Mothers

Anxiously watch declining health of their daughters. So many are cut off by consumption in early years that there is real cause for anxiety. In the early stages, when not beyond the reach of medicine, Hood's Sarsaparilla will restore the quality and quantity of the blood and thus give good health. Read the following letter:

"It is but just to write about my daughter Cora, aged 19. She was completely run down, declining, had that tired feeling, and friends said she would not live over three months. She had a bad

Cough

and nothing seemed to do her any good. I happened to read about Hood's Sarsaparilla and had her give it a trial. From the very first dose she began to get better. After taking a few bottles she was completely cured and her health has been the best ever since." Mrs. ADDIE PECK, 12 Railroad Place, Amsterdam, N. Y.

IMPORTANT TO SUFFERERS.

HOW YOU MAY OBTAIN A LASTING CURE FOR PILES.

No Surgical Operation, No Pain, Trifling Expense—A Simple, Harmless Remedy, but it Does the Work.

There are some people who have piles as frequently and regularly as other people have colds.

Angled bowels trouble will bring them on, an extra exertion, as in lifting, will produce them, and in fact will often appear without any apparent provocation. Piles, however, are much more serious than a cold, as the tendency is always to grow worse under the trouble becomes deep seated and chronic, or develops into some fatal recital disease.

While there are many pile remedies which give relief, yet there is but one which not only gives instant relief but at the same time makes a permanent cure, and that is the well known Pyramid Pile Cure.

This remedy is composed of simple, harmless, vegetable ingredients, but combined so effectively and act so promptly and thoroughly that it cures every form of piles, whether itching, blind, bleeding or protruding.

In long standing cases the Pyramid Pile Cure has proven to be the only certain cure except a surgical operation, and its advantages over an operation are many, as it is painless, causes no delay, no interference with daily occupation and last but not least, it is cheaper than any surgical operation could possibly be, costing but a dollar.

The cases that the Pyramid Pile Cure will not reach are so few that physicians are doing away with operations for piles, and depending on this cheap but effective remedy to accomplish a complete cure, and it never disappoints except in cases beyond the reach of medical skill.

The Pyramid Pile Cure is prepared by the Pyramid Drug Co. of Albion, Mich., and for sale by druggists everywhere at 50 cents per package. Each package contains a treatise on the cause and cure of piles, together with testimonials from every section of this country.

SACRED CONFIDENCE.

NO WOMAN'S LETTER PUBLISHED EXCEPT BY REQUEST.

Mrs. Pinkham's Tender Relations With the Suffering of Her Sex—Women Who Cannot Hide Their Happiness.

There is a class of women who, from their own experience, sympathize with their suffering sisters, and in order that such suffering may be lessened, not only put aside false modesty and in heartfelt gratitude publish to the world what every woman should know.

Mrs. W. L. Elliott, Liscomb, Iowa, is one of those women; and has requested us to publish the facts in her case, otherwise it would not be done, as all such evidence is treated in sacred confidence, unless publication is requested by the writer.

She says to Mrs. Pinkham:—"I wish you would publish the circumstances of my case, in order that other women may be benefited by my experience."

"I doctored nearly all the time for two years. I spent several hundred dollars without receiving much benefit. Last June I wrote to you and described all my aches and pains. Such a long list as there was: headache, backache, bearing-down pains, terrible nervousness, constipation, dizziness, feeling of extreme lassitude, irregularity and nausea; but you answered my letter and told me just what to do. I followed your advice."

"After taking eight bottles of the Vegetable Compound and three bottles of Blood Purifier, I am glad to write you that I have not enjoyed such good health for years, and I am able to do all my own work. I can surely sound the praises of Lydia E. Pinkham's Vegetable Compound, and a number of my friends are taking it upon my recommendation."—Mrs. W. L. ELLIOTT, Liscomb, Iowa.

prospects of his election are bright. A more competent man to take charge of the affairs of the borough could not be selected from the number of candidates for the office.

There is being considerable talk of annexing the Pine and Archbold to this borough and a meeting of the board of trade will be called during the next week to discuss the advisability of the project.
