Moran, secretary of the borough council, and Justice Bishop, treas-urer of Archbald borough, are presented. Burgess Langan's message in full is as follows:

Gentlemen of the Borough Council:— In presenting this, my first message to you, I desire to call attention to several matters which, I believe, are worthy of your careful consideration. Without in any sense finding fault with conduct of our predecessors, it seems to me that at this time especially it is important that the real condition of af-fairs should be known that we may see in what respects they may be improved and that we may act intelligently on matters that concern the welfare of our

TAX RATE IS HIGH. We have here a borough with a population of upwards of six thousand and property valued by our assessors for taxable purposes at more than half a million dollars. Our borough taxes for the year just past as well as for several previous years, have been from twelve to thirteen mills, the highest of any borough in the county. It seems to me that with this high tax rate it ought to be possible, not only to pay the current expenses of the borough, but also to do some work of a per-manent and substantial character, thus making it unnecessary to do the same work more than once. By doing this I think we could in a very short time, be able to lighten the burden of taxes that is now such a frequent cause of complaint.

WILLIAM HUNT. President of the Archbald Borough Coun-

tion of the bonded debt of the borough, As you are aware we have been collect-ing for several years past a tax averaging two mills for the payment of a debt of \$6,000, contracted ten years ago, which we agreed to pay at the rate of \$1,000 a year. Under this rate of \$1,000 a year. Under this agreement the last of our bonds should have been redeemed four years ago. As it is there are still outstanding bonds amounting to \$2,200 on

MARSHAL SHEA'S SUCCESSOR NAMED

He Is John Walters, Son of an Ex Sheriff of Luzerne County.

THE RESIGNATION OF MR. SHEA

t Was Placed in the Hands of Marshal John W. Walker, Who Is Now in the City-Detectives Michael Moran, of Carbondale, and D. P. Roche, of This City, Applicants for the Office.

The exclusive announcement of The Tribune that Deputy United States Marshai John J. Shea was about to resign was verified yesterday by Mr Shea placing his resignation in the hands of Marshal John W. Walker, of Erie, who was in the city for the joint purpose of opening and adjourning the session of United States circuit court scheduled for Monday in this city and of receiving Mr. Shea's resignation and appointing his successor. The resignation itself contains no

eason for Mr. Shea's retirement from the office. It read simply as follows: Scranton, March 1, 1897. To John W. Walker, United States Mar-

shal. Pittsburg. I hereby tender my resignation as depu-y United States marshal, to take effect March 5. Respectfully yours, John J. Shea.

To a Tribune reporter Mr. Shea gave out that the office was not sufficiently remunerative to warant him giving to it the time its duties demanded. He also says that the work is not as con-genial as could be desired by a man who wants to make friends instead of

heense that this condition of things should be allowed to continue and there should be an effort made to stop it. I am perfectly willing to assist in any reasonable plan that will restrict or destroy the unlicensed selling of intoxicants and I trust that you will also make an effort to see that the laws are enforced and that justice will be done both to the licensed dealers and to the people. The Tribune's announcement that th office of deputy marshal would soon be seeking a man caused a veritable host of candidates to spring up in both counies and no less than a dozen aspirants pesieged Marshal Walker with applica tions and long-tailed petitions. tectives Michael Moran, of Carbondale, drants in every part of the borough be inspected at short intervals under the direction of the council so that we and D. DANGER IN SODA. Serious Results Sometimes Follow Its

Excessive Use. Common soda is all right in its place and indispensable in the kitchen and for cooking and washing purposes, but it was never intended for a medicine, and people who use it as such will some

We refer to the common use of soda to relieve heartburn or sour stomach, a habit which thousands of people practice almost daily, and one which is fraught with danger; moreover the soda only gives temporary relief-and in the end the stomach trouble gets rse and worse.
