WEST SIDE EVENTS.

Death of Andrew Robertson, a Well-Known Resident of This Part of the City.

The death of Andrew Robertson occurred yesterday morning at his home on North Rebecca avenue. Pneumonia was the immediate cause of death. About seven months ago Mr. Robertson was injured while at work in the Diamond mine. He was forced to his bed, and the accident brought on by his suffering from the injuries made the way of death more easy. He was a man beloved by all his friends. He was born in Nova Scotia, and for a time lived in Philadelphia. He came to Scranton about fifteen years ago. The only organization he was connected with was the Diamond Mine fund. The surviving family are: Mrs. Mulr, Mrs. William Dempster, Mrs. Lewis Lanman, of Philadelphia; Christopher Robertson, Mrs. James Harris, Mrs. Thomas Anthony, David, William and George Robertson. The funeral will be held Friday afternoon at 2 o'clock from the family residence. Interment will be made in Washburn Street cemetery.

CANTATA LAST NIGHT.

The production of the cantata "Joseph" at the Jackson Street church last evening by the church choir, assisted by several good soloists, was witnessed by an audience which filled every seat in the large auditorium and the overflowed hall filled the lecture room. Bauer's orchestra played the accompaniment to the singing, and Miss Norma Williams was pianist. Professor Lewis Davis, chorister, who was in charge of all, held the baton. Of the soloists, Edwin Bowen, as "Joseph," showed the most careful preparation. Mr. Bowen possesses a very sweet tenor voice. Morris Thomas also sang well as "Jacob" and acted the part with much dramatic force. The other soloists were: Mrs. James Prothro, Miss Margaret Jones, Miss Annie Williams, Miss Martha B. Nichols, John W. Jones, Thomas Abrams, Edward James, David J. Davis, William J. Davis. Miss Jones has a pleasing contralto voice. The singing of the chorus of 70 voices was most surprising. It is the best testimonial to the excellent work of Professor Davis, who is yet young. The cantata will be repeated this evening.

Lee; secretary, Miss Eva Roberts; treasurer, Mrs. Vosburg. The meeting closed with social, at which refreshments were served.

QUARTETTE DISBANDED.

The Columbian quartette has disbanded. The action was taken after Monday night's concert in St. David's hall, and the reason is that one of the original members, Daniel Hughes, has taken unto himself a wife. The quartette organized during the Columbian World's Fair, and since that time they have furnished entertainment for thousands of people all through the valley. The original members were: Gol Morgan, Emory Morgan, Mr. Hughes and Herbert Jones. The name "Columbian" has been taken by a quartette consist-

THE CHANGE OF LIFE.

Intelligent women prepare for the trying ordeal. A Time When Women are Susceptible to Many Dread Diseases. The anxiety felt by women as the "change of life" draws near, is not without reason. Thousands at this critical time consult Mrs. Pinkham, and conduct their habits according to her advice, and with the Vegetable Compound go through that distressing time with perfect safety and comfort. Mrs. W. L. Day, of Bettsville, Ohio, says: "When all else failed, Lydia S. Pinkham's Vegetable Compound saved my life. It carried me through the change of life all right, and I am now in good health. DOCTORS WON'T DO IT.

Many Disregard the Rules of the Board of Health. While the weekly mortality report of the board of health for last week shows a continuation of the preceding week's increase in new cases of contagious disease, the real increase does not fully appear. This is explained by the fact that a number of physicians whose practice is among the wealthy and influential classes do not report the cases that come to their notice. They refrain from doing so for fear of the disfavor with which the placarding of "Measles," "Whooping Cough," "Scarlet Fever" and the like on their front doors. The failure of certain so-called "fashionable" doctors to comply with its rules and regulations has always been a source of annoyance to the board of health. At its placarding the members of the board frequently threaten making an example of some one of those who disregard the rules. Taylor's last evening report shows 26 deaths from all causes, which is about 6 above the normal number for one week. There were 8 new cases and 2 deaths from diphtheria; 1 new case and 2 deaths from membranous croup; 5 new cases of scarlet fever, 3 of whooping cough and 1 of measles.
