AN ELEPHANT ON THE MAYOR'S HANDS

He Asked for It in His Inaugural Address.

CENTRAL LABOR UNION'S PETITION

Mayor Said One Year Ago That the Traction Company Should Reduce Its Fares .- Now the Union Wants His Honor to Stand by His Former Position -- Mayor Will Send a Communication to Councils About It.

Five thousand persons, the majority being of the laboring class, have petitioned Mayor Bailey to induce the Scranton Traction company to reduce its fare to 3 cents during the "rush" of iours of morning and night.

It all comes from a paragraph contained in the mayor's inaugural message last spring when he intimated that in return for valuable privileges

with reason be asked to concede a re luced fare. As a result there was delivered to Mayor Bailey yesterday the petition weighing eight pounds and which if unrolled would reach two and onehaif times the length of the city hall's corridor, J. P. Emrick, Stephen B. Pfice, and E. E. Knarm, the committee renresenting the Central Labor union and who waited upon his honor, are authority for the statement that the bulky roll contains 5,000 names. The petition read as follows:

THE PETITION.

To the Hon. James G. Bailey, Mayor of the City of Scranton: Your petitioners, the Central Labor union of the city of Scranton and vicin-ity, beg to submit the following signaures of citizens and taxpayers of said ity, requesting that you (in accordance with a suggestion made in your inaugural ddress) present this, our petition, to the officers and stockholders of the Scranton Fraction company, asking for a 3-cent fare for the laboring classes between the hours of 5 and 8 a. m. and 4 and 8 p. m. Hoping that this petition of signatures meets with your approval and that you will give it your immediate attention, we remain

Respectfully yours,
Central Labor Union,
Philip J. Thomas, President,
Attest: Myles J. K. Levy, Secretary.

The particular paragraph referred to n Mayor Bailey's inaugural paper and read before the joint meeting of coundis April 6 of last year, was as fol-

The Street Railway Service: Valuable franchises have been granted by you and those who received them should make proper concessions to the citizens of A sufficient number of cars during the rush hours of the day, a running schedule which will give the travelemployes from inclement weather and a reduction in fares are some of the conessions which may reasonably be asked from the Traction company.

WHAT THE MAYOR WILL DO. The mayor will not negotiate with the Traction officials as that is out of his province and he so considers it. He will, however, address a communication to councils tonight on the matter and suggest that the company be asked to sell workingmen's commutation tickets for use during the hours mentioned

in the petition. To a Tribune reporter Mayor Bailey said that the company could not in justice be asked to reduce its fare 40 per cent. even during "rush" hours; he was of the opinion, though, that the company was bound to recognize the merit of the petition and acquiesce in it, to the extent of issuing commutation tickets, especially in view of the favors extended by the city in the past.

SCHOOL BOARD WANTS MONEY.

State Appropriation When Received Will Be Long Overdue.

School Controllers Wormser, Barber and Jennings, the special committee ap-pointed to arrange for securing a loan to take the place of the overdue state appropriation for city schools began yesterday their work of arriving at the amount necessary. The appropriation should have been received early this month, but has been lacking owing to the loss of records and the confusion in consequence of the recent fire at the state capitol.

Last year the city received \$82,413, and about the same amount was ex-pected this fiscal year ending July 1. Thus far only \$30,000 has been drawn leaving about \$50,000 to be borrowed to tide the board over. The committee was engaged yesterday in going over the figures before soliciting the loan. It will be procured from local banking institutions, but which particular ones is a matter that has not yet been decided upon.

OFFICES THAT WILL BE FILLED

Each Branch of Council Will Elect a President, the Common Will Elect a Clerk and in Joint Sessions the Councils Will Elect a City Clerk, Some of the Caddidates.

Even this early there is considerable speculation as to the result of the annual re-organization of councils which will take place the first Monday in April. The Democrats have a majority of one vote on joint ballot but that by no means assures them a complete victory if the reports of their factional strife and disagreements are true. Select council has a Republican majority of one vote and the common branch a Democratic majority of two

votes. On joint ballot that would give

the latter party a choice majority. In the select branch there has developed no differences in the Republican have the present turnpike condemned. wing and with it will probably have no In that case it would become county difficulty in electing its caucus nomi-Mr. Durr, of the Eighth ward, and W. J. Thomas, of the Fourth, have been mentioned as candidates under the impression that President Sanderson will decline a re-nomination. Mr. Durr has said he would not accept the nonor and Mr. Thomas has given no positive indication that he would do so Both are ardent workers in the interes of their respective wards and would refer to remain on the floor.

MR. LANSING MENTIONED.

Since his advent in councils Mr. Lansing, the Republican member from the Seventeenth, has by his broad business insight, non-partisanship, talent and modesty won the respect and esteem of all his fellow members. That he will eventually be the Republican nominee was assured a Tribune reporter at the city bull yesterday by a gentleman well versed in city affairs If he is nominated it is not certain that the Democrats will present a candidate; if they do, it is not improbable that Thomas J. Coyne, the young member from the Twentieth, will be the man. The nomination would, however, be only in the nature of a compliment drew, Blennie Sweeney, Mattle Hart, and in recognition of his personal worth.

> In common council matters are in a chaotic state and it is difficult to get a line on the final outcome. President Grier, of the Third, is a candidate for re-election and ex-President Nealis, of the Fourteenth, is looked upon as the caucus nominee. The Republicans are in the dark as to the result of the Democratic split and are undecided whether or not they will name a can-

> Captain Moir, of the Ninth, who is an ex-president, would be the most probable Republican nominee. Who the Democrats would name for city solicitor is a question. Either ex-Cit Solicitor I. H. Burns, Cornelius Comeys or D. J. Reedy might be a candidate. Ex-Senator McDonald has been mentioned, also. City Solicitor Torres has given such an excellent and business-like administration of the office of solicitor that there is good reason to suppose that he will succeed himself. City Clerk Lavelle is another man who

> There is no likelihood that City Engineer Phillips will be deposed. His knowledge of the requirements of his office is so complete that only a few of the most rabid Democrats would risk an attempt to put in his place an engineer inexperienced in city work. Henry Hatton, Republican, the pres ent incumbent, and ex-clerk John Mahon, a Democrat, are candidates for the common council clerkship. If history repeats itself there will be other aspirants for the position, but at the hour of reorganization it will probably be found that Mr. Hatton and Mahon will be the only ones in the field.

CARRIER BOYS STOLE MILK.

Even the Home of the Chief-of-Police Did Not Escape.

Three mischievious carrier boys ran afoul of Chief of Police Robling about daylight vesterday morning and were held at the central police station until their parents were summoned and procured their release. The lads had been hypothecating bottles of milk along their routes and had tapped the chief's back porch on several occas-ions and were ignorant of the identity of the occupant of the house. Chief Robling's residence is situated

at the corner of Gibson street and Lee court and for several mornings he had

arisen too late to detect the identity of the milk stealers. Yesterday when he arose the milk bottle had disappeared, but there were fresh tracks in the snov and these he followed until he overtook the three boys on Jefferson avenue. The lads at first denied their guilt, but finally confessed. A mock trial in po-

Petitions to have the road condemned are being circulated among the farmers and in the villages along the turnpike route, In circulating the petition an argument for signatures is to the effect that

the company has not expended for repairs an amount at all commensurate with its revenue. It is stated that semiannual dividends of 12 per cent. are paid. Two Abington township farmers called on Mayor Bailey yesterday and

related the foregoing facts during a convergation concerning the proposed new parallel road. They expressed as their opinion that the new road project might be witheld if it was indicated that success would attend the efforts to have the present turnpike condemned. property.

The farmers contend that the road would be kept in at least as good condition as now; anyhow they are willing to risk the benefits that will follow some of the legislation for good roads now under consideration at Harrisburg.
