiance to the protector of our industries and the defender of our country's honor, the way to Mansfield and the surrounding country proclaimed their satisfaction at the verdict of the American people. The parade took place Saturday evening, John Van Austin acting as marshal. The students of South Hall, i. e. those favoring McKinley, and that means nearly all, attended in a body and did their utmost to let everyone know that Mansfield Normal was all right. Banners were numerous. Among the legends borne on them were these very appropriate ones: "The Erie and the White House Par Away."

Saturday Mansfield met her old rival, Athens, in a game of foot ball on Smyth's Park. The teams played two "draw" games last year and had played one already this year, hence each team was determined to win. However, Mansfield seemed to carry out their determination more successfully, as the score proved them to the degree of 24-0.

About the middle of the game Captain Davis, of Athens, was injured and carried off the field. Dr. Holcomb, of Athens, who accompanies the team succeeded in putting him in condition so that he was able to return with his comrades.

Dr. Albro was officially engaged in Harrisburg during the first days of the week.

A few days ago, in a letter to The Tribune, L. D. Fuller took exception to a certain report sent by your correspondent. To those who know the facts his exception was no absurdity as to be unworthy of notice. But for the sake of those unacquainted, your correspondent desires to state that Mr. Fuller does not share with certain ostentatious intelligence save as a contributor to the press and in the act of spinning yarns of his own invention. It is slightly hypocritical.

WYOMING.

The young people of the Methodist Episcopal church will give an oyster supper in the church parlors this evening from six to eight o'clock. Professor Brauduscher will exhibit his most wonderful musical invention of the age, the octohamograph. Supper and entertainment 20 cents.

His Modest Request. "I don't ask you to remove your hat, miss," plaintively spoke the little man in the seat behind her, "but if you will kindly refrain from rubbing your head I will take it as a favor. I am used to the high hat, but I am not accustomed to the wabble, and it confuses me and obstructs my view of the gentleman in the orchestra who performs on the kettle drum."

"Thank you, miss, I don't mind the high hat, but I confess the wabble did bother me a little. Ever so much obliged, I can see him quite distinctly now."

"I beg your pardon, miss. It was entirely inadvertent on your part, I am sure, and—"

"If you say another word I'll call the usher!"

"Bless you, miss, that will not be necessary! I'm acquainted with all the ushers. Any of them would be glad to oblige by asking the gentleman who operates the kettle drum to move a little to the right, so as to give me a better view of the wobble."

him, but I can see with perfect ease now, thanks to your having quit—"

"I'll call him for you, miss. Here Jerry!"

"I am entirely capable of calling him, sir! I am going to ask him to bring the manager of the hall!"
