COMPROMISE TO RAISE REVENUE

Suggested Agreement by Both Parties for Temporary Relief.

SENATOR SQUIRES FATHERS A SCHEME

Sherman and Gorman to Take the Initiative to Avoid a Crisis—An Extra Session Not Wanted—More Cash is Necessary—A Joint Caucus Proposed.

New York, Nov. 8.—When the diners at the Chamber of Commerce banquet last night echoed the echo the suggestion of Charles Crocker that a revenue measure framed to meet the government's deficit might be passed in congress this winter after agreement by an informal conference of the Democratic and Republican leaders, the speaker and his enthusiastic hearers did not seem to be aware of the fact that such a plan is already under way. Mr. Crocker suggested the names of Postmaster General Wilson and Chairman Dingiey, of the house ways and means committee, as the proper representatives of the two parties who might "speak" for the measure.

As is well known the complexion of the senate at present is such that the party has control of it. So that it is a mooted question whether or not any kind of a tariff bill could be passed without some kind of a compromise agreement. Such high authorities as Senator Aldrich and other members of the senate finance committee are quoted as saying that the thing to do is to make the most of a show of becoming a law.

ORIGINATOR OF COMPROMISE. The author and originator of the proposed compromise in the interest of an increased income for the government is Senator Watson C. Squires, of the state of Washington, a prominent and prominent business man of the west.

It developed upon inquiry that the senators in both parties were in sympathy with such a course. During the past week some half dozen or more senators have been in the city, among them being Messrs. Hawley, Lodge, Gray, Hiram and Gorman. It is known that several of these have discussed the proposed plan and are heartily in accord with it.

The idea is for the leaders of the two parties to agree in caucus upon certain articles that they will be willing to put a tax upon. For example, the present government deficit is about \$100,000,000 a year. The Republicans would agree upon tariff schedules, increasing Uncle Sam's revenues \$20,000,000. The Democratic senators would get together and do likewise. Both caucuses would then come together and agree upon the third \$20,000,000, thus making an advance in the government receipts of at least \$60,000,000. And this, with the increased revenue that would come because of the abnormal business boom would relieve the treasury and wipe out the deficit, leaving the whole matter to be taken up and disposed of, as is proper, by the fifty-four congress.

The advantage of this plan is that it does away with a long and arduous discussion of protection and free trade and prevents any possible veto on the part of the president or a strictly party measure to be sent to him for his signature. Then, again, it gives increased revenues at once, and in case of any failure of congress to legislate on the subject. Lastly, it does away with an extra session, the bane of the business world.

RELIGIOUS MANIA IN A FAMILY.

Extraordinary Aberration of Parents and Fifteen Children. Boynton, Neb., Nov. 18.—An extraordinary case of religious mania is reported from a farm house near Long Sault, where for a number of years Elijah Rice, his wife and fifteen children have resided.

The eldest son, Louis, aged 22, recently became insane and announced himself as the "prince of the sand hills," and declared that he had been appointed him to reform the world. The mania extended to the father, mother and the other children, who neglected the farm and spent their time singing and praying.

Recently the father conceived the idea that Louis was pursued by the devil and that he must be beaten out of him. Louis was knocked down with a leg of a chair, and Mr. and Mrs. Rice and two sons pounded him into insensibility. When this was accomplished they were satisfied the devil was driven out.

Their next move was to celebrate the Feast of the Passover, and one of the little children was to be sacrificed as the "paschal lamb." One of the sons, a mere boy, told this to a clergyman, who informed the police. On visiting the farm they found Rice and his son, Louis, suffering from intense mania, and had them removed to Kingston insane asylum. The doctors say the other members will recover.

NEBRASKA WILL NOT BE HOSTILE.

Populists May Not Pass Laws to Drive Out Foreign Capital. Lincoln, Neb., Nov. 18.—If Governor Holcomb has his way the Populist victory in Nebraska will not be celebrated in a manner supposed to be common to that party. In an interview today, replying to the question whether there was good ground for apprehension on the part of business men that an assault would be made on corporations and such action taken as would drive out eastern capital, the governor said: "You ask me whether any laws will be passed against railroads and corporations, whether a stay law will be passed; legal interest lowered or hostility to foreign capital shown. I do not expect any radical legislation such as seems to be anticipated by the nature of your inquiry. I never have heard discussed the subject of amending or modifying our stay laws, and am

THE EXPERIENCE OF MAY WINTAGE

Made the Victim of an Unscrupulous Swindler.

UNSUCCESSFUL ATTEMPT AT SUICIDE

Upon Finding That Her Companion Was a Counterfeiter as Well as an Adulterer, the Young Woman Attempted to End Her Life in a Fit of Desperation.

Brooklyn, Nov. 18.—William F. Valentine, the alleged swindler, is believed to be one of a gang of sharpers that has successfully operated in several cities. It would appear that he is bent upon indictments for forgery and grand larceny, and abduction and assault, recently found by the grand jury. District Attorney Backus moved his trial on the charge of forgery in obtaining \$20 from Henry Batterman on a forged check, but Valentine pleaded guilty to the indictment. Then Mr. Backus said he would prefer to have his plea taken for the second count in the indictment, which was for forgery in the second degree, and Valentine's counsel accordingly asked the district attorney to move for the trial of the prisoner on the charge of abduction and assault in living with May Wintage at No. 274 Madison street, who is a minor age. Valentine pleaded guilty to abduction, which plea was entered and he was remanded for sentence.

ARMY OF TENNESSEE.

Twenty-eighth Annual Reunion of the Survivors at St. Louis.

St. Louis, Nov. 18.—The clear and motive notes of a bugle call resounded through the rotunda of the Southern hotel at 10.30 this morning and summoned over three score of gray haired veterans to the annual reunion of the twenty-eighth annual reunion of the Society of the Army of Tennessee, which is being held in St. Louis. General Dodge called the members to order in his brief address in which he expressed gratification that so many members of the society were present. The morning session was almost informal in character, and after calling the roll the members separated into groups and renewed old acquaintances. This afternoon the delegates, accompanied by their wives and guests, were escorted to points of interest throughout the city, including a visit to Jefferson Barracks.

Many of the visitors called upon Mrs. Jefferson Davis and her daughter, Winnie, who are in the city to attend the annual ball of the Daughters of the Confederacy here tomorrow night. This evening the society held public exercises at Entertainment hall, where an address of welcome was made by Mayor Nathan. After the exercises, and President Dodge responded on behalf of the society and General O. O. Howard delivered the annual address, the organization adjourned for the night.

During the morning session this message was received from President-elect McKinley: "I accept with much gratitude your personal congratulations and those of the Army of the Tennessee extended through you." Letters of regret were read from Mrs. John A. Logan, General Wesley Merritt, General N. A. Miles and others. Milwaukee was the foremost candidate for the next meeting. All the present officers will undoubtedly be re-elected.

EYELID GRAFTED ON A BOY.

Skin Taken from the Patient's Leg for the Purpose.

New York, Nov. 18.—Richard Van Dorn, a 16-year-old boy, has undergone a most delicate operation performed by Dr. T. R. Chambers, of Jersey City. The operation consisted in grafting a piece of skin taken from the patient's leg to the cavity of one of his eyes, which had been destroyed by molten lead several weeks ago.

The lead burned the eyelid half way, and caused the tissues surrounding the eye to be in order to insert a glass eye to lessen the disfigurement the operation was resorted to.

Dr. Chambers, when he discovered there was not sufficient tissue in the eye to hold the false eye, resorted to the Thiersch grafting, a rare and difficult operation. A piece of the epithelium layer on the boy's right thigh was carefully cut away, and an incision made in the eye socket. A common bone button was used to plug the hole. The graft was then inserted into the cavity, the piece of skin being stretched over it, and the whole bound firmly in the socket until union took place.

PASTOR WEEDS OUT HIS FLOCK.

One Hundred and Nineteen Members of a Cincinnati Church Dropped. Cincinnati, Ohio, Nov. 18.—The Lincoln Park Baptist congregation has just moved into one of the finest church edifices in Cincinnati. Its pastor is Rev. G. R. Robbins, who announced today that 119 members of his flock had just been dropped from the church rolls. Previous to this action the congregation numbered 721 members.

Dr. Robbins, in speaking of the matter, said today: "Our membership needed a pruning down. There were different reasons for our action. Some of the members had become too worldly, others were not exactly the church members they should have been. We have now got the membership down to a spiritual basis."

CHINA RECOGNIZES ITS WOMEN.

Li Hung Chang to Send Delegates to the Congress in London. New York, Nov. 18.—Mrs. R. B. Cowen, corresponding secretary Methodist Foreign Missionary society, has just received word through missionary channels that Li Hung Chang has appointed two Christian Chinese women delegates from China to the woman's congress to meet in London, 1898.

This is an innovation on the part of the Chinese government, which, from time immemorial, has kept women in seclusion. The appointees are Margerite Whang and Dr. Huking Eng. Both were educated in the United States by the Methodist Episcopal church. Dr. Eng graduated from an American medical college and Miss Whang was educated at Delaware, Ohio.

Jacob Schoonmaker, of Susquehanna, Pa., went by invitation to attend a special service in an adjoining hamlet. He was invited to be by one of the elders. It was nearly dark when they arrived at the home of the elder, and as it was raining hard and the minister's clothing was wet, the elder took his guest upstairs and provided him with a dressing gown to wear down to tea. The minister having put on the gown and got out of the stairs into the hall and was met by the elder's wife, who had a Bible in her hand. Raising it aloft she hit the preacher a resounding smack on the side of his head, exclaiming: "There, take that, you old idiot, for asking that preacher to stay here."
