THE WESTERNER LAST NIGHT.

Given a Fine Interpretation By the McAuliffe and Greene Company.

"The Westerner," the comedy which won for Edward E. Rose his first hearing from the public, was produced at the Academy of Music last evening by the McAuliffe and Greene company before a large audience. The comedy is most entertaining and received a very fine presentation last night. Incidental to the comedy Mr. McAuliffe sang his songs which are illustrated by stereopticon pictures and there was also some clever dancing introduced.

In the afternoon "Through Russian Snows" was produced. This afternoon the company will repeat "The Westerner" and tonight "The Black Flag" will be the bill.

FURNISHINGS OF NAY AUG HOUSE.

There Is Not Enough of Money to Do Work Properly.

Only partial success crowned the effort of the foint fire department committee of councils last night to provide or the final furnishing and equipment of the new Nay Aug Engine company quarters on Franklin avenue. C. B. Scott's proposal to furnish and erect gas and electric fixtures for \$200 was

ccepted. The proposal of W. P. Connell & Sons o furnish and erect for \$1,169 all light ixtures, harness hangers, trips, gratngs, guard rails and the like, had to e rejected owing to lack of available The same was true of the bid of the Kingsbury Rubber and Supply company of this city on sliding pole

equipments. After the completion of the building groper \$1,000 was appropriated by ordinance for furnishings. About \$650 was consumed in making a contract or the heating plant. The \$200 inolved in the committee's decision last ight leaves but \$150 to purchase equipents and fixtures which will cost over \$900. As the company will have to abandon its present quarters on Spruce street March 1, some provision had to be made for purchasing the fixtures absolutely necessary in service.

To that end Chief Hickey, Chairman Durr, of the select branch committee and Chairman Noone, chairman of the common committee, were directed to purchase harness hangers and a few similar necessities.

SOME POSTOFFICE FIGURES.

Business Increases Wonderfully Despite the Hard Times.

Even with the hard times the Scranon postoffice continues to make wonlerful strides in its business, month by month. For February, the month just losed, the sales amounted to \$10,953.94, an Increase of \$1,850.22 over February of last year. A recent article, going the rounds of

the financial papers, gave as an evidence of the hard times that in nearly very one of twenty-five of the leading postoffices in the country, the business for January, 1897, was much less than in the corresponding month of the previous year. In this city such was not the case. January of this year showed an increase over January, 1896,

LETTERS FROM THE PEOPLE.

[Under this heading short letters of interest will be published when accompa-nied, for publication, by the writer's name. The Tribune will not be held responsible for opinions here expressed.

Mr. Paine Answered. Editor of The Tribune.

Sir: In reply to H. E. Palne's statement in Monday's Tribune I would like permission to trespass upon your space, Mr. Pulne said to your reporter that I had stated that the proposition of the Turnpike company relative to the wide tires was a trick of the company to cheat the public by raising the rate of toll on narrow tires and thus collect from the traveling public as much in excess on narrow tires as the rebate on wide tires. This statement is false from beginning to end and without one particle of fact for a basis, says Mr. Paine.
That is Mr. Paine's statement, not mine. I neither stated or implied that

merely stated what Mr. Paine told me last fall in regard to the ticket system. That is in doing away with tickets and collecting each single fare the company would receive a greater revenue than he himself might do if he was managing the road; but fortunately for the travelng public, Mr. Streeter will be unable to put his views into execution,

fect. Again Mr. Paine says as to the rate of toll Mr. Streeter has stated correctly the amount of tolls as charged by the company, but he has falled to state all the truth. Then, continues Mr. Paine, the law would allow them to charge 30 cents a round trip. If the law would al-low them such a charge I think the law would compel them to put the road in much better condition than it has ever

I think it would be a good plan for Mr. Paine to charge the full extent of the law-30 cents for the round trip-and I think before he got the wide tire system in operation he would wish his turnpike was in Kentucky. He also states that they only charge 16 cents, or 15 cents if the traceler makes change; also if a dol-lar ticket is purchased the buyer gets eight trips for the dollar. If we buy a ticket from the old O'Donnell place we get ten trips for the dollar, and he says if the wide tires are adopted the amount of toll will be reduced still lower to 10 cents per trip. I wonder where my state-ment is false, for he says himself the toll will be reduced to 10 cents, when it is already 10 cents with the tickets,
Where is the reduction? Now, Mr. Paine, let's shake hands, and hurrah for the proposed new free road to Chinehilla,
