**DEATH OF MRS. W. B. GROW.**

**One of Carbondale's Most Popular Women Passes Away.**

On Wednesday afternoon, after an illness of many months Mrs. Mary A. Grow, wife of Rev. W. M. Grow, passed away. Her health began to fail soon after the death of her sister, Mrs. E. E. Hendrick, and during the past year she suffered from various ailments, which were endured with patient resignation. At the time of death she was nearly eighty years of age. Mrs. Grow was born in England in 1817, but came with her parents to this country when twelve years old. She was united in marriage to the Rev. Mr. Grow fifty-seven years ago, and for some time they resided in Auburn, N. Y. Her husband moved soon after their marriage to Michigan where he was pastor of a church in Plymouth. In Waterford and Farmington he established prosperous churches. Mrs. Grow was devoted to the work and loved it. She had special gifts and graces, so that she was indeed a helpmeet in all Christian activity. As a successful pastor her husband found her an active helper in his work, especially in social life, he was most attractive and beloved by all. All classes were drawn to her by her gentle, loving Christian character.

For many years her life was passed in this city and the vicinity where Mr. Grow was engaged in pastoral labors. Two sisters survive, Mrs. William Bassett, of Plymouth, Michigan, mother of L. A. Bassett, of this city, and Mrs. William Hanford, of Detroit. The funeral services will be attended at the home of Hon. E. E. Hendrick this afternoon at half past two o'clock.

The receipts for the year amounted to \$7,226.21, besides donations of real and personal property.

Corner Washington Avenue and Spruce Street, Scranton, Penna.

The late **ROBERT BARTHOLOW** PROFESSOR OF MATERIA MEDICA, GENERAL THERAPEUTICS, and PHYSICIAN OF JEFFERSON MEDICAL COLLEGE of Philadelphia, said in his last work on medical electricity: "The time is not far off when electricity for medical use will take the place of many drugs with the same phenomenal success that has marked the progress of this science in the moving of cars, lighting of streets and houses and for general motive power." It was in 1790 that GALVANI discovered the action of galvanism on the nerves by experimenting on a frog. For 108 years galvanism has continued to grow in prominence as a cure for disease.

**LET IT BE THOROUGHLY UNDERSTOOD** that Dr. Green is a graduate in medicine and pharmacy, he has prescribed for thousands of patients who have never had an application of electricity, but experience and study has convinced him, as it has Maxton, Rockwell, Massey and others of prominence that electricity is the KING OF MEDICAL REMEDIES. Bear in mind that proper electrical treatment with first-class appliances, is NOT PAINFUL.

If you wish to know the result of Dr. Green's treatment for Rheumatism write to E. E. HESS, 207 East Cumberland street, Philadelphia, Pa., or care Seabury & Johnson, New York.

With electricity as a basis of treatment we are successful in cases of Rheumatism, Gout, Paralysis, Eczema, Tumors, Skin Troubles, Indigestion, Dyspepsia, the Wasting of Muscles, Poor Circulation, and all Nervous Diseases for which electricity is doing so much of late.

The blood clot causing Apoplexy and Paralysis can be dissolved and carried away by proper application of Galvanism and Faradism.

Cures of Catarrh are being made by the inhalation of ozone from the Electro-static machine.

We might mention hundreds of troubles which are amenable to electric treatment, but space will not permit.
