Five Children Perish and Their Fath-er Becomes a Maniac. Kagsas City, Mo., Nov. 23.—By the burning of the dwelling of Snyder Neal, a farmer near Hamilton, Mo., last night five children of Mr. Neal perished. Mr. and Mrs. Neal had a family of eight children. The youngest, a baby, and the eldest, a boy of 15, were with their parents at a dance at a neighbor's last night, and one of the six children who were left at home saved herself by jumping from the burning house. The others were burned to death. The dead children are j Callie, aged 13; Hattle, aged 11; Clarence, 5; Wil-lie, 7, and Julia, 3. Nora, aged 7, who saved herself by jumping, says that the children all went to bed upstairs at the usual hour. About midnight she was awakened, and saw fire coming up through the floor. She aroused the children, and then rushed to the window and jumped to the ground, imploring the others to follow her. They, however, were afraid to jump. In a few minutes Hattle, overcome by the smoke, fell to the ground, with her youngest brother in her arms. Just as they fell the Neals reached home from the dance, but could do nothing to rescue any of the children. The origin of the fire is a mystery, but incendiarism is suspected.
