CARBONDALE.

BATTLE ROYAL.

Interest Manifested in the

Primary Ficcions. That local politics are of more interest to the ordinary voter was planny demonstrated Saturday, The Democratic primary election was a hot one The offices to be filled are not high ones but the different men in the field put forth all their strength which, of course, resulted in a big vote. The principal skirmish was that of W. J. McDonough and Thomas Boylan, who each want to be school director from the Third and Fourth wards.

The second ward fight was between Fire Chief P. F. Moffitt and J. W. Kilpatrick, who both sought the nomin ation for the poor directorship. The chief received much assistance from the firemen. The convention of the delegates promises to be an interesting

ITCHING PILES AND OTHER RECTAL TROUBLES EASILY CURED BY A NEW AND SAFE METHOD.

A Remarkable Number of Cures Made by the Pyramid Pile Cure.

About one person in every four suf-fers from some form of rectal disease. The most common and annoying is itching piles, indicated by warmth, slight moisture and intense, uncontrollable

itching in the parts affected.

The usual treatment has been some simple ointment or salve which sometimes give temporary relief, but noth-ing like a permanent cure can be expected from such superficial treatment. The only permanent cure for itching piles yet discovered is the Pyramid Pile Cure, not only for itching piles, for every other form of piles, blind, bleeding or protruding. The first ap-plication gives instant relief and the continued use for a short time causes a permanent removal of the tumors or the small parasites which cause the intense itching and discomfort of itch-

Many physicians for a long time supposed that the remarkable relief afforded by the Pyramid Pile Cure was because it was supposed to contain cocaine, opium or similer drugs, but such is not the case. A recent careful analysis of the remedy showed it to be absolutely free from any cocaine, opium, or in fact any poisonous, injurious drugs whatever.

For this reason the Pyramid Pile Cure is probably the only pile cure extensively recommended by physicians, because it is so safe, so prompt in the relief afforded and so far as known the only positive cure for piles except a Many physicians for a long time sup-

JERMYN MAYFIELD

The action of the Jermyn council on Friday evening last in relation to bicycle riding on the sidewalks, speeding horses within the borough limits; the preventing of obstructions on the streets, playing ball on Sunday, and

numerous other offenses, is very commendable. It is not an unusual sight to see bicyclists speeding on our walks, forcing pedestrians to step out in the gutter, and fast driving is a very familiar sight. Another great nuisance is placing obstructions in the street. It does not denote a very prosperous borough. when people throw ashes, sticks, tin cans, etc., on the thoroughfare, and Jermyn citizens are too wide awake, and energetic to allow such a thing for very long. The greatest annoyance is in playing ball on Sunday. In the base ball season this is a weekly occurence. The advance which this

town is making is noticeable. The local institute met in the school Saturday morning. The following was the programme: Paper on "Life of Pestalozzi," by M. Mulherin; paper on principles of Pestabozzi teachings by Emma Roberts; paper on questions of Pestalozzi by Sadle Buchanan; paper on training the perceptine powers by Mary Shields. Professor Boyard and Miss Birs also made short addresses The following young people, of Car-

Her from the Sting of the Cobra. The following remarkable occurrence an abosiute fact, is related by a lady visiting friends in Hartford as it was told her by her cousin in Meerat, Northwestern India. It took place in the house of the sister of the narrator. Of its absolute accuracy there can be no question. The two sisters in India are connected with families of repute and with officers in the British army in India. We give the story as the lady here related it. She is a devout member of the Episcopal church, and is incapable of misrepresenting in the

slightest particular. Her cousin, in whose house the occurrence took place, was se-ted at a lighted table engaged in reading, when, thinking it about time to retire, and happening to lift her eyes from her book, she was astonished to see seated in a chair before her, and between herself and the door to the bath room a man, a stranger to her, who calmly regarded her. It was too great a surprise for her to speak and demand who was thus intruding unbidden upon her privacy, and what was wanted. She remained for a moment in silent astonishment.

Then it gradually dawned upon her that the figure was probably not that of a person or real flesh and blood, but a visitor from the unseen world of She remembered having once, as a child, seen a similar figure, under circumstances which seemed to preclude the idea that it was any person still in the oody, and in later years, in revolving those circumstances, she had remembered how the apparition had after a little while faded away into invisibility. Concluding that this new visitor also was not a person of flesh and blood, she sat silently gazing at the silent object, while the intruder, whoever or whatever he was, sat also in silence, steadily regarding her. Just how long this state of things lasted the lady did not accurately know, but it was probably not very long when the mysterious stranger began to vanish into a thinner and thinner personal presence, until in a moment or two he had vanished quite away.

It was the lady's hour for her evening bath, but she thought she would first let out her two pet dogs from their confinement in another room. came barking furiously and running directly toward the bath room. There, through the open door, the lady was horrified to see on the floor a mon-strous cobra-the snake whose bite is certain and speedy death. Springing forward to save her dogs, she quickly shut the door, but not so instantaneously as to prevent her seeing the reptile turning and escaping down through a hole in the floor, where the drain pipes of bathtub and washbowel went, a hole which had been carelessly left larger than was necessary.

If she had gone directly to the bath room, as she would have done but for the intervention of her mysterious visitant, her life would undoubtedly have been sacrificed in the act.

Stomach, sometimes called waterbrash. and burning pain, distress, nausea, dyspepsia, are cured by Hood's Sarsaparilla. This it accomplishes because with its wonderful power as a blood puritier, Hood's Sarsaparilla gently tones and strengthens the stomach and digestive organs, invigorates the liver, sleep, and raises the health tone. In cases of dyspepsia and indigestion it seems to have a magic touch?

"For over 12 years I suffered from sour Stomach

with severe pains across my shoulders, and great distress. I had violent nausea which would leave me very weak and faint, difficult to get my breath. These spells came oftener and more severe. I would make an excellent auditor, if did not receive any lasting benefit from physicians, but found such happy effects from a trial of Hood's Sarsaparilla, that I took several bottles and mean to always keep it in the house. I am now able to do all my own work, which for six years I have been unable to do. My husband retary, Gomer Davis; treasurer, Evan and son have also been greatly benefited by Hood's Sarsaparilla - for pains in the back, and after the grip. I gladly recommend this grand blood medicine."

We Lead the March

And All the Fashionable Ladies Fall in Line.

We make no clearance sale announce-ments in order to get rid of a lot of unde-sirable stock. It seems somewhat strange that so many of our neighbor merchants come out with flaming announcements of remarkable reductions in all their line of goods about this season of the year. Do you not think those clearance sales some-what deceptive? Not that our merchants would do it intentionally, but they are simply resorting to a custom that has become popular and catches the eye. We have an extraordinary advantage in that we at all times sell our goods at the lowest possible figures, and as a result com-mand a big trade, winter, summer, spring and autumn, dull seasons and brisk seasons. The immense business that we do enables us to sell the newest articles in the market. We do not wait until an article is shop-worn before we reduce our
