THE CAUCUS The caucus was held in the Supreme court room and was called to order by Representative William Marshall, of Allegheny. Mr. Boyer, of Philadelphia, nominated P. M. Lytle, of Huntington, for chairman, and Mr. North, of McKean, named Ward H. Bliss, of Delaware. Messrs. Keyser, of Philadelphia, and Focht, of Union, were appointed tellers. Mr. Lytle was elected and made a speech in which he said he was profoundly grateful for the honor bestowed upon him. The secretaries chosen were Messrs. Holles, of Philadelphia; Tilbrook, of Allegheny; Schrick, of Schuylkill, and Smith, of Jefferson. This organized the committee was ready for business and the chair announced that he was ready for nominations for speakers. Mr. Boyer, of Philadelphia, for chairman, Mr. North, of McKean, for secretary, Mr. North, of McKean, for secretary, Mr. Stewart, of the same city, seconded the nomination. Mr. Boyer was chosen by acclamation. He was conducted to the platform and said he could not express his appreciation of the compliment. Three times he was chosen by acclamation in this same hall for the speakership. He expressed his gratitude and said he would have something to say regarding legislation on taking the chair tomorrow. Mr. Bare, of Huntington, nominated Rex B. Keyser, for chief clerk, and he was chosen by acclamation. Mr. Kratz, of Montgomery, nominated A. D. Petheroff, of Montgomery, for resident clerk, and he was also chosen by acclamation.

COMMITTEE ON OFFICERS. A resolution was adopted providing for the appointment of a committee of one from each congressional district and two at large to prepare and submit a list of officers and employees of the house tomorrow morning. The committee was announced by the chair as follows: Philadelphia—Edwin H. Vane, John M. Scott, Augustus S. Roberts, William H. Keyser, Samuel Crothers, Allegheny—William T. Marshall, Charles J. Pender, Berks—David West, Bucks—James Patterson, Cumberland—Pillmore Mast, Dauphin—John M. Healy, Delaware—Richard J. Baldwin, Erie—John D. Henley, Forest—Jacob E. Wank, Jefferson—William O. Marshall, Washington—John C. French, Westmoreland—James B. Hammond.

The general committee met after the adjournment of the caucus and referred the matter of selecting officers and employees to a sub-committee, consisting of Messrs. Lytle, Huntington; Keyser, Philadelphia; Orme, Schuylkill; Smith, Jefferson; Marshall, Allegheny; Bentley, Erie; Wilson, Lancaster; Connell, Scranton; Martin, Lawrence. The house caucus authorized its chairman to confer with the chairman of the senate caucus regarding the calling of a joint senatorial caucus which will be held tomorrow night.

THE CLERKS. The house slate committee spent an hour or two considering the applications for places, but beyond classifying the applications nothing was done. The slate committee of the senate spent an hour in the same way. There is an army of place seekers, but as the positions are limited it is evident that much bottom holding will be done before the committee make their selections. It is said tonight that the appointments will all be withheld until after the caucus for the United States senatorship tomorrow night. In view of the fact

that many places are contingent upon the selection of a candidate for the United States senate, those in control will probably be slow making public their decisions. Fred W. Fietz, of Scranton, will be reading clerk of the house and Marshall Douthett, of Allegheny, will probably be journal clerk and Harry Hahn will be speaker's clerk.

DEMOCRATIC CAUCUS. The house Democrats held a caucus tonight and decided to support Representative Long, of York, for chairman of the caucus; Lennon, of Lehigh, for speaker; James Sweeney, of Luzerne, for chief clerk, and John P. Dohoney, of Harrisburg, for resident clerk. A joint caucus of the Democrats of the legislature will be held tomorrow night to nominate a candidate for United States senator. Ex-Lieutenant Governor Chauncey F. Black, of York, has no opposition.

The Pennsylvania managers regard the result of the house caucus tonight as a settlement of the contest for United States senator in their favor. They say the unpledged members will now line up with them. On the other hand the Wannamaker leaders declare the result has no significance whatever and that many members who voted for Lytle will vote for Wannamaker in the caucus. They emphatically declare that the fight has just begun and that the anti-Quay forces will be thoroughly organized for a continuance of the battle. They regard Mr. Wannamaker as one of the strongest men in the state today and are satisfied with the fight they have made. Senator Quay and his lieutenants adhere to their claim of 150 votes for Quincey and they affirm with much confidence their belief that the caucus tomorrow night will show this result.

There was a great demonstration tonight in the interest of Senator Pennington. A large number of political clubs from Harrisburg and surrounding towns and two or three organizations from Philadelphia, participated in a street parade, several thousand men being in line.

LEON HERRMANN IN NEW YORK. Nephew of the Great Magician Expects to Inherit His Mantle. New York, Jan. 4.—Leon Herrmann, a nephew of the late Alexander Herrmann, whom he hopes to succeed in popular favor in the United States as a prestidigitator, arrived on the Paris today. He bears a striking resemblance to his uncle. The chief physical point is that Leon is somewhat the shorter. His features are of the same amiable Methodistian cast. He is about 29 years old and is a son of the late Alexander's brother Benjamin. He studied and practiced "the black art" with his oldest uncle, Carl Herrmann, of Vienna, who died some years ago. "Even if my uncle Alexander had not died," said he, "I would have come to America, although not so soon, for he was arranging with me to join him. I expect to take up my uncle's work as far as possible, in cooperation with Ben Herrmann, about the middle of the month. Meantime I intend to devote myself to the study of English, as my professional experience, with the exception of one month in London has been confined to the continent and South America."

TO BUILD AN ALUMINUM AIR SHIP. Company Formed in 'Frisco to Construct Aircraft Navigator. San Francisco, Jan. 4.—An attempt is soon to be made in this city to construct an airship on a large scale. An order has been placed with the Pittsburg Reduction company for a large amount of aluminum to be used in the construction of the ship and work will be commenced as soon as possible. This statement is made by authority of Dr. C. A. Smith, president of the Atlantic and Pacific Aerial Navigation company. A company has been formed which incorporates at the par value of \$1 per share. All of the incorporators are men of wealth. Ten thousand shares have been sold in open market. There are now in the rooms of the company, in the Spreckels building, working models of the ship as it will appear when finished. The complete vessel will be about 200 feet in length over all, and the cylinder will be 25 feet in diameter by 125 feet, the cones tapering to a point at a distance of about fifty feet each from the cylinder. The propelling power will be a Maxim engine of 180 horse power, weighing complete 340 pounds.

FIRE STATISTICS. An Estimate of Losses in the United States and Canada for 1896. New York, Jan. 4.—The Journal of Commerce and Commercial Bulletin, of tomorrow will say: The fire loss of the United States and Canada, as compiled from our daily records, amounts to \$11,282,000. This makes the total for the year 1896, \$115,655,500, as against \$129,829,700 in 1895. During 1896 there were 2,175 fires where the estimated loss in each case amounted to not less than \$100,000 and the largest loss by any one fire was \$2,900,000 at Cripple Creek, Colo., in April. The reduction of over fourteen millions in the fire loss account for 1896, as compared with 1895, has been very decidedly felt by the fire underwriters. They had in the year just closed a happy combination of high rates and light losses and their claims have been very handsomely in fact veteran underwriters feel that the effect of prosperity will soon be to develop rate wars in various sections.

CORBETT AND FITZ WILL FIGHT. Final Papers Signed at Jersey City Yesterday. New York, Jan. 4.—Bob Fitzsimmons is matched to fight Jim Corbett for a purse of \$15,000, and a side bet of \$5,000 on March 17. Fitzsimmons signed the articles this afternoon at Taylor's hotel, Jersey City. Corbett signed them three weeks ago. Dan Stuart, of Dallas, Texas, who made the match and claims to be able to pull it off, was present. Fitzsimmons objected to the clause, "all privileges reserved by the club," Julian said if the kinesiograph privilege was sold the principals should get in on any money coming from that source and he follows. When January 8th, 1897, at 12 o'clock, the principals, then Fitzsimmons signed. At Smith is named as stakeholder.

MARKETS AND STOCKS

Wall Street Review. New York, Jan. 4.—The stock market started off well this morning and the traders felt much encouraged when they found that the upward movement inaugurated on Saturday continued to make progress. While the advance, except in a few instances, was by no means large and the volume of business was confined to limited proportions. The general run of stocks moved up 1/4 to 3/4 cent, but Delaware and Hudson rose 1/2 and Omaha the latter was favorably influenced by the growing belief that a dividend of 2 per cent would be shortly declared on the common stock. Heading advanced only fractionally on the decision of the attorney general of Pennsylvania. During the afternoon the temper of speculation underwent a decided change, because of the many failures at St. Paul and other western cities. These difficulties, together with the apprehension of a further fall in sales by early buyers, the market cooled as quiet as ever and closed rather weak in tone. Net changes show declines of 3/4 to 1/2 cent. Total sales were 102,000 shares.
