DECISION AGAINST BROKER CHAPMAN

The Witness Who Would Not Talk Must Go to Jail.

OPINION OF THE SUPREME COURT

The Decision of the Lower Court Affirmed by the Unanimous Bench--Chapman Grasps at One More Straw --Other Witnesses Who Were Indicted for the Same Offence for Which Chapman was Tried.

Washington, Nov. 30.—By its unanimous decision, announced today by Chief Justice Fuller, the supreme court of the United States practically affirmed the judgment of the court of appeals of the District of Columbia in the case of Elverton R. Chapman, the stock broker who declined to answer certain questions propounded by the senate committee investigating the famous sugar trust rumors in connection with the tariff bill in 1894.

The effect of the decision is that Mr. Chapman must surrender himself to serve the term of imprisonment of 30 days adjudged against him upon conviction in the district court and pay a fine of $100.

New York, Nov. 30.—Elverton R. Chapman, whose conviction for contempt of the United States senate was today affirmed by the supreme court of the United States said when shown a despatch of the United Associated Presses announcing the fact:

"As soon as the judgment is transmitted to the court of appeals of the District of Columbia, I shall deliver myself into custody. I shall probably go to Washington tomorrow. Being in arrest, I shall apply to the supreme court of the United States for the writ of habeas corpus to pass on the constitutionality of the law under which I was tried and convicted. Any judge of the supreme court can issue the writ. If the writ is granted, the question of the constitutionality of the law will be decided in a week. I am under $5,000 bail, and under sentence to 30 days in jail. I shall be obliged to go to jail if I cannot get the writ of habeas corpus, or if after getting the writ, the decision on it is against me. We tried, on the trial, to question the constitutionality of the law passed upon, but were unable to do so. The supreme court's decision is that the decision of the court of appeals of the District of Columbia in criminal matters is final."

Others indicted for the same offense as Mr. Chapman are John W. McCartney, of Corson & McCartney, Brokers, of Washington; E. J. Edwards, Washington correspondent of the Philadelphia Press; John S. Shriver, Washington correspondent of the New York Mail and Express, and H. O. Havemeyer, president, and John E. Searles, treasurer of the American Sugar Refining company. All these persons are entitled to a separate trial, but if Mr. Chapman is compelled to go to jail it is presumed that they will be also.

EXPERIENCE OF A "JINER."

Frank R. Preble Describes His Initiation in an Orange Lodge.

Boston, Nov. 30.—The Waltham "Branding" case in which the officers of an Orange lodge are charged with assault upon a candidate for membership, was on trial before Judge Hardy in the Superior court at Cambridge today. Frank R. Preble is the complainant and John G. Graham, George R. Nickerson, Edward O'Leil, Daniel Tracey and Leander Weatherbee, the defendants. The court room was crowded. Preble was the only witness for the prosecution, and gave a graphic story of his initiation. He claimed that he was cruelly used; that he was flagellated on the bare legs, "was stuck with pins or an ice pick," was "compelled to carry a heavy bag of stones, and from a step-ladder which he was forced to mount, he fell into a blanket, was tossed in it and then was branded with a red-hot iron on his left breast. He claimed that he was severely burned and otherwise injured.

He stated in court that he had taken an obligation not to divulge the secrets of the order, but this was before the tossing in the blanket and the burning, and he did not consider these secrets of the order.

KILLED HIMSELF JUST IN TIME.

Delay of Half an Hour Would Have Lost Insurance of $25,000.

New York, Nov. 30.—Insurance of $25,000 on the life of Helmos Romaine, a wealthy Paterson, N. J., citizen, who committed suicide a week ago, was paid by a New York company today.

A peculiar fact about the matter is that had he delayed his suicide half an hour the policy would have expired.

MAYFIELD.

Bertha, the eldest child of Mr. and Mrs. William Jones is lying very ill with convulsions.

Mrs. Benjamin Lyman left yesterday morning to visit her parents at Starnica.

Tomorrow there will be a foot ball game between the Mayfield team and the St. Thomas' college team of Scranton. Both teams won a game on Thanksgiving day, and an exciting time is promised.

Mrs. William T Davies is confined to her home with bronchitis.

John Hunter, of Clifford, who has been visiting Louis Adams, returned home yesterday.

Mr. John Parkyers is on the sick list at his home.

Louis Thomas, of Carbondale, was visiting friends in Mayfield yesterday.

Leo, the 5-year-old son of Mr. and Mrs. Mulderick, is ill of diphtheria.

The murderer who, at dead of night, creeps, stealthily out to bury the dead and mangled body of his victim inspires men with horror and dread. There is a murderer abroad who yearly slays one-sixth of all the human race who go down to untimely deaths. This dread monster is called consumption. The approach of consumption is slow and insidious. First there is a slight disorder of the digestion. The appetite is poor and the nourishing properties of the food are not properly assimilated. The blood becomes thin and impure. The body begins to starve. Old tissues of the body are not properly replaced by new. The lung tissues are not properly nourished and are inert and half dead. In this condition they offer a good soil for the germs of consumption which invade and attack them.

This operation is promptly reversed by Dr. Pierce's Golden Medical Discovery. It invigorates the digestion and appetite and makes assimilation perfect. It builds up and purifies the blood. It makes new and healthy tissue to replace the old, inert matter which it causes to be carried off. It drives out all disease-germs. Thousands of cases given up as hopeless have been cured.

Miss Laura Piersel, of East Bethlehem, Washington Co., Pa., writes: "I must write you telling you of the great benefit derived from the use of your 'Golden Medical Discovery.' Last summer my friends thought I was surely going into consumption, and having tried doctors with no satisfactory results and hearing your medicine so highly spoken of, I took one bottle. My cough left me together with all the distressing symptoms, and in fact the cure seemed almost miraculous to all who saw me."

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated granules that are an unfailing and permanent cure for constipation.

PROF. COLES FOR DECEMBER.

From Storms and Signs.

Our prediction last month: "November will prove a very peculiar month. For while some sections are having sunshine and summer-like weather, other sections will have nothing but rain, hail, snow, slush, floods, blizzards, high winds, etc." proved true. That we read the true meaning of the strang position of the Planets, no one, with any sense of honor in them, can doubt for an instant. This month Earth with sail in between Old Red Warrior Mars and the Sun. Old Red Warrior Mars will be behind poor Old Mother Earth's back and he will play all sorts of tricks on her. He will cause her to be restless and angry. Hurricanes, blizzards, cyclones, floods, earthquakes, tornadoes, tidal waves and great electrical storms may be looked for in many sections.

Disease epidemics will become prevalent to an alarming degree. Scarlet fever, diphtheria, typhoid fever, measles, etc., will keep the health boards very busy. A new "muscular" disease will appear and cause untold pains and annoyances. Riots, strikes, accidents, fires, murders, suicide, mine caves and awful slaughter among the savages will be recorded this month, and next. Fierce gales will sweep over many sections of the country.

Watch how low to the south the new moon will appear on Sunday evening, the 6th inst., and see the bright and beautiful planet Venus making love with the young moon; then turn your eyes toward the east and see old Red Warrior Mars, red with anger. How do I know when these heavenly scenes are to take place, do you ask? I get my wisdom and understanding from the object lessons written in blazing words on the background of immensity.

It doesn't cost money to have a good time; The world's best enjoyments are free; Look up from your pleasures in folly and crime—

To the skies—and pictures you'll see.

The vital forces will be at "high flood" only twelve days this month: 3d, 4th, 12th, 13th, 14th, 17th, 18th, 19th, 21st, 22d, 23d and 31st. Is the coming new year preparing to go back on our present promising prosperity prospects? A break will occur in the gaseous matter now passing over the sun, some time between the 1st and 15th and cause destructive storms and high winds. This set of gaseous matter will pass from the sun entirely, during the latter part of this month or first part of next month, and cause storms unprecedented! Let the southern, northern and western states, especially, prepare for the worst! The Old Country will receive terrible afflictions—by storm and wind; by war and ruin. The planets foretell great dissatisfaction among the ruling powers of the Old Country. America, being the heaven of earth, will soon become the abiding place of one of them—perhaps Li Hung Chang? We see trouble in store for our fair land that we will not mention at present, but timely warning will be given.

We warn all persons in the mercantile business that the last part of this month promises some exciting disturbances, therefore, the Christmas trade should be brought out early by extra inducements, if necessary. The old year, 1896, that has given us so much sorrow, may give us an unprecedented farewell. Unseen forces may stay off those disturbances for a few days, but we shall soon feel the blighting force of Old Red Warrior Mars' power. Many beautiful sunset scenes will take place, strange phenomena, and a new comet will appear in the heavens. All of the coming storms, signs, and vital force marks, etc., will be found on our Storm and Sign Calendar, which will be sent free to any address.

The vital forces of all human and vegetable life will fall from "high flood" to "low ebb" and return to "high flood" again within twenty-four hours' time, on Sunday, the 20th inst. Let those troubled with heart disease, or in a "run down" condition, take good care of themselves and avoid overwork and exposure. Earth will pass out of the House of Sickness, on the 20th inst., over into the House of Marriage, and will be opposed by the House of Life, which will make a Merry Christmas for many. A Happy New Year to all.

MARKETS AND STOCKS

Wall Street Review.

New York, Nov. 30.—Trading at the Stock exchange today as usual of late was entirely professional. In the early dealings the market was barely steady, but subsequently on moderate selling the leading issues yielded fractionally. Later on the active issues improved slightly on the October statement of the St. Paul road being a little better than was expected. In the last hour of business the traders became more aggressive. Sugar and Jersey Central were the objective points. The latter was raided down from 103½ to 101. Sugar sold down from 117⅝ to 115⅜. This stock was hammered by the traders on the announcement that the Williamsburg refineries had not resumed operations. Commission houses were without orders. Speculation left off weak in tone. Net changes show losses of ¼@2⅝ per cent., Jersey Central leading. Total sales were 179,900 shares.
