It says: The window glass manufacturers have built up an enormous monopoly at the expense of the American people. Not withstanding this fact, which is alleged to help the American workman, the increase of labor employed is not American. I would recommend that the general executive board be in-structed to urge that instead of a prohibitory tariff on glass, the tariff be transferred to the immigrant glass workers so that the industry shall be retained in the control of native workmen and the foreign workman kept where he belongs."

Refuse to Divulge the Business of the Meeting in New York.

New York, Nov. 11.—The meeting of the Bessemer Steel association, held today in the Manhattan hotel, was ad-journed until 10 o'clock tomorrow morning. NO LIQUOR LAW IN SOUTH DAKOTA.

Part of the Constitution Repealed and the State in a Predicament.

Aberdeen, S. D., Nov. 11.-As the pro-hibition law of the state was enact-ed to prescribe regulations for the en-forcement of the provisions to article 24 of the constitution of the state of South Dakota, entitled "prohibition," it is maintained by several local attorneys and ex-legislators that the law, so dependent upon the constitution. was to all intents repealed by the vote on Tuesday which repealed the pro-hibitive article; in other words, that South Dakota has no law calculated to regulate the manufacture and sale of intoxicating liquors.

The authorities are inclined to hold that the state will be in this position from the time the official canvass of the vote is announced until the legislature meets in January and enacts a license law or makes some provision.
