ECHOES OF THE RAILWAY STRIKE

Bill Bearing Upon the Debs Case Is Heard in the House.

MR. JOHNSON ATTACKS MR. HEARST

The California Member Becomes Warm in the Discussion of the Pacific Railroad Funding Bill. Several Substitutes for the Measure Will Probably Be Offered Today.

Washington, Jan. 8.—The second day's discussion of the Pacific Railroad funding bill by the house today developed much more interest, from a popular point of view. Mr. Johnson, of California. In the course of a speech supporting the bill alluded to Mr. W. R. Hearst, of the San Francisco Examiner and New York Journal in most vituperative terms. He was answered by Mr. Cooper, of Wisconsin, who characterized the incident as the most disgraceful he had ever known in the history of congress.

The bill was advocated by Messrs. Patterson, Tennessee, and Hepburn, Iowa, and antagonized by Messrs. Harrison, Alabama; Boatner, Louisiana; Swanson, Virginia; McCall, Massachusetts; (only upon the rate of interest proposed), by Messrs. Wheeler, Alabama, and Shafroth and Bell, Colorado. Tomorrow the bill will be under consideration for amendment and several substitutes for it will be proposed. A resolution was agreed to offered by Mr. Turner, directing the attorney general to print as an appendix to his last report, the correspondence in the department of justice, upon the great railroad strike in Chicago in 1894.

An echo of the great railway strike in Chicago four years ago which culminated in the imprisonment of Eugene V. Debs, was heard in the house committee on the judiciary today. The bill in relation to contempts of court which passed the senate last session has been under consideration by the house committee for the past fortnight and today the senate bill as amended was ordered to a favorable report. In its present form the house bill provides that any contempt in the presence of the court may be punished by the court alone, but any contempt outside of the court, except the refusal of witnesses or jurors to attend, must be tried by a jury if the accused so demands.

ADVANTAGE OF 1897.

Unsound Firms Have Been Swept Out of Existence---The West in Better Condition Than in Past Year.

New York, Jan. 8.—R. G. Dun & Co. will say tomorrow in their weekly Review of Trade:

The year 1897 begins with one clear advantage; the past year swept out of the way a great number of unsound concerns which in any time of activity would have been dangerous to business. Of the 15,286 commercial and banking failures in 1896, a large share represented crippling losses in previous years, or the violence of speculative storms in 1895 or the first half of 1896, while thousands more resulted from the fury of the political tornado last fall.

While the banking failures have not ceased at the west apprehension about them has almost wholly subsided and no serious influence upon general trade is now expected. It is felt at he west that all business will be the sounder after its purging and the return of money to New York has exceeded shipment to the interior by $2,000,000 for the week. Speculative markets have been dull. After rising about 50 cents per share and $2 for trusts, stocks were checked by revival of talk about Cuba at Washington and by reduction of the dividend on Delaware and Hudson. The market for goods is extremely slow, as many infer that the unprecedented stocks of print cloths indicate a similar surplus of other goods. The logic is bad, but in many branches the mills have doubtles manufactured goods anticipating a demand which has not come. It is now proposed to relieve the market by selling quantities of print cloths abroad, or by locking up 2,000,000 pieces until the market improves. The only change in quotations is one cent reduction in some bleached goods.

In woolen goods, the only change is a reduction of 7½ cent in clay worsteds, and mixtures, and orders are not more frequent. Orders for boots and shoes have almost ceased, except for a few qualities which have been advanced only 2½ to 5 cents in price, but jobbers are buying a little more as stocks run low.

Enormous purchases of billets came with a rush, most of the larger concerns contracting for all they required for months and even a year to come, and some of the largest contracts are said to have been at $15 or even less, but there is as yet no better demand for structural work, and little is doing in rails, as possible buyers think $25 is too high with billets at $15 per ton. Nevertheless, a great trade is expected when relative prices becomes settled.

FOREST CITY.

On Tuesday afternoon Dr. J. S. Niles, of Carbondale, assited by Dr. Blakeslee, of Forest City, performed a successful operation on Mrs. Butler, wife of Mr. Harry Butler. When Mrs. Butler was a child living with her parents in the west she met with the misfortune of freezing her foot. Since that time she has been a constant sufferer. Operations were performed on the injured member four different times, each time a portion of the foot being cut off. A few years ago an operation was performed and for a time it was thought that the trouble had been overcome. Shortly after the foot had healed and when Mrs. Butler was again able to walk it was discovered that the usual intense pain had still to be endured. Up until the present time it was very painful for her to walk and a consultation with the above named gentlemen resulted in the performing of another operation. The leg was cut off just below the knee. At present she is doing as well as could be expected and her friends sincerely hope that she will recover from her affliction.

The Mendelssohn Glee society gave a very successful concert in Vandling on Tuesday evening.

B. W. Blakeslee is unable to return to Philadelphia on account of sickness.

The poles for the electric light wires are being placed in position throughout the borough.

An eisteddfod was held in Utica, N. Y., on New Year's day under the auspices of the Cymreigyddion society of that place. The Sons of Cambria entered on two of the competitive selections and were successful in winning one of them enfitled, "Come to the Mountains." Mr. Thomas O. Jones was the leader of the glee club.

MARKETS AND STOCKS

Wall Street Review.

New York, Jan. 8.—There were brief spurts of activity at the Stock Exchange today, but they were confined to a few shares and, generally speaking, was dull. There was a gain in absence of news calculated to either advance or depress prices. Sugar rose 1¾ points, but ran off again to 111¼ and closed with a net gain of only ¾ per cent. for the day. The Grangers, Chicago Gas, the coalers and Louisville and Nashville moved irregularly throughout the session, although the fluctuations were by no means important and speculation closed barely steady in tone. Net changes were slight either way. Total sales were 149,000 shares.
