MR. WANAMAKER GIVES HIS VIEWS

He Favors High Tariff, Good Currency and Protection for Labor.

OBJECTS TO BOSSISM IN POLITICS

Has No Quarrel with Anyone and Will Not Become Sour if Defeated. Is Yielding to Requests of Thousands in Allowing His Name to Go Before the Legislature.

Philadelphia, Dec. 29.—John Wanamaker will leave for Harrisburg within the next few days to take personal command of his followers at the state capital.

In an interview today Mr. Wanamaker discussed the questions bearing on his senatorial fight. "The four years just closing," he said, "have been most disastrous to our country, and the recent presidential election almost precipitated a national crisis. If the next four years do not give good times to the United States, the new century will usher in changes that will be severely felt to the most remote corner of the world. Pennsylvania's responsibility in the administration of national affairs is the responsibility of two senators. The terms of these two senators expire either at the beginning of or during President McKinley's administration, and as the time approaches to fill the next vacancy some of those who labored incessantly to defeat the nomination of President McKinley and carried the vote of Pennsylvania in the convention against him are assuming to dispense the federal patronage in advance of his inauguration in order to influence the votes of the members of the legislature."

"What about national issues, Mr. Wanamaker?" "I favor a tariff high enough to remunerate manufacturers, that they may be able to keep their employees going the full week at good wages, and to exclude everything that we can grow or make in this country. "Next in importance to the tariff law, I hold to be the immigration law. I always stood for first taking care of Americans with work. "Now there are people, people who never employ a dozen men in their lives, except possibly in political campaigns, trying to make capital against me as being opposed to the laborer. Let them go among our employers and find out. I am always and unequivocally against any importation of foreign labor."

CONCERNING FINANCE. "As to finance, I am unalterably against any tampering with our money to destroy the nation's credit, and must be counted forever against any depreciation of our coin."

"What about state issues?" Mr. Wanamaker was asked. "In reply to your question, let me say first, I do not know what right any United States senator has to go to Harrisburg and interfere with state issues—to take care of this corporation and that, or settle other questions. What is the right of a senator or any member of the legislature if the bills are to be prepared by a state committee and marked O. K. by one senator. If you ask me as a citizen and tax payer what my opinions are on the state issues, I am free to say that I am in favor of all free reform legislation proposed, and much more so yet proposed; and with others I will agitate questions and inform the public and plead for the remedying of them. There is no more important matter needing adjustment than the present financial system of the state. It is a startling fact that from four to six millions of dollars of balances are credited as deposited in banks, yet the state does not pay up promptly its school and other appropriations. It is also an astonishing fact that these millions known to be ingeniously assessed for election expenses pay no interest to the state while many of its sick, insane and poor are suffering from slack accommodations. I believe that the auditor general's department likewise needs reorganizing because of the large disbursement of the auditor general in adjusting the tax on the state, the commonwealth is dishonored by the claim that one man owns one hundred and fifty votes out of the two hundred and fifty chosen men, composing the next legislature—not yet assembled."

HAS NO QUARREL. "I speak plainly on this subject because I have been assailed and misrepresented for having had the alleged audacity to maintain that any citizen might aspire to a place supposed to be open to all who cared to contest for it. I have no quarrel with any one, and have not been a party to any attack made on any individual. I have simply fallen in with my own inclinations for usefulness and bent to the wishes of thousands of people who have been writing to me, or sending me, urging my consent to serve as senator. As one man declares it is necessary to defeat me, I also declare that it is not at all necessary to elect me. If another is preferred before me, I will neither become sour, sullen nor savage—only go on in whatever seems to be the next duty; and since I believe with many others the day has come to overthrow the present arrogant and defiant political thralldom, we shall not stop with one skirmish or half a battle."

The Business Men's league, unjustly assailed, is composed of men from every avenue of life who work for a living. The organization has come to stay. Its members have pledged themselves to continue to serve in the effort to put the state, not under a new boss, but under the direction of republican machinery composed of more than a single wheel. The associations have not been organized to elect one or two senators, but to take up the offices of state treasurer, auditor general, governor and others as they come around, as well as the next legislature. If some men have nothing to do but return themselves to office, this association will take steps to see that their records of service show worthiness of election or re-election. These are the coming practical living questions that will make a self-respecting Republican party again. And in such a warfare I am sure the people will triumph."

MEETING OF JUDGES OF STATE COURT

Proceedings of the Convention at Philadelphia.

TO SECURE UNIFORMITY IN RULES

Systems of Preparation Suggested That Would Force Applicants to Attend Law School—Judge Archibald Protests Against the Standard That Would Bar Out the Impetuous Student.

Philadelphia, Dec. 29.—A convention of the judges of state courts and the members of the district examining boards were held here today. The object of the gathering, which was under the auspices of the Pennsylvania Bar association, was to discuss the "advisability of approximate uniformity of rules of court throughout the commonwealth with a view to establishing such uniformity where it may be found wise and feasible to do so."

The amendment was accepted by Mr. Smith and passed, and the convention adjourned to meet again at the same time and place of meeting of the State Bar association next year. The visiting delegates were this evening given a reception in Houston hall by Provost Harrison and the trustees of the University of Pennsylvania, and the many distinguished jurists, who attended were received by the provost and by Joseph C. Rosenbarten and Samuel Dickson, of the board of trustees. After a pleasant evening had been spent in comparing notes of the day's proceedings a collation was served in the dining hall.

PRINCESS AND THE GYPSY

The American Beauty and Hungarian Musician Create a Sensation at Buda Pest.

Buda Pest, Dec. 29.—Janos Rigo, the Hungarian gypsy musician and the Princess De Carman-Chimay, formerly Miss Clark Ward, of Detroit, who recently eloped from Paris, have arrived here from Stuhl Weissenberg, where they had been visiting Rigo's parents. Their presence in the city, where the story of the elopement has filled much space in the newspapers, has awakened the greatest curiosity, and people of all classes make all sorts of efforts to see the couple. When it became known that Rigo and his American mistress were stopping at a hotel here hundreds of persons went to the hotel and stood outside for hours in the hope of catching a glimpse of the crowd because that traffic on the streets in the vicinity of the hotel was blocked and it became necessary to detail special police to handle the people.

The princess and her paramour have visited the theatres since their arrival and appear to enjoy the festivities they have obtained through their liaison. Whenever they have appeared at places of amusement the princess has been blazing in diamonds, and as she is a remarkably beautiful woman, has excited much attention. The audience, as soon as they see who the couple are, neglect the stage and devote all their time to watching Rigo and the princess, who evidently delight in the sensation they are creating. The contrast between the two is great. Rigo, who is about 35 years old, looks like the ordinary gypsy, but his complexion is swarthy and his common ancestry is plainly attested in his face. The respectable people of the city are thoroughly disgusted with the manner in which the couple are acting and say that ordinary decency should impel them to keep their names as much as possible from the public gaze, but this view of the matter does not seem to meet with the approval of the parties most interested. Men of the world scoff at the idea of Rigo divorcing his wife and marrying the princess. They say that if she has as much money as possible from her he will abandon her and return to his wife.

FRANK ARBUCKLE'S DEATH.

Coroner's Jury Decides That It Was Due to Natural Causes.

New York, Dec. 29.—The coroner held an inquest today regarding the cause of death of Frank P. Arbuckle, the Denver politician, who died a few weeks ago in the West One Hundred and Fifty-second street station soon after being found unconscious at One Hundred and Fifty-second street and Eighth avenue.

It was thought at first that he had met with foul play, as his money, overcoat and jewelry had been taken from him, but the autopsy showed that the death was due to natural causes. The jury returned a verdict that death was due to heart disease and other probable unknown causes.

DOUBLE MURDER.

William Whaley and His Wife Shot Down in Cold Blood.

Knoxville, Tenn., Dec. 29.—A double murder occurred at a point two miles from Sevierville, Sevier county, last night at 11 o'clock. William Whaley, aged 35, a farmer, and his wife, aged 20, were shot down in cold blood by two unknown men. They came to the house and without speaking a word broke down the door and walked in and shot the couple. Miss Lizzie McMahon, a sister of Mrs. Whaley, was present, but was unhurt. She had an infant of the Whaley's in her arms when the men entered.

FURNACE TO BE LIGHTED.

Employment Will Soon Be Furnished 3,000 Men.

Baltimore, Dec. 29.—Fires will be lighted on Friday in furnace "A" of the Maryland Steel company at Sparrows Point, giving employment to about 150 men who have been idle since September. It is expected that the number will be increased to 500 within two weeks, or as soon as the steel mills can be started.

Indications are that the entire plant will be in full blast before spring, giving work to nearly 3,000 men.

HOME RULE FOR CUBA.

The Reforms Will Be Instituted When the Province of Pinar Del Rio Becomes Settled.

Washington, Dec. 29.—While it is not true that the Spanish government will accept the mediation of the United States in giving autonomy to the island of Cuba, it has been known for some weeks that the Spanish ministry purpose giving the Cubans a larger measure of home rule than they have heretofore enjoyed. President Cleveland has been repeatedly assured that those reforms will be inaugurated when the province of Pinar Del Rio has been pacified. It was in this province that General Maceo and his followers have been located for the past year, and since Maceo's death the work of pacification has been considerably expedited. The time is now believed to be ripe when the home rule reforms will be instituted there, and also in the provinces of Matanzas and Havana, where insurgents have never secured a foothold.

MINISTRY NOW AT WORK.

The Spanish ministry are now understood to be engaged in drafting the proposed reforms, but thus far the only knowledge respecting them is of a general nature. It is believed that they will be completed within the next fortnight and it is not unlikely that a copy will be cabled to Secretary Olney by the permission of the Spanish government before their public announcement.

Washington, Dec. 29.—Following Olney today made the following statement in regard to the case of Henry Delgado, the Cuban correspondent of a New York newspaper, who was captured by the Spaniards in the Province of Pinar Del Rio on December 18: "It appears from a report from the Havana consulate that Mr. Delgado was made a prisoner by the Spanish troops in course of recent military operations in the Province of Pinar Del Rio; that he is reported to have belonged to the staff of the insurgent Major General Maceo and to have been in command of the artillery and that a letter to Maceo and one from Maceo to the prefect of Las Tunas was found on his person. It being represented to the consulate that Delgado is a native born American citizen. All the rights to which he is entitled under our treaty with Spain and subsequent protocol have been claimed for him."

ADVANCE GUARDS AT HARRISBURG

Penrose and Wanamaker Forces Not Numerous but Enthusiastic.

CLAIMS MADE BY VARIOUS FACTIONS

Each Side Is Confident of Success. Jerry N. Weiler, of Carbon, Will Vote for Penrose—Senator Kauffman Claims That the Wanamaker People Have Won the Fight.

Harrisburg, Pa., Dec. 29.—The advance guards of the Penrose and Wanamaker forces were not largely increased by fresh arrivals today, but those already on the ground are making the most of the situation. All sorts of claims and counter claims are sent out from the rival headquarters. Branch Wanamaker headquarters were opened at the Lochiel hotel today and among those who dropped in were Senator-elect Samuels, A. Loech, of Schuylker, who says the sentiment of his county is overwhelmingly for Wanamaker. He expressed the opinion that four of the five members of the house from Schuylkill will vote for the ex-postmaster general. Senator Kauffman, of Lancaster, also here and said the Thomas Dolan and David Martin will be Friday to take charge of the Wanamaker headquarters at the Commonwealth. The Lochiel hotel front is covered with a series of electric transparencies which read downward "Philadelphia's choice for United States senator, Hon. Boies Penrose." At the building on Walnut street, leased by the Business Men's league as headquarters, there is also a lot of attractive decoration, the entire front being covered with bunting, flags and shields. There will also be a big electric transparency. A car load of furniture was placed in the building today and it is being fitted up as permanent headquarters of the league for the winter.

WEILER FOR PENROSE.

Representative Jerry N. Weiler, a Democratic member from Carbon, has declared for Penrose because of his support of measures endorsed by the State Railroad Employees' association. Representative Judson Phelps, a free silver Republican from Crawford, will vote with the Democrats because he was elected on a fusion ticket. He really favors Senator Cameron. Senator Haines, of York, who was here today, thinks the Democrats will support ex-Lieutenant Governor Black. Senator Kauffman says the Wanamaker people have the fight won and no member of bluff can turn the tide. Representative-elect Nesbit, of Northumberland, writes that the sentiment of his county is growing stronger for Wanamaker and he is glad his position is being endorsed by his constituents. The Penrose men say the other side are playing the old trick of bringing out members concealed, and claiming them as recent converts.

He made an address to the representatives in which, after speaking of the services rendered by the army, he declared that the papacy would finally triumph. He added that he had received offers from Canada, Ireland and elsewhere from people who were ready to hasten to the defense of the papacy. He hoped the moment would soon come when he would see himself surrounded anew by sons as faithful and as well beloved as those which had composed the pontifical army. The speech has produced a deep impression in all circles here.
