March April May

The months for renewing and healing in the physical world.

The months for new life, new energy, new blood in men and women.

The months when our need of help from medicine is greater than at any other time of year.

The months when Hood's Sarsaparilla will do us the most good because we are all now especially susceptible to benefit from this medicine.

The months when Hood's Sarsaparilla is taken by the millions because they have found that it is the medicine which does them good.

The months when you should take Hood's Sarsaparilla, because it will purify, vitalize and enrich your blood, and put you in good condition to resist the debilitating effects of changeable, warmer weather. Try it now.

Satisfied With Hood's. For several years I have taken two or three bottles of Hood's Sarsaparilla every spring for eradicating the humors in the blood and for building up the system generally. My experience with Hood's Sarsaparilla has been very satisfactory. I can say, in all sincerity, that it is the best blood purifier I have ever used. I can say, in all sincerity, that it is the best blood purifier I have ever used. I can say, in all sincerity, that it is the best blood purifier I have ever used.

Builds Up the System. "I have taken Hood's Sarsaparilla for weakness with which I was a sufferer in the spring, and I have found it the best medicine to create an appetite and build up the strength that I have ever taken, and I recommend it highly." J. F. Ward, Labelle, Ohio.

Keeps the Stomach in Order. "I keep Hood's Sarsaparilla in the house all the time and regard it as the best spring medicine I can find. It has proved beneficial in keeping my stomach in order, and since I began taking it I can eat anything I wish." H. Stone, Sherborn, Mass.

Great Blood Purifier. "Hood's Sarsaparilla is our family physician and I believe it needs no recommendation. Wherever it has once been used there can be no substitute for it, as a blood purifier." Miss C. A. Elliott, Grinn
