THE COUNCILMEN WERE UNANIMOUS

Agreed That the City Might Be Held Liable -- Fireman Sproats Almost Gets Reinstated .- Mr. Clarke Questions a Committee's Action and Stirs Things Up .- After Some Aldermen -- Both Councils in Sessiop.

Each branch of councils met last night and in both sessions matters of importance developed, among which was the Mulberry street pavement regarding which it was decided to ignore all bids and re-advertise accord; ing to the specification.

President George Sanderson was in the chair in select council, all of whose members were present excepting Mr. McCann, of the Fourteenth ward.

The common council ordinance for widening Rock street passed third reading.

IN COMMON COUNCIL.

Seranton Traction Company Wants to Lay Two Tracks on the Viaduct.

The reading of the minutes for several meetings occupied considerable time.

The following in relation to the Mul-berry street pavement was reported by the pavement committee;

the pavement committee:
Your committee, to whom was referred the bids for the paving of Mulberry street, from Miffin avenue to Prescott avenue, herewith respectively beg leave to report that after having carefully considered the legal status of the matter as well as the interests of the owners of property abutting on said street, your committee has arrived at the following conclusions:

One:

First-That all the bids for the paying of said mulberry street he rejected.

Second-That the specifications as now Second—That the specifications as now prepared by the city engineer as far as relates to the kind of asphult to be used be so modified and amended to restore them to the original printed words without any additions or erastres.

Third—That after the specifications shall have been so amended and modified as above mentioned, the city clerk be instructed to re-advertise for the paying of said Mulberry street.

Charles F. Wagner,

James Manley,
W. J. Thomas,
J. A. Lansing,
John E. Roche,

BASIS OF REPORT

BASIS OF REPORT.

The report was based upon four things: The property owners petitioned for a "sheet asphalt pavement on a concrete base;" the ordinance reads "sandard asphalt;" the words "standard asphalt or asphalt equally as good" which have usually appeared in as-phalt specifications were crased in the Molberry street specifications and the words "Trinidad Lake or Bermudez asphalt" substituted, and finally the city solicitor's opinion in the whole matter guided the committee in making its report as it appears above.

Mr. Chittenden moved the adoption of the report, but an amendment by Mr. Robinson, seconded by Mr. Frable, was offered that the contract be awarded to the lowest bidder. In the discussion which followed those who favored awarding the contract were actuated by the belief that the work would have to be performed according to the supervision of the city engineer, and, in consequence, the proper kind of asphalt would have to be used. Mr. Lansing, Mr. Roche, Mr. Wagner and others who debated in favor of

adopting the report admitted the claims of those who wished to award the con-tract but argued that the city would be liable to the property owners for any excess in cost. The lowest bid could not be accepted without yielating the specifications, they claimed, the re-port was according to the city solici-tor's advice; if the bid next to the lowest was accepted the property own-ers' petition would be violated.

Mr. Robinson and Mr. Frable with-drew their arrangement and Mr. Covne

drew their amendment and Mr. Coyne moved the adoption of the report. It was adopted unanimously after about twenty minutes of debate.

CASE OF MR. SPROATS. The friends of Permanent Fireman Sproats almost succeeded in having him returned to his position with the Franklin Engine company, pending the appointment of his successor. The following resolution was presented by

Resolved by the select council, that William T. Sproats is hereby directed to resume his duties as permanent man of the Frankin Engine company and to perform such duties until such time as the select council shall have confirmed the appointment of his successor.

The resolution was not debatable and when its adoption was moved by Mr. Durr, Mr. Fellows moved that it be tabled. The amendment was lost by an 8 to 10 vote, but the adoption of the resolution failed to prevail, the vote being 9 to 9, as follows:

Your committee is informed that the which demands in its rendition exceptional dramatic expression was Mrs. Thiele's forte and as indicated above lay in schilling in the nomination is rend. Thiele's forte and as indicated above won for her an encore. Master Edmund Thiele, Mr. and Mrs. Thiele's 12-year-old son surprised everybody with acted as inspector of said work and we recommend that action be postponed until this information is furnished to councils.

Mr. Thomas and Mr. Williams were most active in urging the adoption of the report. They alone voted "aye," however, after it had been explained by Mr. Manley and others that the mayor had made the nomination at as early a date as possible. The report was not adopted but the nomination was approved.

OPPOSITION BY MR. CLARKE. Mr. Clarke started a prolonged discussion, and recourse to figures early in the meeting by fighting the recommendation of the fire department committee that Conrad Piel be awarded the contract for building a new service wagon for the chief of the fire department. The Piel bid was \$175, if including a 2-year repair guarantee, and the furnishing of all equipments. Mr. Clarke contended that he award ussion, and recourse to figures early Mr. Clarke contended that the award should be made to William E. Gilhool, who offered to build the vehicle for \$160. It was explained by Mr. Durr that the Gilhool bid did not include a repair guarantee, which the commis-

tee believed involved more than the difference between the bids. Mr. Clarke naked that all the bids be read, and in the reading it developed that J. F. McCawley & Brother's bid was \$165, but that the price did not include complete furnishings. Mr. Ciarke's motion that the bids be reranged for a series of three concerts which will be given at the Frotingsham during the winter. The first of the series will be given on Thursday ferred back to committee was lost by a vote of 11 to 7, and the award was made to Plei.

It has been decided to issue a special ticket good for six admissions, two for each concert for three dollars. The regular price for single countries the first courts was presented by Mr. Chil. and if any alderman have falled to make returns the controller is directed to demand reports from them forth-

with. Common council's amendment to the ordinance providing for parallel turn-pike to Chinchilla was concurred in. The amendment provides that the city engineer shall approve the work and the city solicitor shall approve the war-rants dedicating the land to the city before the road is accepted.

Two tracks on the West Lackawanna avenue viaduct are wanted by the Scranton Traction company as indi-cated in the following letter from its general manager, Frank Silliman: Gentlemen: -In view of the present con-sideration by your honorable bosties of the question of a viaduet on West Lackawan, na avenue from Seventh street to Ninth street, we beg to renew our proposition to contribute \$10,000 toward such a viaduet

street, we beg to renew an adjustion to contribute \$10,000 toward such a vialust in the following manner, and on the condition that we have the right to lay a double track on the viaduet, making our double track a continous one on Lackawanna avenue to Ninth street; \$2,500 one year from the date of the completion of the viaduet, \$2,500 one year from the date of the completion of the viaduet, \$2,500 two years from the date of the completion of the viaduet, and \$2,500 three years from the date of the completion of the viaduet.

We hope that the proposition may be of assistance in forthering this much-needed improvement.

Very truly yours,

Concerning the improvement work on Ninth and Robinson streets Mr. Nealis offered two resolutions which were adopted. One directed the city engineer to instruct Max Phillips, the contractor building the retaining walls, to finish the work in one week, and if the instructions are not complled with that the city engineer shall complete the work at the expense of the con-tractor. The other resolution granted a 30-day extension for finishing the pavement work on the two streets.

The introduction of an ordinance providing for an electric light at the corner of Mulberry street and Oakford court was proposed by Mr. Moir who contended that electric lights were be ing established too rapidly, and that in any event they should not be locat-

ed in the middle of a block. His mo-tion was lest by a vote of 13 to 3. Mr. Zeidler introduced a resolution, which was adopted, directing the may-or to have established a regular beat for a police patrolman on Mifflin ave-nue, between Spruce and Linden streets and on the Linden street bridge. A concurrent resolution awarding James McNally the contract for paving a portion of Pittston avenue was adopted.

Ordinances passed third reading providing for the expenditure of \$1,000 to-ward furnishing the new Nay Aug engine house, providing for sidewalks and curbing on Prescott avenue, and providing for sidewalks and curbing on many of the streets in the Sixth

Select council's resolution awarding the contract for building the service wagon for the chief of the fire department was concurred in.

THE THIELE'S ENTERTAINMENT.

Scranton's New Artists Heard at Elm Park Church Last Evening.

Mr. and Mrs. Thiele, the latest ac-quisitions to Scranton's widening coterie of artistic musicians, together with their promising young son, Mas-ter Edward, and a few other entertainers, delighted a large and cultured audience at Elm Park church, last even-

Mr. Thiele gave three violin numbers Senate in D minor by Prist, Schu-mann's Traumerel and Musin's difficult Mazurka. It was in this last number, which gives the widest reope for the display of the true artist's merit, that Mr. Thiele made the most pro-nounced impression. Mrs. Thiele was Maniey, Fellows, Lansing, Frable, Coyne, Ayes—Thomas, Williams, Durr, Chittenden, Wagner, Schroeder, Burns, McAndrew, Sanderson.

The sewers and drains committee attempted a rap at Mayor Bailey in its report on the appointment of Joseph Brill to be inspector of the Monsey avenue sewer. The report was as follows:

"Spring Flowers."

The second myrs. Thele was warmly received in each of her three appearances. Her first number was be Koven's "A Winter Lullaby;" her second, "Mids of Cadiz," with "Say house a double number with violin obligato, "Angel's Serenade," and "Spring Flowers."

The second number "Neide of Cadiz."

The second number "Malds of Cadiz," which demands in its rendition exceptional dramatic expression was Mrs. Thicle's forte and as indicated above won for her an encore. Master Edmund Thicle, Mr. and Mrs. Thicle's 12-year-old son surprised everybody with his excellent rendition of the quite difficult "Air Varie" of Dancia.

The other numbers on the programme were a dumb bell drill and chorus by the Young Women's Christian association juniors: a piano selection by H. M. Ecknan and impersent

lection by H. M. Eckman, and impersonations by Williard D. Howe. J. Alfred Pennington was the accompanist.
