A Number of Unique Bills Introduced at Harrisburg.

BILL TO MAKE VOTING COMPULSORY

Seyfert's Efforts to Abolish Poisonous Pets Are Not Recognized--Mr. Underwood, of Wayne, Is After the Anonymous Letter Writer--A Bill Concerning the Weight of Oats.

Harrisburg, Pa., Feb. 9.—The senate was called to order at 1.20 this morning by President Pro Tem McCarroll. The early part of the session was taken up by the reading of petitions praying for the passage of laws relating to the share of a widow in the estate of her husband who dies intestate; providing for the closing of saloons on Memorial day; and making it a misdemeanor for any person to tear down or mutilate the American flag on any public or private building.

The following bills were read in place:

By Mr. Vaughn—Making an appropriation of \$50,000 for the construction of a wing of the insane building at the Hillside Home, of the Scranton poor district.

By Mr. Gohin—Appropriating \$60,000 for the preservation and maintenance of the redoubts and entrenchments of the lands taken by the state known as Valley Forge.

By Mr. Cochran—Making an appropriation of \$15,000 to the Williamsport Home for the Friendless.

By Mr. Thomas—To provide for the appointment of jury commissioners for the several courts in cities of the first class.

By Mr. Andrews—An act making voting compulsory upon every qualified voter at each and every general election. Judges of elections are required to prepare a correct list of all voters who have failed to vote, the list to be transmitted to the clerks of courts and persons failing to vote are to show cause why a fine should not be imposed upon them. Sickness or absence from the city is held a valid excuse for not voting. The fine is fixed at \$5 and costs, and the property of the offender to the amount of \$100 is to be exempt. The fines collected shall go to the public school fund.

By Mr. Brown—An act amendatory of the Baker law after the Australian system. All nominees are put in groups, according to the office and not the party. The party desiring to put opposite the name of each candidate.

By Mr. Losh—An act creating a board of gas, electric light and water commissioners, and defining their powers and duties. The board to consist of three members, to be appointed by the governor, who shall hold office for five years. One of the board to be a member of the minority party. The annual salary of the chairman is to be \$5,000, and of the other commissioners \$4,000. The board may expend a sum not exceeding \$50,000 in the performance of its work.

In executive session these notaries public were confirmed—Mildred E. McGregor, Pittsburg; R. Louis Gramble, Scranton; Uriah Reed, Jersey Shore; M. Walter Miller, Benjamin Henshaw, Charles A. Coll, Pemberton S. Betts, Philadelphia.

TALK ON THE THOMAS RESOLUTION.

President McCarroll, calling Mr. Grady to the chair, arose to a question of personal privilege, in which he referred at considerable length to the Thomas resolution criticizing the Harrisburg fire department. He thought the consideration and passage of that resolution during his absence ill timed. He had explained to Mr. Gohin the cause of his failure to be in his seat in the senate. He said that criticism of his absence in the newspaper was uncalled for. To the volunteer firemen he paid a glowing tribute, taking as proof of their efficiency the small loss by fire in previous years. The recent fire in Philadelphia was touched upon in sarcastic vein and its failure to heat its electric cars came in for a share of the Dauphin senator's irony.

By Mr. Thomas—An act amendatory of the Baker law after the Australian system. All nominees are put in groups, according to the office and not the party. The party desiring to put opposite the name of each candidate.

SERIOUS LABOR RIOTS AT HAMBURG

Result of Dissatisfaction Among the Dock Men.

POLICE BATTLE WITH THE MOB

Hundreds of Vicious Officers Assist the Strikers--The Officers Are Worsted in the First Encounter, but Succeeded in Preserving Order.

Hamburg, Feb. 9.—Ever since the decision of a majority of the men who took part in the great strike here by dock laborers and others employed in the shipping trade to return to work, the has been a constant dissatisfaction among the men. The defeat of the strikers was due mainly to lack of funds, and they felt very bitter that they were compelled to return to work without having in the least benefited their condition. Tonight the bad feeling among the men culminated in a bitter fight between a large number of the men who had been on strike and the police, who for several days past have been participating in the use of mild means, but these proving unavailing, sabres were drawn and orders given to charge the mob. Some of the rioters were armed with revolvers, while others had bludgeons and stones. They held their children being murdered at our doors and children being murdered at our doors.

BOLD TRAIN ROBBERY.

A Bandit Secures Registered Mail Packages from the Cars After His Companion Had Been Killed.

Kingman, Ariz., Feb. 9.—About 8.30 o'clock last evening two robbers attempted to hold up the west-bound passenger train on the Santa Fe line, six miles east of here. After stopping the train they made the fireman get off the engine and uncouple the express and mail cars. Messenger Sellers, thinking that something was wrong, told his assistant to get off the car on one side with a shot gun while he got off on the other side with a revolver. One of the robbers was standing near the engine, and the messenger fired at him at short range. The robber fell dead. The other robber then compelled the fireman to get on the engine again and run the engine and express and mail cars up the road, where it was stopped and the robber made an unsuccessful attempt to get into the express car. The mail car was entered and several registered packages taken. The robber disappeared in the darkness. The dead robber was not identified. Officers have gone from Kingman with Indian trailers. The amount of money secured is unknown.

Hart, of the Chicago ball club announcing that a team of Australian baseball players will sail from Sydney by the March boat to San Francisco, and that Manager Henry Musgrove, who successfully managed the Australian cricketers on their trip around the globe last year, is expected to accompany them. MASON TO CHAMPION CUBA.

The Senator-Elect Says Spanish Cruelties Have Made Him Sick.

Chicago, Feb. 9.—Senator-elect William E. Mason was the guest at a reception last night at the Menoken club, of which he is a member. In his speech he said:

I have disagreed with people sometimes, but what I am going to say now is a question of patriotism, not politics. I was in the Supreme court on Monday when the attorney general sought to advance the interests of the Cuban who wanted to go to their own country. And if I get in any trouble it will be on this score. I have read how the Spaniards are killing women and children. Do you know how boys are shot every day? I tell you I am sick and tired of men and women being murdered at our doors and children being murdered at our doors.

ELECTION MAY CAUSE BLOODSHED.

Factions in Arkansas Arming and Trouble is Feared.

Little Rock, Feb. 9.—Democrats and Populists each had a candidate for sheriff in Lawrence county, this state. Childers, the Democrat, was chosen and elected by a small majority. Stewart, the Populist, charged fraud.

Election commissioners discovered an error and gave the election to Stewart, county Judge Townsend, a Democrat, held that the vote in several districts was irregular, and he threw it out and confirmed the election of Childers. Populists and Prohibitionists on one side, and the Childers faction on the other, are arming, and there is fear bloodshed will result.

CASTIGATION FOR A JURY.

Refused to Indict Alleged Defaulting County Treasurer.

Geneseo, N. Y., Feb. 9.—The grand jury of Livingston county went yesterday after a session of a week, returning nine indictments. They refused to find an indictment against James B. Hampton, the alleged defaulting county treasurer.

Judge Werner, who presided in discharging the jury, told them they were a "stench to the nostrils of the people of the county." He ordered the district attorney to present the Hampton case to next grand jury, and took a list of the members of the present jury. His address to the grand jury was the most scathing ever delivered to any jury in this county.

CORPSE IN A PATROL BOX.

The Strange Death of Police Officer John Harrison.

Pittsburg, Pa., Feb. 9.—Police Officer John Harrison was found dead at 5.25 o'clock this morning, standing in the patrol box at the corner of Ninth street and Liberty avenue, by Police Lieutenant Crossin. Harrison had reported to the central police station by telephone at 4.30 o'clock. When Lieutenant Crossin opened the patrol box door, Harrison's body was against him. He held the telephone receiver in his death grasp.

The cause of his death was due probably to an electric shock or heart failure.

MEN OF PROMINENCE.

THEODORE A. HAVEMEYER, The New York Sugar King.

Theodore A. Havemeyer is an interesting individual quite apart from the fact that he is worth something between \$10,000,000 and \$20,000,000. He is the grandson of the Havemeyer who founded the great sugar industry which he and his brother have inherited. Although an American, Mr. Havemeyer is really more a foreigner than he is a Yankee. He has lived most of his years abroad and was decorated by the Austrian emperor with the Order of Leopold. For twenty-five years he was consular general of Vienna. The emperor tendered him the place during a visit of Mr. Havemeyer to the Austrian capital. At that time sugar affairs were pressing the Havemeyers, but the emperor was so importunate that Mr. Havemeyer consented to accept the office. In agreeing to take the title conferred upon him with his decoration—the title of an Austrian

VICTIMS OF THE STORM.

Men Wounded on the United States War Ships Are Receiving Treatment at Marine Hospital, Charleston.

Charleston, S. C., Feb. 9.—This morning a big canvas schooner from the United States cruiser Marblehead, which is lying a few hundred feet off the Southern wharf. The gig was in charge of Passed Assistant Surgeon Wentworth. All efforts made by newspaper correspondents to board the warships off Charleston bar today were futile. The Fern came up to the city for mail and provisions. The Columbia, which is furthest out, is from sixteen to eighteen miles from the city. Early this morning some signalling was done from the flagship New York, and the ships began to move from the north to the south of the harbor. The Dolphin was nowhere in evidence today and it is believed that she has sailed south, possibly to relieve the Newark at the mouth of the St. Johns river. The battleships Indiana and Massachusetts are expected to arrive tomorrow morning.

The Vesuvius has been ordered away from League Island, and it is thought she will come down the coast after all the big warships are in position and try to run into the harbor undetected.

Efforts to get some detailed statement of the injuries done by the storm to the ships are thus far unavailing. The Marblehead when up to the city gave little evidence of injury. Her superstructure was battered somewhat, but she looked little the worse for the wear.

All Available Vessels Will Be Put Into Commission at Once.

London, Feb. 9.—In the house of commons today Mr. George N. Curzon, under foreign secretary, said that nothing had been heard by the government of the formation of a provisional government in Crete. In yesterday's police court O'Hara, who was drunk when arrested, said the three other prisoners had not waylaid him. His cries, he said, were caused by his drunken condition. O'Hara gave his occupation as that of a foreman. He was fined \$5.
