The first meeting of the board of conrol since its recent reorganization was held last night. It was productive of we matters of importance, the anuncement by President T. J. Jennings of the new 1897 committees and the report of a special committee appointed at the last meeting to borrow money and devise ways and means for tiding the board over a financial deficit pending the arrival of the overdue appropriation from the state. Another matter interest was the reading of numerous ds for the building of the new Nos.

In selecting his committees for the iscal year of 1897 President Jennings dld not forget either Democrats or Republicans whose friendliness made his sity for it. election possible. The committees are

FROM BOARD OF HEALTH. There was read a communication from the board of health which was ordered filed and a part of its contents referred to the High school committee. The letter suggested that the board of control comply with the state act regarding vaccination and registry and recom mended that an elevator be placed in the new high school building. The reason for the latter suggestion was that the climbing of stairs was injurious to the health of the girl pupils. The meeting adjourned to meet in

Newton Center, which has gotten along for twenty years without a saloon, vigorously opposed the application of Solomon Van Sickle who seeks to establish a hotel there. Attorneys Vosburg and Akerly represented the objectors and Mr. Horn the petitioners. Sentiment, it would seem from the signature on the petition, is about evenly divided as to the desirability of the hotel, but the opponents showed that they were the more aggressive, for they were in court to give reasons for affixing their signatures to the re-

monstrance Judges Archbald and Edwards both said it would be superfluous to argue on the necessity of a hotel there as they were personally acquainted with the need of such an institution at that place, both having vainly sought, at some time or another while driving through that territory for a place to get a bite to eat and measure of oats for their horses. The qualifications of Mr. Van Sickle were taken up and most thoroughly discussed. Doctor Cooper, Mr. Koons, Mr. Blesecker, Mr. Kircher and Squire Whitlock all averred that Mr. Van Sickle was a man of intemperate habits.

Some could not positively say in answer to Mr. Horn's questions, that Mr. Van Sickle had drank anything since four years ago the 28th of December, but others swore that they had seen him drunk within the last year. Squire Whitlock went so far as to say he smelled liquor on him as late as one day tast fall when he walked alongsideo f Mr. Van Siekle on his way to get his cows. The applicant will be heard today in answer to those allegations.

STATEMENT MADE BY MR. MALONEY

Says That at the Time Mr. Dickson Made His Charge Before the Board There Was Nothing to Hold Up, Position of the Company He Represents in the Matter -- Mr. Lansing Talks to the Committee.

The new legislation and taxes committee of the board of trade held its first meeting yesterday afternoon when the charge made by A. W. Dickson at a recent meeting of the board of trade that a certain ordinance was being "held up" in council, was considered. Mr. Dickson, at the meeting, stated that a new telephone company had been organized in this city and intimated that there was an effort being made to procent councils from granting it a franchise. He deplored this as he believed opposition would be beneficial.

Mr. Dickson's remarks implied that the board should investigate and, on motion, the legislation and taxes committee was empowered to look into the matter. The meeting was held yesterday at 4.30 o'clock. Every member of the committee consisting of H. E. Paine chairman; J. F. Megargle, R. H. Pattersen, D. M. Reilly, and Fred J. Widmayer, was present. J. A. Lansing, chairman of the judiciary committee of select council, also attended the meet-

Superintendent E. J. Maloney of the Central Pennsylvania Telephone and Supply company, was present to make a statement for his company. He said that the impression the public received from the news reports of the board of trade's meeting was that the Central company was responsible for an attempt to hold up a meas ure in councils. Mr. Maloney then said
