WILL JOIN FORCES.

The Summer Avenue Presbyterian Church and the Taylor Church Will Be Amalgamated.

At a meeting held last night after the regular service at the Sumner Avenue Presbyterian church between represen tatives from that church and the First Congregational church at Taylor, it was decided to unite the two churches under one minister. The congregations are not large and there seems no present hope of life if both churches continue separately. This matter of amalgamation has been discussed for many months past.

Rev. John Griffiths was for a few years the paster of the Sumner Avenue church, . He endeavored to put the church on a healthy footing but it seemed impossible to do so. Mr. Grif-fiths resigned from the pastorate several months ago.

The Taylor congregation meets in a small building in the Taylor cemetery ground. The Sumner avenue congregation meets in a very pretty little build ing on the avenue named. The edifice vas dedicated about four years ago The church members are enletly English speaking oftsprings of the First Weish | Trolley Car Cullides with an Engine Methodist church on this side. At the service last night, Rev. Dr. Hunter, of Morristown, Pa., preached, Mr. Hun-ter is a likely candidate for the pastorate of the united churches. Present at the service, also was P. H. Brooks, Presbyterian missionary agent of Lackawanna county. Mr. Brooks was there in the interest of the proposed amaignmatten. After the service the important meeting was held. Daniel Gregory and David Williams represents ed the Summer Avenue church, and Messrs, Cooper, Boyd and Baker were present for the Taylor church. It was decided to join forces. Before this is done the Sumner Avenue church will listen to candidates for the pastorate of both churches. Several weeks will elapse before a decision will be attempt-The way the two churches will be fed by the one pastor will be alternately. Services will be held at the Taylor church in the morning and in the evening at the Sumner Avenue church, or vice versa.

Three women and an Arabian peddler were injured, but not seriously.

The car was descending the grade on Mattes street. Motorman Miller saw the approaching train and applied the brakes, then changed his mind and attempted to make the crossing. statement to the contrary.

The bullet which last Thanksgiving lay was lodged in the shoulder of William Widener, and which was loeated by an X-ray picture taken a week ago yesterday, was extracted Saturday afternoon in the home of Mr. Widener, in the rear of 540 Washington avenue. Prior to the location of the bullet by the X-ray picture, which was taken by Dr. Longstreet and Mr. Hummler, the spot where the bullet was imbedded was a matter of conjecture, but Saturday afternoon, when Dr. Longstreet, in the presence of Dr. Allen and Dr. O'Malley, prepared to extract the bullet, it was with the utmost certainty of reaching the object that he made a vertical cut, midway between the neck and the left arm pit. at the point where the photograph indicated that the bullet was. With but little difficulty the piece

of lead was reached. It was imbedded about one and one-half inches from the skin, and when brought to view proved of 32-calibre, and but slightly battered. It is quite certain that Mr. Widener will now regain the use of his left arm, which was paralyzed by the bullet. The securing of the piece of lead with so little difficulty was the last development of what has proven a highly successful and interesting application of the Reentgen ray in aid of surgery.
