ADDRESS ON THE MONETARY ISSUE

Silver Republicans of House and Senate Publish a Manifesto.

WANT TO EFFECT AN ORGANIZATION

Friends of Silver Everywhere Are Urged to Communicate with Chairman Towne at Washington, with a View of Taking Action Towards National Organization -- Prominent Silverites Connected With the Movement.

Washington, Feb, 23 .- The following address was issued this afternoon by the sliver Republicans of the senate and house:

An address: To the silver Republi-An address: To the silver report cans of the United States: There could not be a better illustration of the great law by which in free governments, the rise, progress and decline of parties are determined, than that afforded by recent and present political developments in the United States. Political parties are practical instruments for executing the will of the people in respect to principles and policies of government. They, therefore, should represent and respond to public opinion in its atti-tude toward the problems which the experience of the nation from time to time brings forward for solution. It is not parties that make issues, but it is issues that make parties. For years events have been forcing

upon the country, with ever increasing definiteness and emphasis, the necessity of reform in our monetary system, as respects both the coinage of metallic money and the regulation and control of credit currency. Under stress of ex-perionce and consequent investigation perionce and consequent investigation opinions have been gradually crystal-izing. In this process the line of cleav-age has paid little regard to previous-ly existing party declarations; and to-day the most careless observer cannot fail to see that the genius of the nation is approaching a settlement of this momentous controversy through the assence of molifical instruments now beagency of political instruments now being fashioned to its hand.

ACTION OF SILVER REPUBLICANS In the history of these formative events, the so-called silver Republicans have taken an important part and dis-charged a necessary function. In do-ing so they have not surrendered their convictions on certain other great prin-ciples of political economy and goveriment, but hey realize that those principles are not capable of successful application under present anonetary conditions. They believe, therefore, that the adequate treatment of all other issues must await the correct decision of the dominant one this pre-sented. In this spirit they co-oper-ated with the organized forces of bi-metallism in the last campaiga. Every consideration of patriotism and ex-pediency seem to counsel a continua-tion of that policy. Silver Republicans belove themselves to be in harmony with the original spirit of the old Republican party, and they claim a prop-erty in its great names and glorious traditions justified by the splendid services and sanctified by the sacred memories of the time when that party embodied the aspirations and spoke the purposes of the great masses of the American people. That party was born in answer to a cry for a champion of liberty. Its carly words were words of comfort and assurance to the op-pressed. Its great deeds by which it will hereafter live in history were deeds of patriotism. Its policies professed above all things to hold dear the safety above all things to have tecan people as and welfare of the American people as against the rest of the world. ver Republicans cannot forget that his-

whose precept, placing duty to country Mother above and beyond all party obligations, is a deathiess watchword of political Hborty.

### Lilionkalani Makes a Statement Through Capt. Patmer.

Washington, Feb. 23.-Captain Julius A. Palmer, at present acting secre tary to the ex-queen of Hawall, has furnished the following statement:

Lilluokalani did not ask for specific appointment with the president; hav-ing simply advised him of her arrival ing simply advised him of her arrival and wish to call, she was officially in-vited by Mr. Cleveland within an hour of the receipt of her note. Her call upon Mrs. Cleveland was voluntarily arranged by that lady without the least hint from any one representing Liliuokalani. No other communication of any kind or nature has ever passed between the Hawnian party and the executive office; all statements to the contrary are absolutely false. Her neglect to visit the capitol was caused neglect to visit the capitol was caused by a severe cold which detained her at her apartments two weeks, at the close of which executive sessions on the ar-bitration treaty excluded all visitors. She has received from several sources intelligence, conveyed to her in her own language, that a plot has been made to assasshate her while here, because she is the greatest obstacle to annexa-tion. She knows as intimate friends the persons from whom the warnings come, nor is she ignorant of the names of those to whom the work was assigned, but will not mention these. But her removal from one hotel to another was occasioned by the prior engage-ment of the apartments at the Shore-bam for inauguration week, and from this cause only

While appreciating the solicitude of ber friends, she has not the least fear and twice since the warning was re-ceived has driven about the city in an open chirtlage, has occupied a pew in church and a box at the theater. She has never given to the press any an-nouncement of the object of her visit, her plans while here, the length of her stay. Nor has she declared any opinon as to her present relation to the ex-isting government at Honolulu, or to

he alleged annexation commission of on its way to Washington. Lilluokalani will give another public reception on Thursday afternoon, from 3 to 5. Grand Chamberlain Palmer toa to a. Grand Chambertain Planner to-night gave out this information. He said his "Gracious lady" will be "at home" on the day mentioned, and will be glad to see all of Washington's peo-ple if they desire to call. The word was given to the superintendent of the Colum dust this affermation in parts the Calro flats this afternoon to invite the ladies of the various apartments in to see the "Royal lady" from the Hawallan islands, and from present indica-tions there will be a crush. At first the invitation was extended to "Ladies of the House," but hater it was thought best that it be made general. At the reception given two weeks ago the peo-ple pushed and jammed to get in the Shoreham, and then they were not allowed to see the royal lady because they were not invited.

They be-lieve that the duty of the hour demands that they maintain their identity and perfect their organization. QUESTION OF PARTY POLICY.

Circumstances have sometimes in the past thrust upon the undersigned re-sponsibilities on behalf of silver Republicans, which, in the absence of formal organization, we have felt warranted in assuming. Recently, moreover, we have been receiving a vast number of anxious inquiries from various parts of the country upon the question of party policy and requesting us to give some definite direction thereto. These communications exhibit a surprising and gratifying unanimity in sentiment and plan. Responding to these questions and suggestions, and at the same time expressing our own deliberate opinion, we urge upon the silver Republicans of the United States, and upon all citi-zens, of whatsoever party association, who are willing to co-operate with us in political action until the great mon etary issue is settled and settled right. that immediate steps be taken to perfect organization in the various states and territories, to the end that therefter a national convention may be eld for the purpose of making an aumade in the Indian bill. thoritative pronouncement to the coun-try and effecting a national organizaunexpectedly into an interesting and tion.
